

# Update on rates harmonisation

Changes to how your rates are calculated

On Monday 28 June 2021, Snowy Monaro Regional Council voted to support the adoption of the 2021-22 Annual Rates and Charges.

The successful vote meant that Council met the state government deadline of 1 July 2021 to set a harmonised rating structure, concluding an extended period of public consultation and debate on the subject.

Community input once again proved invaluable to the process with the rating structure ultimately adopted by Council utilising some elements of a public submission.

By adopting this model Council continued to demonstrate its commitment to community consultation and respecting the will of the people.

The rates assessment calculator can be accessed at: <https://qrco.de/newrates>
