

# **BUSINESS PAPER**

# **PUBLIC EXHIBITION COPY**

Ordinary Council Meeting 16 February 2023

# STATEMENT OF ETHICAL OBLIGATIONS

Councillors are reminded of their oath or affirmation of office made under section 233A of the Local Government Act 1993 and their obligations under the Council's code of conduct to disclose and appropriately manage conflicts of interest.

# **CONFLICTS OF INTEREST**

A conflict of interest arises when the Mayor or Council staff are influenced, or are seen to be influenced, in carrying out their duties by personal interests. Conflicts of interest can be pecuniary or non-pecuniary in nature.

A pecuniary interest is an interest that a person has in a matter because of a reasonable likelihood or expectation of a financial gain or loss.

A non-pecuniary interest can arise as a result of a private or personal interest, which does not relate to money. Examples include friendship, membership of an association or involvement or interest in an activity.

The Mayor or staff member who considers they may have a conflict of interest should read Council Policy.

The responsibility of determining whether or not the Mayor or Council employee has a pecuniary or non-pecuniary interest in a matter, is the responsibility of that individual. It is not the role of the Mayor or Chief Executive Officer, or another Council employee to determine whether or not a person may have a conflict of interest.

# COUNCIL CODE OF CONDUCT

The Council Code of Conduct is a requirement of Section 440 of the Local Government Act 1993, which requires all councils to have a code of conduct to be observed by the Mayor and Council employees attending a Council meeting or a meeting of a committee of Council.

The code of conduct sets out the responsibilities of the Mayor and Council employees attending a Council meeting or a meeting of a committee of Council. The code also sets out how complaints against a Council employee, the Mayor or Chief Executive Officer are to be made.

# COUNCIL CODE OF MEETING PRACTICE

The Council Code of Meeting Practice is a requirement of Part 2, Division 1 of the Local Government Act 1993, which requires all councils to have a code of meeting practice. The code of meeting practice is to be observed by the Mayor, members of staff, delegates of the Council and members of the public attending a Council or a meeting of a committee of Council.

# Acknowledgement of Country

Council wishes to show our respect to the First Custodians of this land the Ngarigo, Walgalu, Ngunnawal and Bidhawal people and their Ancestors past and present.

# Webcasting

Council meetings are recorded and live streamed to the internet for public viewing. By entering the Chambers during an open session of Council, you consent to your attendance and participation being recorded and streamed on Council's website <u>www.snowymonaro.nsw.gov.au</u>

REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

9.1.1 COMBATTING ANTI-SOCIAL BEHAVIOUR AND ACTIVATING SPACES - GRAFFITI MANAGEMENT GRANT ACCEPTANCE OF FUNDING

# 9.1.1 COMBATTING ANTI-SOCIAL BEHAVIOUR AND ACTIVATING SPACES - GRAFFITI MANAGEMENT GRANT ACCEPTANCE OF FUNDING

Record No: 123/47

# OFFICER'S RECOMMENDATION

That Council

- A. Accept the funding amount of \$100,000 under the NSW Government Graffiti Management grant program;
- B. Allocate \$65,000 to the 2022/23 budget and the remaining \$35,000 to the 2023/2024 budget; and
- C. Add the delivery of the combatting anti-social behaviour and activating spaces graffiti management as an activity to Council's 2022-2026 Delivery Program and 2022-2023 Operational Plan.

## ISSUES

On Monday 19 December the NSW Government advised that Council has been successful in securing \$100,000 under the Graffiti Management Grant to undertake the following activities:

- Replacement and installation of permanent speakers in Centennial Park. This initiative will help deter anti- social behaviour such as gang hang outs and bullying of other park users that is currently occurring. By reducing this behaviour, it is anticipated the vandalism of the Centennial park public toilets will also be reduced, delivering an ongoing saving to Council.
- Installation of solar street lights along the pathway between Thredbo Terrace and Munyang Street, Jindabyne. By lighting the pathway, it will be safer for pedestrians and anticipated to reduce sexual harassment behaviour especially through the winter months when patrons walk from the social centre of Jindabyne to the residential zone. This responds directly to resolution number 161/22 – Support for Jindabyne.
- Anti-graffiti coating to be applied to frequently vandalised public amenity sites to help reduce the cost of clean up to Council.

The combatting anti-social behaviour and activating spaces program delivered under the graffiti management grant aims to enhance troubled public spaces and ensure they are safe for the community while reducing the repair costs to Council by discouraging negative behaviours.

The total state-wide funding available under this program was \$900,000, of which SMRC has been allocated \$100,000.

#### **RISK ASSESSMENT**

Risk Type	Current Risk	Expected Risk	Within Accepted
Asset Management	Medium	Low	Yes
Economic Activity	Medium	Low	Yes

# REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

#### Page 4

9.1.1 COMBATTING ANTI-SOCIAL BEHAVIOUR AND ACTIVATING SPACES - GRAFFITI MANAGEMENT GRANT ACCEPTANCE OF FUNDING

Environmental Security	Low	Low	Yes
External Political Environment		Low	Yes
Financial Sustainability	Low	Low	Yes
Health and Safety	High	Low	Yes
Legislative Governance and Compliance	Medium	Low	Yes
Reputation and Image	High	Low	Yes
Service Delivery	Low	Low	Yes

Anti-social gatherings in Centennial Park have extended to the CBD of Cooma with some businesses effected. Safety concerns on frequented thorough fare in Jindabyne are high with repeat offences occurring. By accepting the funding, these sites can be made safer for all and heighten amenity which also adds to the perception of a safer community.

#### **FINANCIAL IMPACTS**

	Amount	Details
Capital Investment	\$98 000	Project management, product and installation costs
Capital Funding Source	\$100 000	Graffiti Management Grant 2022 Crime prevention and Justice

Speaker life span is five years, approximate running costs of speakers \$80 for speakers to be run 7 hours a day for a year, replacement and maintenance offset with fees and charges for private events and community use.

Solar lighting life span of 15years, approximate annual maintenance cost of \$328, based on 1 light failure per year, supported by current trends of already installed pathway solar lights.

It is anticipated that there will be significant ongoing savings to Council in reduced vandalism and graffiti.

# **RESPONSIBLE OFFICER:** Manager Infrastructure

# **OPTIONS CONSIDERED**

Not accepting the funding will result in reputational harm and continued high operating costs associated with these sites with regard graffiti and vandalism.

# **IMPLEMENTATION PLANS**

Implementation of the recommendations will be through signing of the funding agreement and adding the program to Council's 2022-2026 Delivery Program and 2023-2024 Operational Plan.

Milestone 1 - Funding Agreement Executed

Milestone 2 – Procurement Completed / 30 March 2023

9.1.1 COMBATTING ANTI-SOCIAL BEHAVIOUR AND ACTIVATING SPACES - GRAFFITI MANAGEMENT GRANT ACCEPTANCE OF FUNDING

Milestone 4 – Installation of lights completed / 30 August 2023

Milestone 5- Anti graffiti coating applied / 30 November 2023 (applied with

Collaboration with Cooma correctional services)

# ATTACHMENTS

Nil

9.1.2 REGIONAL AND LOCAL ROAD REPAIR PROGRAM ACCEPTANCE OF FUNDING

# 9.1.2 REGIONAL AND LOCAL ROAD REPAIR PROGRAM ACCEPTANCE OF FUNDING

Record No: I23/51

# OFFICER'S RECOMMENDATION

That Council

- A. Accept the funding amount of \$4,844,320 under the NSW Government Regional and Local Road Repair Program; and
- B. Allocate \$2,000,000 to the 2022/23 budget and the remaining \$2,844,320 to the 2023/24 budget.

# ISSUES

On Wednesday 1 February the NSW Government advised that Council has been successful in securing \$4,844,320 under the Regional and Local Road Repair Program.

Scope of works to be delivered under this program are as follows.

Eligible works under the program	Ineligible works under the program			
<ul> <li>Corrective Maintenance (Covered)</li> <li>Renewals (Partially Covered)</li> <li>Corrective Maintenance         <ul> <li>Patching</li> <li>Heavy Patching</li> <li>Smoothing or reshaping (unsealed roads)</li> <li>Drainage and Culverts</li> </ul> </li> <li>Renewal works that are included Rehabilitation works including:         <ul> <li>Applying a partial asphalt overlay on top of the deteriorated road surface;</li> <li>Improving the existing pavement with the addition of new material; or</li> <li>Removal of the old pavement and replacement with new pavement.</li> <li>Regrading of unsealed roads</li> </ul> </li> <li>Timing of works         <ul> <li>Implemented within 12 months of the Commencement Date of this deed; or</li> <li>Works underway on or after 1 January 2023</li> <li>All works are to be completed and open to traffic by 29 February 2024.</li> </ul> </li> </ul>	<ul> <li>Renewal works (partially not covered)</li> <li>Upgrade works</li> <li>Repairs and maintenance work to bridges</li> <li>Renewal works</li> <li>Planned or scheduled asset renewals.</li> <li>Asset renewals return the road asset to its "as-new" condition and in doing so extend the design life of the asset.</li> <li>Upgrade works</li> <li>Works creating new assets or significantly enhancing the asset in place including: <ul> <li>road widening,</li> <li>drainage improvements,</li> <li>sealing un-sealed shoulders,</li> </ul> </li> </ul>			

#### 9.1.2 REGIONAL AND LOCAL ROAD REPAIR PROGRAM ACCEPTANCE OF FUNDING

#### **RISK ASSESSMENT**

Risk Type	Current Risk	Expected Risk	Within Accepted
Asset Management	Medium	Low	Yes
Financial Sustainability	Medium	Low	Yes
Reputation and Image	Medium	Low	Yes
Service Delivery	Medium	Low	Yes

There is low risk in accepting this funding. It will supplement Council general fund revenue, disaster reduction funding arrangement funding and local roads and community infrastructure program funding.

#### **FINANCIAL IMPACTS**

	Amount	Details
Current Annualised Net Cost	\$4,844,320	
Estimated Annualised Net Cost	\$4,844,320	
Capital Investment	\$2,422,320	Anticipated that half investment will be capital, half operational (maintenance)
Capital Funding Source	\$2,422,320	

All expenditure will be covered by the grant.

# **RESPONSIBLE OFFICER:** Manager Infrastructure

#### **OPTIONS CONSIDERED**

The funding is an allocation that will make a significant contribution to the SMRC road network. Not accepting the funding is an option, but not recommended.

# **IMPLEMENTATION PLANS**

Signing and returning funding deed then programming and delivering works.

# ATTACHMENTS

#### 9.2.1 MONTHLY FUNDS MANAGEMENT REPORT - DECEMBER 2022

Record No: 123/2

# OFFICER'S RECOMMENDATION

That Council

- A. Receive the report indicating Council's cash and investments position as at 31 December 2022; and
- B. Receive the certificate of the Responsible Accounting Officer.

#### **ISSUES**

The effective management of Council funds in accordance with Council's Investment Policy and regulatory requirements. To assist financial sustainability and the intangible expectations of the community.

#### **RISK ASSESSMENT**

Risk Type	Current	Expected	Within
	Risk	Risk	Accepted
Financial Sustainability	Low	Low	Yes

Total cash and investments are managed to ensure the protection of the principal invested, there is appropriate levels of liquidity to fund service provision and investment returns are maximised within policy and statutory constraints.

#### **FINANCIAL IMPACTS**

As interest rates rise, the investment strategy needs to be agile to ensure Council can take advantage of higher yield investments when they are presented. Budgets may need to be adjusted to reflect increasing interest rates.

# **RESPONSIBLE OFFICER:** Chief Financial Officer

#### **CERTIFICATION:**

I, Tracy Sligar, Responsible Accounting Officer of Snowy Monaro Regional Council hereby certify, as required by Clause 212 of the Local Government (General) Regulation 2021, that the existing investments as detailed in this report have been invested in accordance with Section 625 of the *Local Government Act 1993*, the Regulations and Council's grandfathered Investment Policy, April 2020. In accordance with Regulation 212 of the Local Government (General) Regulation 2005, a report setting out details of money invested must be presented to Council in the following month. As no Council Meeting was held in January 2023, the December 2022 report is presented at the Council Meeting in February 2023.

#### **OPTIONS CONSIDERED**

Council's Monthly Funds Management Report meets the requirements of Council's current Investment Policy and regulatory requirements.

To take advantage of increasing interest rates, a move has been made to maximise the investment portfolio that is placed in cash products, such as term deposits. This reduces the amount held in at call accounts, which are now earning lower yields than term deposits. Diversifying the portfolio's maturity dates will enable Council to have access to cash on a regular basis, if required, and ensure agility to be able to access term deposits with higher yields as they become available.

## **IMPLEMENTATION PLANS**

Investment of surplus funds that are not required to manage short-term cash flow.

# **EXISTING POLICY/DECISIONS**

## Council's Investment Policy (SMRC 258)

The revised policy was adopted on 17 November 2022 by Council Resolution Number 324/22 and is next due for review in November 2023. The aim of Council's Investment Policy is to provide a framework for the investing of Council funds at the most favourable rate of interest available to it at the time whilst having due consideration of risk and security for that investment type and ensuring that its liquidity requirements are being met. Any investments that were invested prior to the adoption of this version of the Investment Policy will be grandfathered until maturity unless a financial gain to be made by Council in redeeming the investment prior to maturity.

\**Tiered* rate means we will earn different rates of interest depending on the balance of our account. If our account balance is above a certain level, the bank will pay a higher rate of interest on the whole balance.

<sup>^</sup>We've provided 31 days notice to *'break'* this deposit. Early repayment date is 2 January 2023. The objective – to deliver total returns greater than that would have otherwise been.

#### Council's Unrestricted and Restricted Funds 31 December 2022:

Council's Restricted and Unrestricted cash balances are reported in the December Quarter Budget Review Statement report.

**Unrestricted Funds** are current funds with no internal or external restrictions imposed on them as to use or purpose, including grants to be applied to projects in the current financal year. Unrestricted funds are not completely free of restrictions, as they are still subject to Council regulations.

**Restricted Funds** refer to funds that cannot be used for general purposes as they are either subject to some form of external legislative, contractural obligation or are kept for the purpose of funding commitments that are expected to arise in the future. They are stated and restated each year and disclosed more fully in the audited general purpose financial report for each June year end.

Month	Opening Balance	Closing Balance	Movement (+/-)
December	13,904,866.83	2,677,915.87	(11,226,950.96)
01/2023 (*)	2,677,915.87	3,562,480.82	884,564.95

9.2.2 MONTHLY FUNDS MANAGEMENT REPORT - JANUARY 2023

#### **Investment Portfolio Return:**

Benchmarking is used by Council as a gauge for the performance of its portfolio against its investing universe (*universe*: securities sharing a common feature – liquidity, return patterns, risks and ways to invest). A suitable benchmark to review the return on Council's portfolio is the Bank Bill Swap Rate (BBSW), or Bank Bill Swap Reference Rate – a short-term interest rate used as a benchmark for the pricing of Australian dollar derivatives and securities – most notably floating rate bonds.

Month	YTD Annualised Return	Monthly Average Interest Return	90 Day Bank Bill*	Margin
January	2.51%	3.23%	3.37%	-0.14%
December	2.39%	3.48%	3.26%	0.22%
November	2.16%	1.75%	3.09%	-1.33%
October	2.28%	2.74%	3.09%	-0.34%
September	2.11%	2.64%	3.06%	-0.43%
August	1.84%	2.10%	2.46%	-0.35%
July (2022)	1.59%	1.59%	2.15%	-0.56%

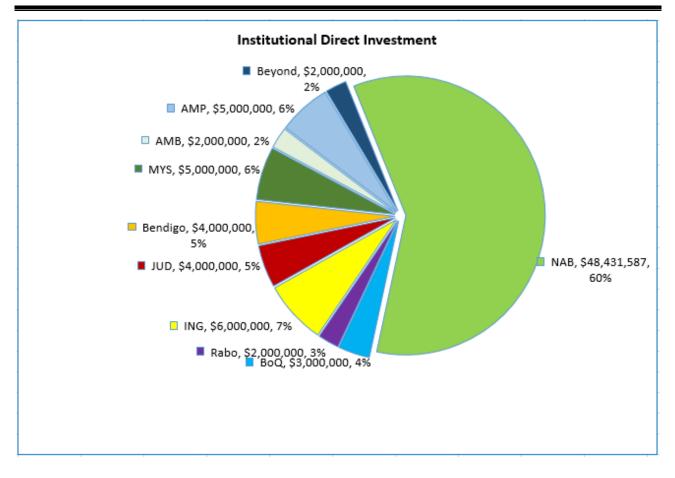

# \*The Australian Financial Market Association (AFMA)

In December we provided 31 days notice to 'break' a deposit. Early repayment date was 2 January 2023. The objective – to deliver total returns greater than that would have otherwise been. Given the recent upturn trend in interest rates and the lag before funds could be reinvested it is reasonable to forecast the Monthly Average Interest Return and Margin being considerably improved next month.

These funds are currently being held in Council's at-call account as we review the current investment strategy to ensure it remains appropriate for cash flow purposes and to achieve suitable returns on investment.

By breaking this investment, we are projecting a potential net benefit to council of approximately \$400,000 by reinvesting the same principal amount at a much higher rate for a similar investment period, after taking into account the break costs.

# 9.2.3 QUARTERLY BUDGET REVIEW STATEMENT (QBRS) TO 31 DECEMBER 2022

## 9.2.3 QUARTERLY BUDGET REVIEW STATEMENT (QBRS) TO 31 DECEMBER 2022

Record No: 123/55

# **OFFICER'S RECOMMENDATION**

That Council receive the Quarterly Budget Review Statement for the quarter ended 31 December 2022 and approve the variations noted therein.

## ISSUES

This report represents the December 2022 Quarter Budget Review Statement (the 'QBRS'). This report requests variations to the adopted budget for 2022/23 as subsequent information has been received that requires inclusion in the current year budget.

The format of this report is designed to comply with the Office of Local Government requirements and is presented for the quarter ended 31 December 2022.

The QBRS can be found at attachment 1.

The Net Operating Result before Capital items projected as at 31 December 2022 is a deficit of \$3.2m. This result is an accumulation of budget adjustments over the previous quarter, budgets carried forward from 2021/22 into 2022/23.

Significant one-off budget adjustment due to the sale of land in Leesville industrial estate has improved the result, however this has been offset by an adjustment to the projected depreciation to take into account revalued assets.

Significant budget adjustments have been identified as the timelines for works to be completed have been phased more appropriately over the delivery program timeframe. This has resulted in considerable capital works expenditure and income budgets being removed from this year's budget and reallocated into the 2023/24 budget, which is currently under development.

Ongoing reviews of the budget will see further adjustments made to better reflect deliverables for 2022/23.

# Income & expenses - Council Consolidated

Adjustments have been made to the Original Budget to reflect the changes that were incorporated into the Code of Accounting and Financial Reporting (the 'Code'). The format of the reports from Council's financial information system has not yet been updated and as such the original budget presented in the operational plan has not incorporated the Code changes. The original budget presented in this report has been updated to reflect the format as prescribed in the Code.

	Income Statement as per Operational Plan ('000)	Income Statement as per QBRS ('000)	Adjustments ('000)
Rates & Annual Charges	33,991	33,992	1
User Charges & Fees	17,860	17,860	
Other Revenues	529	363	(166)
Capital Grants & Contributions	88,231	88,231	

A reconciliation of the changes can be seen below.

# REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

Page	19
------	----

9.2.3 QUARTERLY BUDGET REVIEW STATEMENT (QBRS) TO 31 DECEMBER 2022

Operating Grants & Contributions	28,959	28,959	
Interest & Investment Revenue	1,288	1,288	
Rental Income	1,075	1,075	
Net Proceeds from disposal of assets	356	356	
Total income from continuing operations	172,289	172,124	(165)
Employee Costs	30,566	30,753	187
Materials & Contracts	24,058	31,991	7,933
Borrowing Costs	5	5	
Depreciation, Amortisation & Impairment	20,309	20,309	
Other Expenses	10,038	1,752	(8,286)
Total expenses from continuing operations	84,976	84,810	166
Net income/(loss) from continuing operations	87,373	87,314	1
Net Operating result before grants & contributions provided for capital purposes	(917)	(917)	1*

\*discrepancy due to rounding

The budget movements for the December 2022 quarter results in an adjustment of \$1.5m to the overall projected budget, resulting in a projected deficit of \$3.2m.

The primary reason for this is due to:

- Increased net profit on sale of asset for the sale of land at Leesville of \$1.9m
- Reduction in expenses for workers compensation premium of \$740,000
- Increase to forecast depreciation of \$3.6m

#### **Capital budget - Council Consolidated**

During the process to develop the 2023/24 Original budget, it was identified that there was a number of projects that would continue into 2023/24. As a result, a budget adjustment to the 2022/23 budget was required to better reflect the progress of the projects. These budget adjustments have been re-phased over the delivery program.

An updated proposed capital works budget for 2022/23 is included in attachment 1.

The year to date actual capital grants and contributions amount of \$11,872,000 represents the amount of capital grants received in this financial year that have been spent on capital projects. The remainder of the capital grants received have not yet been spent and form part of the balance of the Unspent Grants reserve.

The original budget (Rates & other untied funding) has been adjusted by 1 due to rounding issues.

# **Cash & investments - Council Consolidated**

The majority of the variations for the December 2022 QBRS represent budget corrections required to link the funding source directly to a specific project.

#### 9.2.3 QUARTERLY BUDGET REVIEW STATEMENT (QBRS) TO 31 DECEMBER 2022

In calculating the actual reserve balances, the net unrestricted working capital was also calculated, however this is not represented in this report. The net unrestricted working capital takes into account receivables and payables that have not been attributed to a reserve and so does not form part of the external/internal reserve balance.

The unrestricted cash of -\$2.8m is impacted by a significant portion of receivables (rates and annual charges) that are not yet due. Unrestricted cash will improve as these funds are received, as shown by the projected result. Fluctuations in the unrestricted cash position will occur throughout the year due to timing differences between inflows and outflows.

As at 31 December Council's net working capital was \$2.4m, after accounts payable and accounts receivable balances have been taken into account.

## Key Performance Indicators Budget Review Statement – Industry KPI's (OLG)

Office of Local Government Industry KPI's have been reported as at 31 December 2022. Improvements to reporting are ongoing.

The Operating Performance ratio remains below the benchmark of 0%. The result is currently sitting at -6.2%.

The Own Source operating revenue ratio is below the benchmark of 60%. Currently we are projecting 36.6% of Council's revenue will come from Council's own source. This is due to a significant reliance on grants.

Risk Type	Current	Expected	Within
	Risk	Risk	Accepted
Asset Management	High	High	No
Financial Sustainability	High	High	No
Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	High	High	No
Service Delivery	Low	Low	Yes

#### **RISK ASSESSMENT**

**Asset management:** The underfunding of maintenance and delays in asset refurbishment have placed Council in a high risk position that assets will not provide the expected level of service. This risk cannot be addressed within a single year's budget. The Council needs to develop a policy of surplus budgets in the long term to adequately renew its existing infrastructure thereby reducing this risk.

**Financial sustainability:** Council should strive for developing budgets that provide an operating surplus before capital grants and contributions. The surplus generated is then available to restore working capital to an adequate level and minimise the risk of being exposed to unexpected financial shocks.

**Legislative governance & compliance:** A Quarterly Budget Review Statement is a minimum requirement to be reported to Council. In the interests of public scrutiny of Council's budgetary control, management will be developing improved financial reporting on a monthly basis.

#### 9.2.3 QUARTERLY BUDGET REVIEW STATEMENT (QBRS) TO 31 DECEMBER 2022

Page 21

**Reputation and image:** Deficit budgets indicate to the community that future generations will be required to restore working capital and pay for the services delivered in advance. Until a long term financial plan is adopted by the Council that clearly demonstrates how the financial position will be restored, the projected deficit in this type of review will be viewed negatively by the community.

# **FINANCIAL IMPACTS**

The financial impacts are identified in the above statements.

# **RESPONSIBLE OFFICER:** Chief Financial Officer

# **OPTIONS CONSIDERED**

Management has prepared a December 2022 Quarter Budget Review Statement to give Council an overview of Council's financial performance as at 31 December 2022.

Quarterly budget review statements will continue to be prepared with the March 2023 QBRS to be presented at the May 2023 council meeting.

As we progress through the 22/23 financial year, we will be thoroughly reviewing the current year's budget which may result in significant changes to the budget. This will help inform the development of the 23/24 financial year budget.

The format of ongoing regular reporting to Council of the financial performance is currently being reviewed.

# **IMPLEMENTATION PLANS**

The 2022/23 original budget and operational plan was adopted in June 2022. It provides for the progressive elimination of operating deficits with a nominal original deficit of \$917,711.

Monthly budget reviews with managers are undertaken to focus on ensuring accuracy of data, recognising income earlier and absorbing any unplanned financial shocks for the financial year.

#### **Quarterly Budget Review Statement**

for the period 01/10/22 to 31/12/22

#### Report by responsible accounting officer

The following statement is made in accordance with Clause 203(2) of the Local Government (General) Regulations 2005:

#### 31 December 2022

It is my opinion that the Quarterly Budget Review Statement for Snowy Monaro Regional Council for the quarter ended 31/12/22 indicates that Council's projected financial position at 30/6/23 will be unsatisfactory at year end, having regard to the projected estimates of income and expenditure and the original budgeted income and expenditure.

My opinion above, that Council's projected financial position as at 30/6/23 will be unsatisfactory has been based on the following factors:

- 1. A deficit budget, when accumulated with previous years' deficits, is not financially sustainable.
- 2. A deficit budget does not enable the governing body to plan for unforseen events;
- 3. A deficit budget relies on a deterioration of the capital base for ongoing operations.

Recommended remedial action to deal with this unsatisfactory position includes:

- a. Future budgets need to be in surplus to restore to an adequate level of working capital
- b. Revenue opportunities muct be considered
- c. Service reductions to core services should be avoided by exhausting all other options first

Signed:

date: 8th of February, 2023

Tracy Sligar Responsible accounting officer

Consultancy & legal expenses budget review statemen	it	
Consultancy & legal expenses overview		
Expense	YTD expenditure (actual dollars)	Bugeted (Y/N)
Consultancies	115,453	Y
Legal Fees	283,974	Y

#### Definition of a consultant:

A consultant is a person or organisation engaged under contract on a temporary basis to provide recommendations or high level specialist or professional advice to assist decision making by management. Generally it is the advisory nature of the work that differentiates a concultant from other contractors.

This statement forms part of Council's Quarterly Budget Review Statement (QBRS) for the quarter ended 31/12/22 and should be read in conjuction with the total QBRS report

9.2.4 RESTRICTED ASSETS (CASH AND INVESTMENTS) POLICY

# 9.2.4 RESTRICTED ASSETS (CASH AND INVESTMENTS) POLICY

# OFFICER'S RECOMMENDATION

That Council adopt the updated Restricted Assets (Cash & Investments) Policy.

# ISSUES

In accordance with the *Local Government Act 1993*, in the interest of good financial management, Council will restrict funds from time to time to either meet external statutory obligations (such as restrictions relating to grant funding or development contributions) or to set aside funding for future commitments.

The Restricted Assets (Cash & Investments) Policy will establish what funds shall be placed into Council's reserves and the purpose for which those reserve funds shall be applied.

Council requested this policy to be reviewed and updated to incorporate ARIC members' feedback and brought back to council within 3 months of initial adoption.

# **RISK ASSESSMENT**

Risk Type	Current Risk	Expected Risk	Within Accepted
Asset Management	High	High	No
Financial Sustainability	High	High	No
Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	High	High	No
Service Delivery	Low	Low	Yes

**Asset management:** The underfunding of maintenance and delays in asset refurbishment have placed Council in a high risk position that assets will not provide the expected level of service. This risk cannot be addressed within a single year's budget. The Council needs to achieve surplus results in the long term to adequately renew its existing infrastructure thereby reducing this risk.

**Financial sustainability:** Council should strive for an operating surplus before capital grants and contributions. The surplus generated is then available to restore working capital to an adequate level and minimise the risk of being exposed to unexpected financial shocks. Council should aim to maintain approximately \$5.0 million of unrestricted cash.

**Legislative governance & compliance:** The annual Financial Statements are to be prepared in accordance with:

- The Local Government Act 1993 (NSW) (as amended) and the regulations made thereunder
- The Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- The Local Government Code of Accounting Practice and Financial Reporting

Evidence of compliance is shown through an unqualified audit report.

Record No: I23/11

# 9.2.4 RESTRICTED ASSETS (CASH AND INVESTMENTS) POLICY

**Reputation and image:** Deficit results indicate to the community that future generations will be required to restore working capital and pay for the services delivered in advance. A trend towards reducing deficit results and ultimately achieving surplus results will demonstrate continued improvement in the financial position for Council.

# **FINANCIAL IMPACTS**

Maintaining a policy that directs the use of Council's cash assets is one budget control measure to ensure council's cash assets are used for the purposes Council has received that cash for. This policy should be reviewed regularly to ensure the adequacy and need for internally restricted assets.

# **RESPONSIBLE OFFICER:** Chief Financial Officer

# **OPTIONS CONSIDERED**

The Restricted Assets (Cash & Investments) Policy will provide guidance on identifying funding sources for future works. This policy will be reviewed annually, in line with IP&R timelines to ensure all restricted reserves are supporting Council plans.

# **IMPLEMENTATION PLANS**

The balance and adequacy of internally restricted reserves will be reviewed as part of the 2023/24 budget preparation. These reserves will be reviewed to ensure they adequately support future works programs.

# **EXISTING POLICY/DECISIONS**

This policy was originally developed in time for the preparation of the 2021/22 Annual Financial Statements. Council requested this policy to be reviewed and updated and brought back to council within 3 months of initial adoption.

#### BACKGROUND

Council requested a further review of this policy to ensure feedback from ARIC had been considered and included where appropriate.

• The policy could benefit from describing roles and responsibilities with respect to implementing this policy

Section 6.1 Role and Responsibilities have been incorporated into this updated policy

• The policy could benefit from describing the process for determining the annual amounts in each of the restricted funds

This information has been included in the policy. Each reserve has a description outlining why the reserve is in place and what is considered when adding funds to the reserve and what the reserve funds can be spent on.

The Restricted Assets Policy outli future works these surplus funds	vill restrict funds fr ligations (such as ontributions) or to nes the current res	om time to time to restrictions relating to set aside funding for strictions and what

# 1 Purpose

To establish what funds shall be placed into Council's reserves and the purpose for which those reserve funds shall be applied.

The objective of this policy is to detail what funds Council should be setting aside funding for and the desired level of funding to be set aside. The policy also details the rationale for the creation of each of Council's internally restricted assets.

# 2 Scope

This policy applies to all Council cash and investments only.

This Policy covers all personnel employed by Council, either as an employee or contractor.

Issue Date: 20/10/2022

Revision Date: 16/02/2023

Page 1 of 9

# **3** Definitions

Term	Meaning
Restricted Asset	Funds that are kept restricted (ie, cannot be used for general purposes) as they are either subject to some form of external legislative or contractual obligation, or are kept for the purpose of covering Council commitments that are expected to arise in the future.
Internally Restricted Asset	Funds restricted by a resolution of council. Internal restrictions are developed by Council to cover commitments/obligations that are expected to arise in the future and where it is prudent for Council to hold cash in restrictions to cover those obligations.
Externally Restricted Asset	Funds that are subject to external legislative or contractual obligations.

# 4 Background

Council has significant cash, cash equivalents and investments. Restrictions are established to set aside funds for Council to meet legislative requirements, to allocate funds against future projects and activities to ensure sufficient funding is available to meet current and long term financial obligations.

Snowy Monaro Regional Council's restrictions are held within five funds and spread across many areas of Council operations. Council's five funds are:

- General Fund
- Water Fund
- Sewer Fund
- Waste Management Fund
- Residential Aged Care Facilities Fund

# 5 Policy Statement

Council will establish, utilise and maintain the following Restricted Assets.

#### 5.1 Externally Restricted Assets

#### 5.1.1 Unexpended Grants

This reserve is established to hold the total balance of Grant income related to grant funded projects. The funds shall be used for the completion of identified projects in a subsequent financial year.

#### 5.1.2 Developer Contributions

This reserve is to hold the balance of developer contributions paid as a result of new development. Contributions from developers are to be used for the provision of

250.2022.107.2 Issue Date: 20/10/2022 Revision Date: 16/02/2023 Page 2	of 9
--	------

infrastructure, services and amenities, in accordance with Council's Developer Contributions Plan and Development Servicing Plans.

#### 5.1.3 Water Fund

This reserve is to hold the balance of surplus funds from Council's Water Fund operations. Funds can only be spent on Water services.

#### 5.1.4 Sewer Fund

This reserve is to hold the balance of surplus funds from Council's Sewer Fund operations. Funds can only be spent on Sewer services.

#### 5.1.5 Domestic Waste Management

This reserve is funded by the Domestic Waste Management Charge and will only be used to fund the Domestic Waste Management Services. The reserve balance is based on:

- a) An expected level of service delivery for the year
- b) Accumulated surplus or deficit depletion; and

#### 5.1.6 Snowy River Hostel Accommodation Bonds

This reserve holds Refundable deposits or Accommodation bonds for current residents of the aged care facility. These deposits/bonds can only be used for a permitted use, as defined in the *Aged Care Act* 1997 (s52N-1) and the Fees and Payment Principles (part 6). Permitted uses include:

- a) Used for capital expenditure
- b) Invested in certain financial products, such as term deposits, securities, and debentures, and in accordance with Council's Investment Policy
- c) Used to make a loan on a commercial basis, subject to certain restrictions
- d) Used to refund refundable deposits or accommodation bond balances
- e) Used to repay debt accrued for the purposes of capital expenditure or refunding refundable deposits or accommodation bond balances
- f) Used to repay debt accrued before 1 October 2011 if the debt is accrued for the purposes of the providing aged care to care recipients
- g) Is otherwise used a permitted by the Fees and Payment Principles

#### 5.1.7 Yallambee Lodge Accommodation Bonds

This reserve holds Refundable deposits or Accommodation bonds for current residents of the aged care facility. These deposits/bonds can only be used for a permitted use, as defined in the *Aged Care Act 1997* (s52N-1) and the Fees and Payment Principles (part 6). Permitted uses include:

- a) Used for capital expenditure
- b) Invested in certain financial products, such as term deposits, securities, and debentures, and in accordance with Council's Investment Policy

250.2022.107.2	Issue Date: 20/10/2022	Revision Date: 16/02/2023	Page 3 of 9

- c) Used to make a loan on a commercial basis, subject to certain restrictions
- d) Used to refund refundable deposits or accommodation bond balances
- e) Used to repay debt accrued for the purposes of capital expenditure or refunding refundable deposits or accommodation bond balances
- f) Used to repay debt accrued before 1 October 2011 if the debt is accrued for the purposes of the providing aged care to care recipients
- g) Is otherwise used a permitted by the Fees and Payment Principles

#### 5.1.8 Crown Land Reserve

This reserve is funded from the amount of proceeds earned from Crown lands from sales, leases, easements, licences or other dealings with the land. Council, as the Crown land manager of more than one area of Crown land, may pool the net amount of the proceeds from those areas. These pooled funds may then be used for any permitted purpose specifically limited to any of the Crown land areas.

S3.16 (3) of the *Crown Land Management Act 2016 No 58* lists the following permitted purpose for which these funds can be used:

- a) Making improvements to the land
- b) Purchasing, leasing or acquiring an easement over land under s3.28A
- c) Preparing plans of management (whether under Division 3.6 or the Local Government Act 1993) or other plans (as required or permitted by the Minister under s3.41) for land managed by the Crown land manager
- d) Any other purpose referred to in s2.12 that applies to the land

#### 5.1.9 Boco Rock Community Reserve

This Prior to the commencement of construction of the project, the Proponent shall establish a Community Enhancement Program Fund to be jointly administered by the former Bombala and Cooma-Monaro Shire Councils to fund community enhancement measures in the Bombala and Cooma-Monaro Shire local government areas to offset any potential residual amenity impacts associated with the project within these local government areas. Community enhancement measures may include (but are not necessarily limited to) improvements to community infrastructure and services, sustainability initiatives and opportunities for local economic and tourist development. The Proponent shall contribute an annual sum of \$2,500 per operational turbine to the fund, from the commencement of operation of the project until the end of its operational life. The contribution shall be adjusted to take account of any increase in the Consumer Price Index (CPI) over time, commencing at the June 2010 quarter. The terms for the administration of the funds shall be agreed between the Proponent and former Bombala and Cooma-Monaro Shire Councils (now Snowy Monaro Regional Council) and submitted for the Director-General's approval prior to commencement of construction.

The funds are invoiced by Snowy Monaro Regional Council and distributed within the same financial year. Funds are distributed by a decision of the Boco Rock Community Enhancement Fund committee.

#### 5.1.10 Kamoto-Cooma friendship Scholarship Fund

This reserve was initially created to fund an exchange program for high school students and city representatives, between Yamaga/Komoto and Cooma Monaro

250.2022.107.2 Issue Date: 20/10/2022 Revision Date: 16/02/2023 Page 4 of 9
---

local government area, in a sister city relationship. A visit would be arranged every year, with odd years Cooma would visit Japan and even years, Japan would visit Cooma. With the subsequent amalgamation of Kamoto into the larger Yamaga City Council, the subsidy from Japan, used to part fund this arrangement, ceased.

As the exchange program was wound back, these funds were then utilised to facilitate funding opportunities for youth and promote relationships, by offering grants and scholarships.

#### 5.1.11 Other

This reserve has been established to administer small contributions /donations/ bequest made to Council for a specific purpose.

#### 5.1.12 Stormwater

This reserve has been established to restrict Stormwater levy funds. These funds are used to cover specific stormwater related projects.

# 5.2 Internally Restricted Assets

All internal reserve balances are calculated as per below and are subject to available cash that is not subject to external restrictions.

#### 5.2.1 Plant and Vehicle Replacement

This reserve is to be used to fund Council's plant replacement program. Internal plant charge out rates are to be set to ensure the full cost of the plant operations is funded and funds can be set aside for all plant replacement.

#### 5.2.2 Employee Leave Entitlement

This reserve holds funds to cover Council's anticipated short to medium term liability to pay employee leave entitlements (ELE). The reserve amount will be reviewed annually to ensure funding is maintained for an adequate portion of the liability for accrued employee annual leave and long service leave which has been earned, but not yet paid, as at the last reporting date. An appropriate reserve balance is to be based on current liabilities and aged of employees, as follows:

Over 60 years	100% funding of ELE
50 to 59 years	80% funding of ELE
40 to 49 years	60% funding of ELE
30 to 39 years	40% funding of ELE
Under 30 years	20% funding of ELE

#### 5.2.3 Deposits, Retentions and Bonds

This reserve balance reflects the liability to repay Deposits, Retentions and Bonds.

	250.2022.107.2	Issue Date: 20/10/2022	Revision Date: 16/02/2023	Page 5 of 9
--	----------------	------------------------	---------------------------	-------------

#### 5.2.4 Uncompleted works

This reserve balance reflects the general revenue funding required to complete works that remain uncompleted as at the reporting date, 30 June. Unexpended budgets that are required for the completion of projects are transferred to this reserve at year end and utilised in the following year.

This balance is reassessed annually at year end.

#### 5.2.5 Waste Management

This reserve represents the net surplus from all other waste management activities that are not related to Domestic Waste. These funds are to be used to maintain Waste Facility services and undertake remediation works as identified in the remediation liability.

This balance, at a minimum, should cover works expected to be completed in future years.

#### 5.2.6 Yallambee Lodge /Snowy River Hostel building and equipment

This reserve has been established to ensure funding is available to maintain the Aged Care facilities. The balance represents the current depreciation rate of assets to ensure asset replacement can be undertaken as required.

#### 5.2.7 Former Snowy River LGA

This reserve was established upon the Merger of Snowy River Council, Bombala Council and Cooma Monaro Council, into Snowy Monaro Regional Council. This reserve initially held the transferred balances of the previous councils reserves, not already allocated elsewhere.

The balance of this reserve represents future work commitments to projects within the Former Snowy River Local Government Area.

This reserve will be wound up when all prioritised projects have been completed.

#### 5.2.8 Former Bombala LGA

This reserve was established upon the Merger of Snowy River Council, Bombala Council and Cooma Monaro Council, into Snowy Monaro Regional Council. This reserve initially held the transferred balances of the previous councils reserves, not already allocated elsewhere.

The balance of this reserve represents future work commitments to projects within the Former Bombala Local Government Area.

This reserve will be wound up when all prioritised projects have been completed.

#### 5.2.9 Stronger Communities Fund Interest

This reserve is used to accumulate interest on unspent Stronger Communities Fund grant income. As per the deed agreement, interest is to be accumulated on unspent grant income and allocated to the projects listed under this funding agreement.

250.2022.107.2	Issue Date: 20/10/2022	Revision Date: 16/02/2023	Page 6 of 9

# 5.3 Unrestricted Assets

All Cash and Investment balances that are not allocated to an External or Internal restriction is considered unrestricted assets.

Council will budget for and maintain an approximate balance of at least \$5.0 million of unrestricted cash assets.

# 6 General

6.1 Roles and Responsibilities

- Budget Managers Develop and oversee respective business unit budgets including funding sources consistent with this policy
- Finance team support budget managers to develop their respective budget and ensure reserves are used as a funding source as prescribed by the policy
- Chief Officers review and oversight of budgets including funding sources consistent with this policy
- Chief Financial Officer ensure budget managers, finance team and Chief Officers are familiar with this policy and monitor compliance
- Chief Executive Officer monitor the implementation and compliance of this policy
- Council Adopt the policy in line with existing restrictions on cash use and recommendations for future funding requirements. To review any recommendations for variations to cash reserve use.

# 6.2 Current Restrictions

External and Internal restricted cash balances are reported annually in Council's Annual Financial Reports. Throughout the financial year, balances are reported on an estimated basis in the Quarterly Budget Review Statements.

# 6.3 Changes to Restrictions

Any new restricted reserves will only be formed via a council resolution. Council must be clear about:

- the purpose of the reserve,
- how funds are to be accumulated in the reserve and
- how the funds are to be spent, for example, through a capital works program.

A review of the reserves will be undertaken annually as part of the forward budget preparation process.

# 6.4 Interest

Interest must be applied to external cash restrictions where required by legislation, eg Developer Contributions, Water and Sewer Funds. The rate of interest is equal to the average return on Council's investments for the financial year (unless another rate or methodology is required by legislation). Interest earnings are to be added to the balance of the restriction.

Interest is not to be calculated and applied to internal restrictions. There may be individual circumstances where interest is applied to an internal restriction and this must be specified in the resolution of Council, including the interest rate to be used.

250.2022.107.2 Issue Date: 20/10/2022 Revision Date: 16/02/2023 Page 7 of 9	250.2022.107.2	Issue Date: 20/10/2022	Revision Date: 16/02/2023	Page 7 of 9
---	----------------	------------------------	---------------------------	-------------

# 6.5 Borrowing from Restrictions

#### 6.5.1 Borrowings from external restrictions

The Local Government Act acts to restrain and control the way Council raises and uses money for its operations. As referenced above, section 409(3) of the Local Government Act 1993 states:

- a) money that has been received as a result of the levying of a special rate or charge may not be used otherwise than for the purpose for which the rate or charge was levied, and
- b) money that is subject to the provisions of this or any other Act may be used only for that purpose, and
- c) money that has been received from the Government or from a public authority by way of a specific purpose advance or grant may not, except with the consent of the Government or public authority, be used otherwise than for that specific purpose.

In reference to part (a) above, special rates or charges, Council may be able to utilise externally restricted funds by way of internal loan if it receives Ministerial approval to do so in accordance with subsections 410(3) and (4) of the Local Government Act.

Section 410 (3) of the Local Government Act states:

Money that is not yet required for the purpose for which it was received may be lent (by way of internal loan) for use by the Council for any other purpose if, and only if, its use for that other purpose is approved by the Minister.

Section 410 (4) of the Local Government Act states:

In granting such approval, the Minister must impose conditions as to the time within which the internal loan must be repaid and as to any additional amount, in the nature of interest, that is to be paid in connection with that loan.

In reference to parts (a) and (b) above, Council may be able to utilise externally restricted funds by way of an internal loan it is receives Ministerial approval (in the case of developer contributions), or approval from the Government or public authority providing the funding (in the case of specific purpose grant funding).

#### 6.5.2 Borrowings from internal restrictions

Council may borrow from internal restrictions within each fund and requires a resolution of Council to do so.

Borrowings from Water and Sewer Fund restricted and unrestricted cash to Council's other Funds requires Ministerial approval as stated above in accordance with section 410 of the *Local Government Act*. Borrowings from General Fund internal restrictions and unrestricted cash to Council's other Funds can be approved by Council resolution.

The full impact of the borrowings must be disclosed in the Council resolution and the agreement must set out:

- the reason for the borrowing
- the basis of calculating the amount of the borrowing
- the permitted use/s of the borrowed funds
- the internal restriction that will be borrowed from

250.2022.107.2	Issue Date: 20/10/2022	Revision Date: 16/02/2023	Page 8 of 9

- if borrowing cost (interest) is to be applied to the borrowing, then the interest rate to be used
- loan repayment period

A repayment schedule to repay internal borrowings will be drafted to ensure repayments to internal restrictions can be funded.

# 7 Review

At least every 12 months Council will review its future need for the internal restrictions it is holding. All decisions to undertake a review of an internal restriction will be on the basis of the best use of those funds by Council. A Council resolution is required to return funds no longer required to unrestricted cash. If an urgent, unplanned or emergency need arises during the year to access internally restricted funds, Council may resolve to do so outside of the annual review process.

This policy will be implemented by the Chief Financial Officer.

Council may decide to review its internal restrictions at any time to meet financial obligations and requirements of Council's Long Term Financial Plan.

Suspected breaches or misuse of this policy are to be reported to the Chief Executive Officer. Alleged breaches of this policy shall be dealt with by the processes outlined for breaches of the Code of Conduct, as detailed in the Code of Conduct and in the Procedures for the Administration of the Code of Conduct.

# 8 Related Documents

This procedure should be read in conjunction with the following documents:

9.3.1 ORGANISATIONAL PERFORMANCE REPORT - FEBRUARY 2023

# 9.3.1 ORGANISATIONAL PERFORMANCE REPORT - FEBRUARY 2023

Record No: 123/33

# **OFFICER'S RECOMMENDATION**

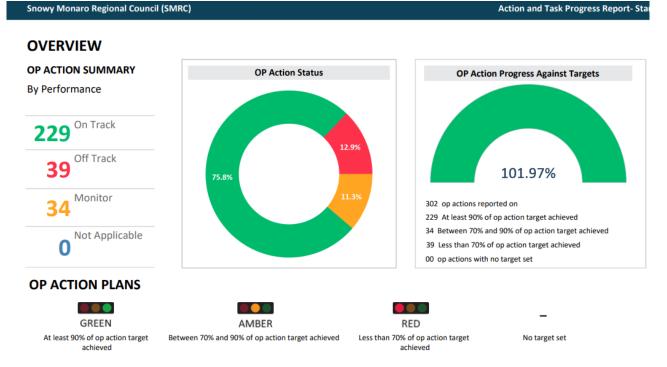

That Council:

- A. Note the progress outlined in the report.
- B. Amend the 2022-2023 Operational Plan to remove the Cooma Water Treatment Plant weir and fishway upgrades and defer the commencement of the project to the 2023-2024 Operational Plan, and completion of the project to the 2024-2025 Operational Plan.
- C. Amend the 2022-2023 Operational Plan to remove the 22-23 resealing program with existing funds to be utilised for heavy patching in readiness for the 2023-2024 resealing program.

# ISSUES

• The summary below indicates performance up until the end of January 2022 against the actions included in the 2022 – 2023 Operational Plan, delivering progress towards the 2022-2026 Delivery Program principal activities and projects. The progress against targets compares against the year to date completion targets. A result of more than 100% indicates that overall, more items are assessed as ahead of target than behind.

Where projects have not yet started due to being prior to the planned commencement date, the project will appear as "no target set" until the project has formally commenced.

# Table 1: Notable achievements (Selected activities from the full report)

Delivery Program: 12.1.1 Continuing to promote life-long learning though the provision of library services across the region

OP Action Title: 12.1.1.1 Continue to provide and maintain the highly successful Tech

# REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

# Page 55

#### 9.3.1 ORGANISATIONAL PERFORMANCE REPORT - FEBRUARY 2023

# Savvy sessions for our seniors to fill an education gap

Our statistics have grown significantly, with 84 attendees attending seven classes in 2019 to 39 classes with 275 attendees in 2022. This is a very successful program across the region supporting connected communities through providing accessible learning opportunities to our seniors.

# Delivery Program: 10.3.12 Delivery of funded transport infrastructure projects

OP Action Title: 10.3.12.7 PROJECT: Fixing Local Roads Round 1 – Upgrade of Springfield Road

Construction of Springfield Road project has been completed. Currently awaiting linemarking and signage contractor to finalise roadworks. This project has taken a number of years to complete with grant funding sourced to complete the project. This has improved connectivity between Snowy River way and Nimmitabel.

# Delivery Program: 10.3.12 Delivery of funded transport infrastructure projects

OP Action Title: 10.3.12.9 PROJECT: Safer Roads Program/R2R/Regional Road Block Grant – Countegany Road

The upgrade of Countegany road included 675 metres of road widening, resulting in safer traffic movements around bends for all users of the road.

# Delivery Program: 13.2.17 Operate and maintain Councils fleet and plant program

OP Action Title: 13.2.17.2 Servicing and repair of Council's plant and fleet assets

Fleet have 1,122 finalised maintenance work orders for the FY with an average repair time of two hours and average downtime of six hours. Plant availability based on available working hours is >99%. We're currently at a scheduled verses unscheduled maintenance ratio of 73:27 which is better than industry best benchmark of 70:30. This level of performance allows Council to meet organisational needs with maintenance schedules for our operational teams staying on track to meet our community's needs.

# Table 2: Identified variances for off track projects/services

#### Delivery Program: 9.2.4 Operate and maintain reticulated potable water supplies

**Project:** OP Action Title: 3.2.1.4 PROJECT: Cooma Water Treatment Plant weir and fishway upgrades

**Variation Reason:** A constructability study was conducted by Westlake Punnett & Associates Pty Ltd with a recommendation to defer commencement of the project until the end of the La Nina cycle, predicted to ease April of this calendar year.

**Variation:** That the commencement of the two year weir and fishway project be deferred to the 2023-2024 Operational Plan and completion of the project be deferred to the 2024-2025 Operational Plan year.

**Impact:** The impacts of not undertaking the project would be having to re-tender the contract. Water security is not impacted due to higher than average rainfall over the previous two years in the catchment.

# 9.3.1 ORGANISATIONAL PERFORMANCE REPORT - FEBRUARY 2023

# Delivery Program: 10.3.1 Undertake Council's Resealing Program

Project: OP Action Title: 10.3.1.1 Undertake Council's 2022/23 Resealing Program

**Variation Reason:** Due to delays with unclear funding allocation, contractor availability and temperature issues after summer, the resealing program has been put on hold until 23/24.

**Variation:** Amend the 2022-2023 Operational Plan to remove the 22-23 resealing program, with existing funds to be utilised for heavy patching in readiness for the 2023-2024 resealing program.

**Impact:** Scheduled resealing will not be delivered as planned and may impact the condition and life of the road if no treatment is undertaken. However, what funds were allocated for resealing, will be directed to the heavy patching program on the roads that would have required heavy patching before a reseal. This means that those roads will be ready for resealing as soon as budget is available.

# Table 3: Projects and activities requiring monitoring

Delivery Program: 7.1.2 Undertake routine inspections of liquid trade waste management systems to ensure compliance the Liquid Trade Waste Management Guidelines 2021

OP Action Title: 7.1.2.1 Undertake routine inspections of Liquid Trade Waste systems

**Status:** Council has two vacant Liquid Trade Waste Officer positions. Both positions continue to be vacant. The positions were advertised for the fourth time in January 2023.

**Impact:** The impact of not having routine liquid trade waste inspections undertaken means that there is a risk that systems may not be being maintained regularly, with the potential for spills and the sewer system becoming blocked with fatbergs. This will result in Council's waste water team responding to sewer mains blockages.

Delivery Program: 12.4.1 Maintain and operate Council owned pools

OP Action Title: 12.4.1.4 PROJECT: Develop a Pool Strategy for the region

**Status:** A Pool Strategy is not yet funded, yet funding for this is being explored through grants.

**Impact:** Not delivering a swimming pool strategy will defer long-term planning ensuring that our swimming pools are operated and maintained to agreed standards with our community.

Delivery Program: 10.3.6 Undertake Footpath Renewals

OP Action Title: 10.3.6.1 Undertake 2022-23 Footpath Renewals

**Status**: With current rain damages across the road network, priority has been shifted for Council Crews to undertake road surface repair. Storm related footpath damage is currently being captured for DRFA submission through Public Works Advisory, however no footpath works have yet taken place.

Impact: The risk of not undertaking planned footpath renewals means that works become

#### 9.3.1 ORGANISATIONAL PERFORMANCE REPORT - FEBRUARY 2023

# reactionary when a failure of footpaths is reported, often as tripping hazards.

# Delivery Program: 12.1.2 12.1.2 Operate and maintain Council owned public buildings

# OP Action Title: 12.1.2.7 PROJECT: Bombala Arts and Innovation Centre Building Upgrade

**Status**: Revised request for quote to market in February (now that market has settled) separating work to be undertaken in the amenities building (now covered entirely by SCCF2 funding) from main build. Currently, there is no operating model with Economic Development continuing discussions to find potential lead tenant to cover ongoing running costs.

**Impact:** If no lead tenant is secured to cover running costs, there is potential that existing budget will need to be utilised, meaning that a decision will have to be made where that budget will be sourced within existing services.

# Delivery Program 9.3.1 Provision of Resource recovery and waste facility services across the region

OP Action Title: 9.3.1.2 PROJECT: Jindabyne Landfill capping, scoping and design upgrade to transfer station

PA has reviewed the Draft Closure Plan and provided comments. The modifications required are to drill more water monitoring bores and to either increase the depth of the capping layer or include a liner (clay, poly, or other).

Additional bores and fill for capping will increase the cost of closing the landfill site. The cost to carry out the surveying and installation of new bores exceeds \$80k.

Due to the costs of the water monitoring bores it has been decided to put off any further progress on the capping and closing planning/design. The existing landfill can't be capped until the transfer station has been built so funding can utilised on the transfer station project.

There is an \$82k variation to survey and drill the new water monitoring bores (assuming water depths are as estimated and not deeper).

**Impact:** The current Jindabyne Landfill closure date of April 2023 is no longer applicable. The existing landfill will close once the new Transfer Station has been built. Fill is to be stockpiled on site for use in capping and for new Transfer Station, and The capping design and water monitoring bores will not proceed for the time being due to funds needing to be utilised on the new transfer station.

#### **RISK ASSESSMENT**

Risk Type	Current Risk	Expected Risk	Within Accepted
Asset Management	Low	Low	Yes
Economic Activity	Low	Low	Yes
Environmental Security	Low	Low	Yes
External Political Environment	Medium	Low	Yes
Financial Sustainability	Medium	Low	Yes
Health and Safety	Low	Low	Yes

REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

#### 9.3.1 ORGANISATIONAL PERFORMANCE REPORT - FEBRUARY 2023

Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	Medium	Low	Yes
Service Delivery	Low	Low	Yes

Council's adopted Delivery Program and Operational Plan are the mutually agreed plans with our community. Any variance through not being able to meet measures, actions, and delivering projects increases the risks of financial sustainability and significant reputational risk. Providing updated information on the current status reduces the risk of reputational damage.

#### **FINANCIAL IMPACTS**

Budget variances are currently reported separately through the budget reporting. Due to the financial position of the Council there is a strong focus on amending the scope of projects to stay within the available funding.

# **RESPONSIBLE OFFICER:** Coordinator of Strategy

#### **OPTIONS CONSIDERED**

It is a statutory requirement to report a minimum every six months to Council; however, a move towards monthly reporting has been implemented to focus on improved accountability and increased agile decision making across the organisation.

#### **IMPLEMENTATION PLANS**

Adopted variances to the 2022-2026 Delivery Program will be undertaken in accordance with the IPR guidelines and amendments to the original adopted 2022-2023 Operational Plan.

#### **EXISTING POLICY/DECISIONS**

In accordance with Section 404 of the *Local Government Act 1993* (the Act) and the Integrated Planning and Reporting Guidelines for Local Councils in NSW 2021, the Chief Executive Officer must ensure that regular progress reports are provided to Council with respect to the principle activities detailed in the Delivery Program. Progress reports must be provided at a minimum every six months.

#### **Finance Portfolio**

#### **Financial Services**

#### Finance

OP Action Title: 13.2.10.1 Co-ordinate the annual Budget, Fees and Charges and Revenue Policy for the Operational Plan							
Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %	
Manager Finance	In Progress	01-Jul-2022	30-Jun-2023	30%	45.00%	RED	

**OP Action Progress Comments:** Managers are reviewing their budgets and fees and charges with the deadline 31 January. Finance is working closely with managers moving towards an activity based budgeting approach over a longer term. This is particularly the focus in the infrastructure service delivery programs. This will not only assist managers to financially operate their businesses but to improve the delivery of quality budgeting information to Council for long term financial planning purposes . These initiatives are requiring additional time and hence why the % completion is behind target.

Last Updated: 27-Jan-2023

OP Action Title: 13.2.10.2 Completion and lodgement of the Annual Financial Statements including coordination of Interim and Annual Audits

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Manager Finance	Completed	01-Jul-2022	30-Jun-2023	100%	100.00%	GREEN

**OP Action Progress Comments:** Audit completed and statements lodged with Office of Local Government. The Financial Data Return was completed in December. Audit have sent their Management letter detailing their audit observations with recommendation for management responses. Management is in the latter stages of completing this.

Last Updated: 27-Jan-2023

06-Feb-23

OP Action Title: 13.2.10.3 Completion of quarterly Budget Review Statements to Council

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Manager Finance	In Progress	01-Jul-2022	30-Jun-2023	56%	56.00%	GREEN

**OP Action Progress Comments:** Monthly reporting process is still the subject of ongoing improvements and identification of issues, particularly relating to integrity of actuals and budgets. The regularity of reporting to Council is being reviewed. The challenge is reporting on a monthly basis or moving to quarterly reporting to provide better quality information but less regularly and use the additional time to improve financial processes to deliver better quality reports in the long term.

Coordinator Strategy Development	Completed	01-Jul-2022	30-Jun-2023	100%	95.00%	GREEN

**OP Action Progress Comments:** AEC has been contracted to develop a revised Long Term Financial Plan with three scenarios for a Special Rate Variation. This was tabled at the extraordinary Council meeting held on 29 November 2022. Council resolved to proceed with an expression of interest to IPART and undertake community consultation on the scenarios modelled within the LTFP. Council will decide on 30 January 2023 whether it will proceed with a full application to IPART. SRV modelling is now complete.

### Action and Task Progress Report- Standard

Creeping buttercup (Ranunculus repens), Watercress (Nasturtium officinale), Stinking Roger (Tagetes minuta), Apple of Sodum (Solanum Linnaeanum), Hairy bittercress (Cardamine hirsuta), Mexican poppy (Argemone mexicana), Celery-leaved buttercup (Ranunculus sceleratus), Blue water speedwell (Potamogeton tricarinatus), Purple prairie clover (Dalea purpuera) and Lesser broomrape (Orobanche minor). While each of these weeds has proven to be invasive and/or poisonous, they are not identified as State or regional priority weeds, nor do they pose a significant risk to the Snowy Monaro region's economy, environment or community. A report of Horsetail, which is required to be eradicated in accordance with the South East Regional Strategic Weed Management Plan, was recently confirmed at Khancoban, in the adjoining Snowy Valleys Regional Council area. Alligator weed, which is a State priority weed and subject to a Biosecurity zone, is prevalent in the ACT. Boneseed occurs in the adjacent Council areas of Bega Valley and Eurobodalla and is a State priority weed. It also has the potential to grow in our region and is subject to a control order. Each of these weeds is notifiable and must be destroyed if detected. Council's Biosecurity officers are actively inspecting for these, and other high priority weeds.

OP Action Title: 5.3.1.2 State alert weeds treated and neighbouring landown	ners notified					
Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Coordinator Biosecurity	In Progress	01-Jul-2022	30-Jun-2023	58%	59.00%	GREEN

**OP Action Progress Comments:** No State alert weeds were identified during the reporting period, however staff are actively monitoring for their presence during inspections. Thirteen (13) Weed of the week articles focusing on Prohibited matter weeds were published in local media from September 2022 to the present date. NSW Department of Primary Industries conducted Prohibited matter training at Cooma during July 2022. Biosecurity staff from SMRC, QPRC and Eurobodalla Council were in attendance. Prohibited matter weeds are those with the highest level of control in NSW and are either not yet present in NSW or not yet established. Legislation is used to prevent the entry or establishment of these weeds into NSW. Orange Hawkweed is the only Prohibited matter weed known to occur within the Snowy Monaro region. Targeted surveillance and control for this weed occurs throughout the summer months. Of the six known sites, only one was active this season and all plants were treated using Grazon extra and Tordon.

OP Action Title: 5.3.1.3 Support actions of the NSW Orange Hawkweed Eradication program							
Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %	
Coordinator Biosecurity	In Progress	01-Jul-2022	30-Jun-2023	58%	59.00%	GREEN	

**OP Action Progress Comments:** A planning session was held with National Parks and Wildlife Service staff during August to coordinate cross-border surveillance efforts this coming season. The Orange Hawkweed Eradication program is a coordinated effort between NPWS, SMRC, NSW DPI and affected landholders. The program relies on a range of surveillance techniques, including ground inspections, drone surveillance, weed detector dogs and volunteer surveillance groups. A Hawkweed Taskforce meeting was attended during September to update all parties on plans, actions and research around this highly invasive weed threat. During November an information sheet was mailed to over 200 landowners on the western fringe of the Snowy Monaro extending from Rocky Plain north to Yaouk to remind landowners to be vigilant and to encourage participation in the Orange Hawkweed Eradication Program. Modelling (wind patterns, habitat suitability etc) has identified areas where Hawkweed is more likely to occur along this western fringe. Landowners in these areas were contacted to advise that their properties were being targeted for surveillance this season using drones, weed detector dogs and volunteer surveillance groups. A media article was drafted during November alerting the public to the threat that Orange Hawkweed poses to our agricultural and environmental assets. Surveillance efforts kicked off in December. Drone surveillance has captured a significant amount of data, which has not yet resulted in the identification of any new sites. Known sites have been inspected onground using ground surveillance and Weed Detector Dog techniques. Only one site was active. All plants at this site were treated. Surveillance is continuing, though is expected to wrap up in early February.

OP Action Title: 7.2.1.1 High risk pathways inspected

Snowy Monaro Regional Council (SMRC)		Action and	Task Progre	ss Report- Standard		
Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Coordinator Biosecurity	In Progress	01-Jul-2022	30-Jun-2023	90%	59.00%	GREEN

**OP Action Progress Comments:** High risk pathways are those areas that act specifically as conduits for the spread of weeds, ie roadsides and waterways. The Biosecurity team monitor these areas continually; however specific inspections are undertaken during September/October and again during December/January. The initial inspection program was completed as planned during spring and the second inspection completed by end of January. Staff will continue to monitor these pathways throughout the remainder of summer and autumn. Surveillance of waterways has recently highlighted the presence of Watercress, Creeping buttercup, Blue water speedwell and Celery leaved buttercup, each of which has proven to be invasive weeds. Weeds like Coolatai grass occur in isolated patches along the Monaro highway and are spread by vehicle and plant movements. Surveillance at known Coolatai grass sites has occurred continuously throughout the summer months with plants only having been identified and controlled at the one site 4kms north of Bredbo. Chilean needle grass occurs along some roadsides and Travelling Stock Routes. Detection at the present time is extremely difficult, however surveillance at known sites has occurred and plants are controlled when identified. Hairy bittercress was identified during spring on the highway between Cooma and Bombala during a high risk pathway inspection. It is of little concern. A second road verge boomspray is scheduled the first week of February. While its primary purpose is maintaining line of sight on priority roads, it also provides a significant benefit to Council's Biosecurity program by treating any emergent weeds which have fallen off vehicles within 2m of the trafficable lane.

Last Updated: 30-Jan-2023

OP Action Title: 7.2.1.2 High risk sites eg nurseries, rest areas, camping sites inspected

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Coordinator Biosecurity	In Progress	01-Jul-2022	30-Jun-2023	75%	59.00%	GREEN

**OP Action Progress Comments:** High risk sites are routinely monitored throughout the year and form an important part of Council's property inspection program. These are typically high visitation sites or sites that pose a higher risk from the introduction of new weed species and include rest areas, camp grounds, boat ramps, river crossings etc. The high risk site list was reviewed during the year and increased from 250 to 325. 243 sites have been inspected to date this financial year, equating to 75% of the inspection target. The inspections have not yet identified anything particularly unexpected. Blue heliotrope was identified at the Numeralla River Rest Area some years ago and was again noted this year during the high risk site inspection. Blue heliotrope contains toxins and can cause mortalities in livestock. The Biosecurity Act 2015 does not make any reference to this weed. Like all weeds, it is cover by General Biosecurity Duty.

OP Action Title: 7.4.1.1 Public and private lands inspected						
Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Coordinator Biosecurity	In Progress	01-Jul-2022	30-Jun-2023	68%	59.00%	GREEN

**OP Action Progress Comments:** 94 property inspections were recorded for the month of January, taking the total number of inspections for the financial year to 1095, therefore exceeding inspection targets and ensuring that Council meets its Weeds Action Program commitments. The wet conditions which have hampered access to rural properties are finally easing, however the significant vegetative growth continues to make weed detection very difficult. Property inspections target all areas of a property where possible, with a particular focus on stockyards, haysheds, silos, gardens, dams and creek crossings where high priority weeds are more likely to have been introduced deliberately or inadvertently.

OP Action Title: 1.1.4.1 Provide informative and timely advice to customer enquiries in relation to development within the Council region

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Coordinator Development Assessment	In Progress	01-Jul-2022	30-Jun-2023	59%	59.00%	GREEN

**OP Action Progress Comments:** In the period 20/11/2022 to 19/01/2023, 3 formal Property Information Requests were issued.

Of these 100% were completed within 10 business days which exceeds the target of 70% for these application types. The planning staff continue to provide feedback and advice to customer enquiries over the phone, via email and face to face within the time frames stipulated by the customer service charter.

The decrease in the number of PIRs is due to Council now providing written advice on the 10.7(2)&(5) certificates, this is balance by an increase in the number of these types of certificates issued. The change in how Council is providing property advice is consistent with best practice. Property Information Requests are still available to customers to request copies of development documents or view information on property files (under the provisions of the Environmental Planning and Assessment Act 1979).

OP Action Title: 1.1.5.1 Council is required to upload data to the NSW Planning Portal for State Government Reporting to contribute towards state statistics and to report on Council's individual performance in relation to the assessment of development applications

#### Snowy Monaro Regional Council (SMRC) **Action and Task Progress Report- Standard** OP Action Title: 2.1.2.2 Deliver high quality services through community support programs **Responsible Person** Start Date End Date % Complete Target On Target % Status 65% 59.00% Manager Community Services In Progress 01-Jul-2022 30-Jun-2023 GREEN OP Action Progress Comments: There have been a lot of updates in the area of Community Support Programs with aged care reform impacting the way in which services are delivered. On 1 December 2022 there is a new Aged Care Code of Conduct being implemented. There has been a lot of preparation going into this involving Council Staff and Workforce as well as education and awareness. Additionally, on 1 December 2022 there is the introduction of the Serious Incident Response Scheme - this provides a process and structure to report incidents such as abuse and/or neglect to the Aged Care Quality and Safety Commission. Staff have also attended several webinars on changes to the Home Care Package program regarding what funds can and cannot be spent on. 06/02/2023 - There is an expectation that services will improve over the next period of time, with crucial positions being filled. Racheal Roehl has taken up the position of Coordinator, Community Support Programs and Jodi Humphries has begun as Team Leader Community Transport. This will allow the other quality staff within the unit to move back into their substantive roles, further strengthening delivery. Last Updated: 06-Feb-2023 OP Action Title: 4.3.1.1 Maintain Community Transport service provision through the ongoing recruitment and retainment of volunteer drivers **Responsible Person** Status Start Date End Date % Complete Target On Target % Manager Community Services In Progress 01-Jul-2022 30-Jun-2023 65% 59.00% GREEN OP Action Progress Comments: Outputs have not been met due to a lack of drivers, this remains consistent. We have notified Transport for NSW of the challenges with meeting outputs. We did receive approval to utilise unspent funds on a marketing campaign to launch in 2023 which is being scoped out. 06/02/2023 - The recruitment of a team leader will strengthen this team. There has also been another SMRC Driver employed who is excelling in this position. At the moment, there is sufficient volunteer drivers. **OP Action Progress Comments:** 25/11/2022 - All sporting fields and showground's have been maintained to a high level and utilised at high rates by the community. Banjo Patterson park remains partially flooded, with areas in Berridale and Bombala also inundated with water which has restricted mowing capabilities.

Banjo Patterson Livvi place had water impleading on the landing area of the flying fox. With the assistance of the WHS team a site risk assessment determined the playground be closed while the risk was present, the water dropped swiftly over a week and the park was re opened. the chain of the disabled flying fox was broken, staff have repaired and reinstalled.

Hatchery bike trail remains closed to general use, landholder consultation is underway to determine if the Ultra marathon event could proceed using the trail if canoes are used for the section flooded.

### Snowy Monaro Regional Council (SMRC)

### Action and Task Progress Report- Standard

2023/02/06 - Hatchery bay trail remains closed to high lake levels in Jindabyne. Jindabyne foreshore has been assessed with application to public works for remediation costs funding being processed. Correctional Services have assisted with foreshore pathway clearing. Parks have been mown and maintained and accessible for use over the busy summer period. *Last Updated: 06-Feb-2023*

**OP Action Progress Comments:** Ongoing throughout the year. Water testing will occur shortly at Adaminaby Transfer Station.

During August, Jindabyne Landfill will also have water samples tested, along with Cooma Landfill testing water samples in December.

Quarterly water samples are also taken from required licensed facilities throughout the year. 16.08.2022

Annual Water Report Due for Cooma Landfill in October 2022 (information is been gathered for this report ready for its submission, which is due early December 2022)

Annual Water Report for Cooma Landfill was lodged early November.

Continuation of water testing occurring as required.

a local contractor in Bombala has been engaged to undertake restoration works of the storm water channels at the Bombala Landfill ensuring that storm water is channeled correctly away from the landfill site. 7.12.2022

#### OP Action Title: 12.1.2.9 PROJECT: Community Halls Compliance and Upgrades (Strengthening Communities Safer Places Project)

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Project Support Officer	In Progress	01-Jul-2022	30-Jun-2023	45%	55.00%	AMBER

**OP Action Progress Comments:** Accomplishments & Completions:

Have completed all documentation for the Tender to go out in January 2023.

After meeting with Pip Giovanelli – Heritage Advisor on site at Bungarby Hall he advised that the Hall does not have any Heritage Status but would need to be carefully worked on for is historical aspects.

The week before Christmas we fitted a AED Defibrillator at Numeralla Hall – the community members met me out there and we fitted the AED Defibrillator to the outside of the building but out of eyesight from the street. We also put up signage.

Critical Issues:

Budget Constraints – Some Halls having more issues then the project budget will allow for.

Craigie Hall are leaning towards the option of a knock down rebuild but would like to see a plan of what they could have if they did go down that path. Craigie Hall is one of the worst halls we

#### Action and Task Progress Report- Standard

have and maintaining it and rectifying all the issues would end up costing way more than a rebuild. We will need to be in close contact with the Craigie Hall members and make a quick decision on which way to go as to not waste money and time.

#### Risks:

Community Expectations – as this project requires works to be undertaken at community maintained facilities it is crucial that there is a constant stream of communication between council and stakeholders. This will ensure that each party is kept up to date on the progress and development of the project.

Going over Budget – with over 60% of the grant funds being spent on construction works it is important to obtain realistic quotes and to allow for inflation and delays during this current building environment.

#### Next steps:

Tender documents are ready, we are hoping to open the Tender on Friday 20th January 2023 closing on Friday 20 February 2023. We have grouped 11 of the Halls together. We have left Bungarby on its own as it is one of the more complicated Halls with some historical aspects. We are also looking at leaving Mila Hall on its own as they need the works done quite quickly as they have other funding they need to spend on works which are to be undertaken after ours. Mila Community members were the only ones that recommended a few local contractors who have previously worked on the Hall. All the other committees did not have any recommended contactors. Coordinate First Aid Course. Roll out AED Defibrillator Quote for the generator interfaces Quote for purchase of satellite phones. Continued communication updates with 355 committees.

Budget status: Project is currently within budget. Have paid for AED's & Building Compliance Audit Reports. Will keep a close eye on the budget as we receive tender responses for the works. Have kept back a decent sum for contingency

#### Key items for Communication:

We will continue to be in communication with the 355 Committees as works are finalised, Tender documents have gone out and contractors engaged. There will be no works taking place until the appropriate members have agreed to the works and/or they have been notified to eliminate scheduling conflicts. We have added that Communication with a 355 Community Member representative will be required as part of the works.

Project Support Officer	In Progress	01-Jul-2022	31-Dec-2022	90%	100.00%	GREEN
OP Action Progress Comments: Accomplishments & Completions:						

All Fixtures and Fittings have been selected and ordered in December.

Change room fit out started on 9 January 2023 – ETC 26 January 2023 – Supplies may hold this up.

Steal roof structure was completed late December 2022 – Roof panels still to arrive.

Critical Issues:

06-Feb-23

Still waiting on notification from steal fabricator on the ETA of the roof panels. If there is a delay with supplies completion may not be until early February.

#### Risks:

Breach of Deadlines. My Final reporting date is 31 January 2023. I have contacted the Funding body and advised that due the delay in Steal supplies the project will not be completed until 31 January 2023 so we will require an extension just on the reporting.

The contractors are aware of the completion deadline and are providing us with updates of any issues as they arise.

Community Backlash - this project is taking place at a high traffic site. Only issues arisen so far are with touch footy and 1 community individual. All has been handled appropriately.

#### Next steps:

We will continue to be in contact with user groups keeping them up-to-date on expected timeframes and advising of any delays/future disruptions if they arise as the project comes an end.

#### Budget status:

We are waiting on a quote to add lighting to the new roof these works will be covered by our contingency funds. Otherwise, project is still within budget.

#### Key items for Communication:

Community user groups have been advised of these works.

Have had a few calls from 1 community member who is always asking when the project will be completed.

The Cricket Club would like to use the Bar and Canteen facilities on Australia Day and the Contactors are working hard to make this happen.

There was only one conflict but is was more of a miss communication – Touch footy contacted us asking how long the front of the canteen and bar would be out of action I did advise that it would be unavailable until the completion of the project (possibly February 2023). We discussed with them moving the site fencing so they could have access to the doors on the side. They were happy with this but miss understood and thought that it would only be for a week, after further discussion with them they were okay and understood. I explained that it is hard to fit the works in at the facility when it is used all the time and we picked a timeframe that effected the least amount of people.

We will continue to be in contact with the user groups as the project continues.

OP Action Title: 12.4.2.10 PROJECT: Jindabyne Skate Park Upgrade						
Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Project Support Officer	In Progress	01-Jul-2022	30-Jun-2023	55%	59.00%	GREEN

#### **OP Action Progress Comments:** Accomplishments & Completions:

Discussed the two conforming submissions with the Project Engagement Group. We have selected the contractor and have advised them of their successful submission. They were selected because of their value for money and the positive feedback received from other projects they have completed.

#### Critical Issues:

Went back to the successful submission and advised them that their budget was at the top end of our budget. They are happy to work within any budget and will submit a redesign after they hold a community consolation on site in late January/ early February.

Risks:

Community Expectations – We have established a project engagement group who we will work closely with in relation to the design and included extras of the skate park.

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
	In Progress	01-Jul-2022	30-Jun-2023	10%	59.00%	

Reconciliation of funding under the Stronger Communities Fund (SCF - Merger Fund) will determine funding allocation available for completion of this project if not included in SAP. Noting Pavers project will be difficult to realise until the issues with the awnings have been addressed (guttering, awnings and water run off must be addressed before pavers are replaced or they will need to be replaced in 50% of usual life span)

Awnings are responsibility of shop owners. Shop owners in Town Centre difficult to gain consensus no strata/body corporate in place to facilitate decision making.

**OP Action Progress Comments:** (See 9.3.1.2 joint project for Jindabyne Landfill Closure Plan - this project is for the design and land acquisition phases only of the new Waste Transfer Station [WTS])

ACCOMPLISHMENTS & COMPLETIONS: Concept Designs have been submitted to SMRC by GHD. A concept design meeting is being held week ending 27/01 to determine the layout and balance requirements and deliverables. Pre-DA meeting has been booked in for the purpose of confirming Statement of Environmental Effects (SEE) requirements.

CRITICAL ISSUES: Following the Masterplan Review Meeting (which was completed later than planned) GHD has taken longer than programmed to produce the Concept Designs. Overall the project is now a bit behind schedule.

RISKS: Schedule is currently the biggest risk; in addition to the point above there are a lot of other council's carrying out similar projects and an interest in adopting one thing from this Council's WTS design and something else from another's threatens to cause repeated delays in the design phase. The project PM will be required to ensure that scope creep doesn't out-pace the base requirements of the WTS in the context of the community's expectations of SMRC's waste services.

NEXT STEPS: Concept Design Meeting with GHD and pre-DA meeting with planners. WTS Concept Design will include SMRC's preferred road alignment and roundabout integration for the new WTS and the new Connector Road.

BUDGET STATUS: There have been no new variations discussed or submitted since Variation 03. Variations 01-03 are all approved.

KEY ITEMS FOR COMMUNICATION: Design and planning, while slightly behind schedule are progressing nicely.

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Project Specialist	In Progress	01-Jul-2022	30-Jun-2023	25%	25.00%	GREEN

**OP Action Progress Comments:** Accomplishments & Completions: Contractor will also be winning material from Stevenson's Quarry as well as hauling material from quarry to Delegate Landfill site. This has increased the value of the contract.

Critical Issues: NIL

Risks: Lack of Council resources has meant that the contractor will now be providing and hauling material to the landfill site. The risk will be if the contractor can carry out this work in a timely manner.

Next steps: Corporate Projects working with Quarry Manager and Infrastructure to engage with contractor with one contract to ensure seamless delivery and handover

Budget status: Works are on budget.

Communications: NIL

#### Action and Task Progress Report-Standard

System Administration

2023 01 08 - Upgrade Domain Controller operating system

Snowy Monaro Regional Council (SMRC)

2022 11 24 - Production server host reported device failure. Maintenance and restart has returned it to service.

Phones and computer replacement following lightning strike around Werri Nina

2022 10 25 - Decommission of legacy systems is progressing

Last Updated: 19-Jan-2023

OP Action Title: 11.1.6.1 PROJECT: Undertake the Capital Leasing Production Server and Storage Hardware Replacement Program for the financial year

Responsible Person	Status	Start Date	End Date	% Complete	Target	On Target %
Coordinator ICT	In Progress	01-Jul-2022	30-Jun-2023	59%	59.00%	GREEN

**OP Action Progress Comments:** 2023 01 09 - Specifications published to LGP VendorPanel. Closure date set as 31 January 2023. 2023 01 06 - RFQ specifications completed and reviewed.

2022 11 24 - Cloud Migration framework modelling conducted by Telstra Purple confirmed that the proposed on-prem refresh is the most appropriate step at this point in Councils cloud strategy as the organisation is not in a position to migrate to a public or private hosted cloud solution. Recommendation would be to undertake an application and systems review to determine what council's technology requirements are and how best to deliver those solutions cost effectively.

Specifications will now be finalised and a selective tender process initiated through local government procurement for replacement of the five year production server farm.

2022 10 25 - Engaged Telstra Purple for free Cloud Readiness assessment to identify alternatives to an on-premises infrastructure upgrade.

2022 09 16 - Vendor meeting to discuss and amend specification proposal.

2022 09 05 - Server and storage specification proposal received from vendor.

2022 08 24 - Specification development ongoing.

Team Leader Strategic Planning	In Progress	01-Jul-2022	30-Jun-2023	67%	58.31%	GREEN

**OP Action Progress Comments:** A significant amount of staff resources have gone towards supporting community groups to plan and deliver their own events, access grant funding and enable volunteerism. An example of this is Council collaboration with Schools to run the all schools NAIDOC week event. Another example is coordinating the Jindabyne Community Safety meeting working with many community groups to empower them to achieve positive outcomes. To progress outcomes from the Jindabyne community safety meeting, a meeting has been held to discuss youth related services in Jindabyne. Support letter provided to a renge of community groups to assist with grant funding applications including the Bombala Show. No further update. *Last Updated: 02-Feb-2023*

Coordinator Strategy Development	In Progress	01-Jul-2022	30-Jun-2023	25%	10.00%	GREEN

**OP Action Progress Comments:** Investigation of funding opportunities underway. High-level enquiries with CivicRisk Mutual have already taken place to determine whether any opportunities exist through our insurer for an internal climate risk assessment for the organisation; unfortunately, no funding is available to support such an initiative. External funding opportunities have been pursued. Likely, some grant to Council from NSW Dept Planning for reimbursement for Council staff time towards the SAP over the next 12 months will take place. An internal decision has been made to use these funds to deliver a Climate Change Resilience Strategy in FY 2022/2023. This Strategy will be outsourced due to internal capacity and subject matter expertise not currently within Council. We are waiting for revenue to be received at Council. The scope is being drafted and is nearing completion ready to seek costings from suitable consultants.

### 9.3.2 DONATIONS AND SPONSORSHIP - MICHELAGO HALL COMMITTEE REQUEST TO REDIRECT FUNDS

Record No: I23/14

#### **OFFICER'S RECOMMENDATION**

That Council approve the request from the Michelago Hall and Tennis Courts Management Committee to redirect Donation and Sponsorship funding to resealing of the hall floors.

#### ISSUES

The Michelago Hall and Tennis Courts Management Committee received funding in 2021 from Council's donations and sponsorship program, the committee are requesting to redirect this funding to a different project.

#### **RISK ASSESSMENT**

Risk Type	Current Risk	Expected Risk	Within Accepted
Asset Management	Low	Low	Yes
Financial Sustainability	Low	Low	Yes
Health and Safety	Low	Low	Yes
Service Delivery	Low	Low	Yes

#### **FINANCIAL IMPACTS**

There are no direct impacts on council. The Michelago hall is owned by council and the committee are delegated to care for and maintain the facility by raising funds through hire. The funds received through the hire are directed back into the facility for the general upkeep and minor maintenance.

**RESPONSIBLE OFFICER:** Coordinator Governance

#### **OPTIONS CONSIDERED**

Council may consider rejecting the request. This would prompt a request for the committee to return the funds to council.

#### **IMPLEMENTATION PLANS**

Following the council meeting the committee will be advised of council's decision.

The funds held by the committee are required to be acquitted, follow up on the acquittal of funds will commence following a council decision.

#### **EXISTING POLICY/DECISIONS**

Donations and Sponsorship Policy, 5 Approval:

All requests for financial assistance will be considered by the elected council who will be provided with a report on a yearly basis to consider which applications will be funded and to what amount.

The Local Government Act 1993, section 356:

(1) A council may, in accordance with a resolution of the council, contribute money or otherwise grant financial assistance to persons for the purpose of exercising its functions.

### Council resolution 147A/21 June 2021. BACKGROUND

In June 2021 the Michelago Hall and Tennis Courts Management committee were successful in receiving \$4,723 for their project 'Michelago Memorial Hall Revival', council resolution 147A/21. This project involved an open day at the Michelago Hall and working bee to beautify the hall.

The project was scheduled to take place in August that year. Unfortunately this project was unable to go ahead due to COVID-19 restrictions. The committee were advised they could retain the funds as they had expressed their intention to continue with the project at a later date.

The committee advised council in November 2022 they no longer had the capacity to complete the hall revival project and have requested the funds be redirected to another project; resealing of the wooden floors. The committee have provided 4 quotes and photographs of the current state of the floors to support their request. It is anticipated work would be able to commence in February, pending a formal decision from council.

Project / Activity Details	
Name of Project / Activity	Michelago Memorial Hall Revival
	Every community needs a beating heart. For Michelago, this role has been fulfilled for decades by its iconic Memorial Hall. After a period of relative obscurity where the Hall was underutilized and in need of love, an energetic, forward-looking committee has recently been formed which wants to reposition the Memorial Hall as Michelago's central focus.
	After the January 2020 fires which traumatized Michelago and its surrounds, as well as the disheartening months of the Covid-19 lockdown, the Committee believe the time is right for Michelago's heart to start bealing once again. The Committee in its short time has already reorganised the Hall's booking system which has made access a breeze and advertised the Hall's booking system which has made access a breeze and advertised the Hall's booking system which has made access a breeze and advertised the Hall's booking system which has made access a breeze and advertised the Hall's availability on the mMichelago Notice Board Facebook page. Repairs have been scoped with Council, bookings are coming in, and the community is once again excited by the multiple oportunities oftered by the Hall. The time has come to publicize more widely that the Hall is open for business and involve the community in its beautification.
	Some landscaping is required at the front. The less than optimal acoustics of the Hall which werewith pointed out as an OH&S issue by one Hall user can be improved with thicker, professionally made curtains and panels of canvass material hung on one wall, on which every community group will be invited to paint their own stories. In order to achieve the Hall's beautification and enhance the community's proud ownership of the Hall, we have planned an Open Day weekend in August of September to signal to the community that the Hall is open for business. All present, past and future Hall users, and the whole community will be invited to take part in a Working Bee to landscape the immediate surrounds of the Hall. Each participant will provide whole community will be invited to take part in a Working Bee to landscape the immediate surrounds of the Hall. Each participant will provide their own tools and we are requesting funds to plant tose bushes and rosemary plants, in keeping with the Memorial character of the Hall.
Briefly describe the Project / Activity	<ul> <li>A BBC/ sausage sizzle will be held for which we are requesting funds to feed all the visitors and volunteers</li> <li>Participation of local musical talent will be sought.</li> <li>Canvass painting. Some canvass material will be purchased and given to each local community group to illustrate their own stories. It is anticipated such activity will be started on the Open Day and continue until completion.</li> </ul>
· · · · · · · · · · · · · · · · · · ·	Prior to the day, thicker curtains to improve the Hall's acoustics will be made and installed by our volunteers

\_

Amount of Funding Requested	TOTAL Requested Amount \$4,723
	The <b>TOTAL</b> requested amount will comprise of the following:
	The sum of all costs for the project or activity including; costs for any/all service whether supplied by Council or other suppliers/contractors, for which you a intent on using the requested funds for.
	If you require any of the below services from Council, you need to submit copi of quotes from the respective Council department in your application, and inclu the value for that service in the requested amount.
	<b>Example 1</b> : If you require \$200.00 cash for an event, plus Waste Management fees, you must obtain a quote from Council <u>before</u> submitting your application for Waste Services, and the total requested amount must include that fee, as well as any other requested amount. <i>i.e. Cash (\$200) + Waste (\$800) = Total requested amount of \$1000.</i>
	<b>Example 2:</b> If you are intending on using a contractor to man a road closure at a event, and they provide you with a quote of \$500, and you also wish Council to provide Waste Management (bins and removal, for which the give you a quote of \$500) <i>Contractor quote (\$500)+ Council quote (\$500) = total amount of \$1000</i>
	Council will pay you the total amount requested (if you are successful), and then y are responsible to pay for the services yourself, from the funding amount. Follow this, <b>you then have to provide the receipts in the acquittal process</b> .
	Please call the Governance team if you require clarification – 1300 345 345.
	<ul> <li>Waste Management. E.g. Provision of bins / rubbish and recycling removal (Includes staff time for drop off and collection);</li> <li>Mowing / Gardening;</li> <li>Road Closures (Includes Staff time);</li> </ul>
	<ul> <li>Fee Waivers. E.g. DA / Hall Hire Fees, (Security deposits will need be paid by the applicant but will be refunded provided no damage incurred);</li> <li>Promotion via Print Media (Council Website Advertisement etc.)</li> </ul>
	Other – Please outline
Project / Activity Financi	
Financial Details of the Project or Activity for which assistance is sough	<ul> <li>Thick, high quality curtains for six windows: \$1800</li> <li>Publicizing of event through the printing of leaflet and posters, and letter box drop of leaflets \$200</li> <li>Cost of food and soft drinks for BBQ: \$500</li> <li>Plants purchase : \$300</li> <li>Canvass and other textile and art supplies: \$1,600</li> <li>Hire of the hall: \$123</li> <li>Signage of the event on Monaro Highway at approriate, safe locations by Sandwich Boards x 2 \$20</li> </ul>

Subject:	Re: Request to Redirect Funds : Donations & Sponsorship Acquittal Notification

#### Hi Erin,

As per the email trail below the donation/sponsorship funds that we wish to have redirected towards the resealing of the floors is the **\$4,723 from SMRC's Donations and Sponsorship funding round FY22 July to December.** 

This application was written by Isabelle Thorpe and she was to deliver it but she has not attended meetings or been engaged in anything to do with the hall for many, many months now and has also now requested a leave of absence. The 5 of us who are not on leave of absence from the committee do not have the time capacity to fulfill this grant.

Suthern Floors and Capital Timber Floors have both confirmed that their quotes remain the same.

The job will take 4 days to complete. Capital Timber Floors have said they could start on 13/2/23 but I am unable to confirm for anyone to start without knowing if the \$4,723 can be allocated to this project instead.

Attached are photos of the floor for your records and confirming as per the quotes that this is for sanding back and resealing of the floors, there is no colour change (although the floor is already 2-toned so I doubt they could make it any worse!).

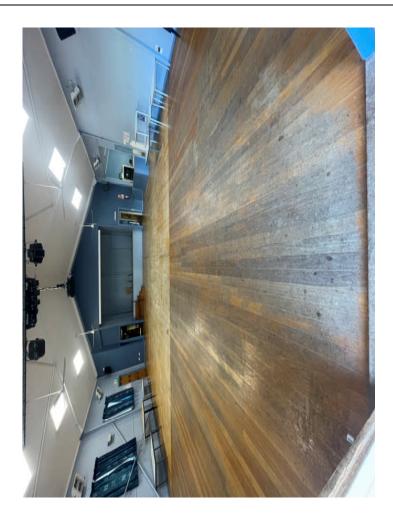

The \$1,550 that we received for the door to the storage area and \$900 from Boco Rock remains to be used for installation of the door. The carpenter should be doing this job on Tuesday next week and we will need those funds to pay for that. We **do not** want to re-direct that funding towards the floors.

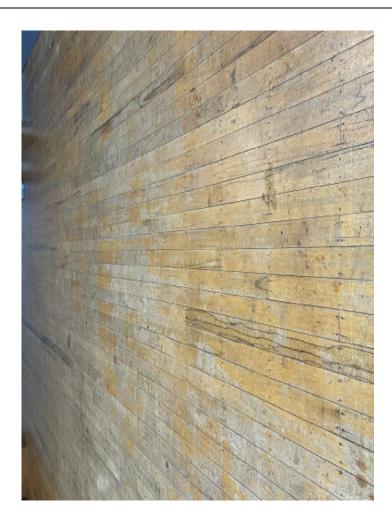

1

Could you please advise when we will receive a decision from Council?

Thank you, Belinda

#### 9.3.2 DONATIONS AND SPONSORSHIP - MICHELAGO HALL COMMITTEE REQUEST TO REDIRECT FUNDS ATTACHMENT 7 E-MAIL - MICHELAGO HALL REQUEST TO REDIRECT DONATIONS AND SPONSORSHIP FUNDS Page 174

#### Hi Belinda

Thank you for the follow up e-mail. I hope you enjoyed your Christmas and new year's.

As the original allocation of funding was approved from councils Donations and Sponsorship program, the request to redirect funding will be sent to council for consideration. You have mentioned in a previous e-mail that the pricing on the quotes originally obtained may have changed. Per my colleagues e-mail dated 9 December 2022, and for us to provide council with the most current information, can you please provide the following;

- 1. Updated quotes
- 2. Detail the project schedule, specifically an intended start and completion date

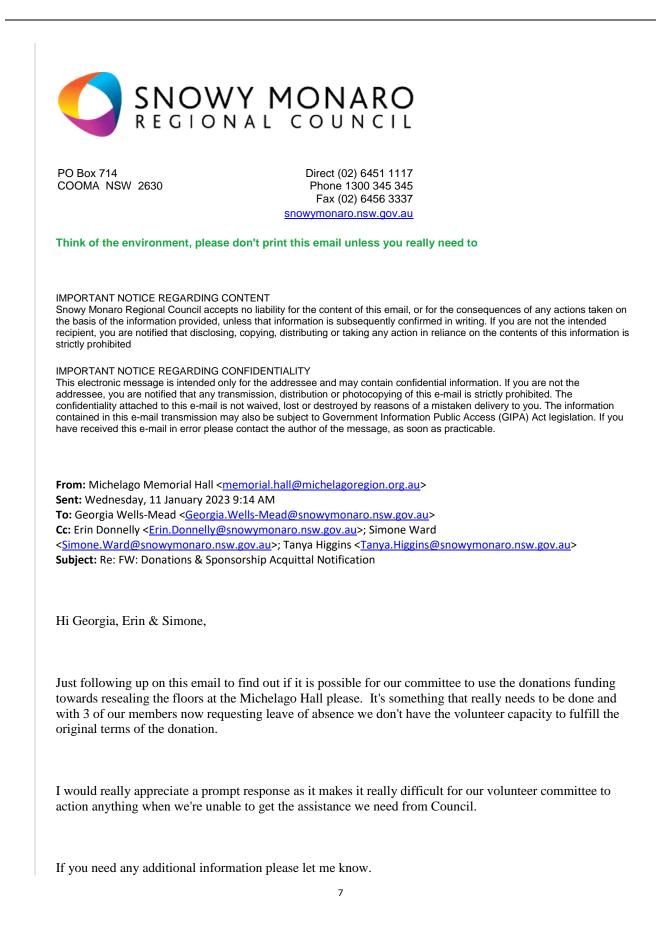

I confirm Simone Ward has contacted you to discuss the proposed works. Following the receipt of the above information, the request will then be sent to Council.

The 22FY Donations and Sponsorship application, the Michelago Hall and Tennis Courts committee was successful in receiving \$1,550.00 for the project; Install and paint sliding doors to close off the hall's storage area. This project also has committed Boco Rock funding, to the amount of \$900.

If the committee is successful in gaining approval to redirect the \$1,550.00 for the purpose of resealing the floors, can you kindly confirm the committee can complete the installation of the sliding doors using the \$900 Boco Rock funding, and when this project is expected to be completed?

Kind regards

Erin Donnelly Governance Officer

Belinda

On Mon, 12 Dec 2022 at 16:50, Michelago Memorial Hall <<u>memorial.hall@michelagoregion.org.au</u>> wrote:

Thanks Georgia! Please find attached the 3 quotes we've received. These were provided to us a while ago and have been provided to council several times now so the pricing may have changed but I will confirm this with the suppliers when we know if we can go ahead or not. I believe Teena was also going to send someone out at some point to review the floor but we didn't hear back on the outcome of this.

Our preference is for either Suthern Floors or Capital Flooring to complete the works if possible, as they use the newer less toxic products and given we have the preschool children in there once a week we really don't want to be using anything too toxic.

If you need any additional information please don't hesitate to ask.

Thanks for your help!

Belinda

Hi Belinda,

Thank you for your email. Please note we are currently looking into this request and any required approvals. In the meantime can you please send through 3 separate quotes, if there are any specific approvals required by council to complete this project please contact the relevant council officer (Simone Ward) to gain consent and provide us with a copy of their approval.

Finally, please provide an outline of your projected scheduled, even if it is an estimate of works, that includes start and finish dates, along with any project milestones.

If you require any further information please let me know.

Thanks,
Belinda

9.3.3 DECISION ON THE ADMINISTRATION OF THE 2024 COUNCIL ELECTION

#### 9.3.3 DECISION ON THE ADMINISTRATION OF THE 2024 COUNCIL ELECTION

Record No: 122/823

#### OFFICER'S RECOMMENDATION

That Council

- 1. Pursuant to s. 296(2) and (3) of the *Local Government Act 1993* (NSW) ("the Act") that an election arrangement be entered into by contract for the Electoral Commissioner to administer all elections of the Council.
- 2. Pursuant to s. 296(2) and (3) of the Act, as applied and modified by s. 18, that a council poll arrangement be entered into by contract for the Electoral Commissioner to administer all council polls of the Council.
- 3. Pursuant to s. 296(2) and (3) of the Act, as applied and modified by s. 18, that a constitutional referendum arrangement be entered into by contract for the Electoral Commissioner to administer all constitutional referenda of the Council.

#### ISSUES

Council has received notification from the Office of Local Government that a decision on the administration of the council election in 2024 is required by 13 March 2023.

If Council fails to make a decision on the administration of the Council elections by 13 March 2023, it will be unable to engage the New South Wales Electoral Commission (NSWEC) and will be required to source and engage another electoral service provider under s296A of the Local Government Act 1993 (the Act).

The recommendation is structured to allow maximum flexibility by allowing for the possibility of Council resolving to undertake a poll or referendum in conjunction with the general election.

#### **RISK ASSESSMENT**

Risk Type	Current	Expected	Within
	Risk	Risk	Accepted
Financial Sustainability	Low	Low	Yes
Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	Low	Low	Yes
Service Delivery	Low	Low	Yes

Engaging NSWEC will secure compliant services for the 2024 council election and mitigate known risks.

Failing to secure a suitable provider of electoral services will result in Council failing to meet legislative requirements, potentially incur significant and currently unknowable costs and damage to Council's reputation.

#### 9.3.3 DECISION ON THE ADMINISTRATION OF THE 2024 COUNCIL ELECTION

#### **FINANCIAL IMPACTS**

The estimated costs of the 2024 electoral services provided by NSWEC are \$253,753.

It is recommended that a budget of \$270,000 be allocated to allow for unforeseeable increases and potential costs incurred if a countback election is required.

#### **RESPONSIBLE OFFICER:** Coordinator Governance

#### **OPTIONS CONSIDERED**

There is an alternate provider for electoral services for local government elections being the Australian Electoral Company (AEC). If AEC were to cease trading between now and the 2024 election, Council's will have no obvious alternate with NSWEC unavailable.

At the 2021 council election 123 of the 125 elections were conducted by the NSWEC. The two Council's that conducted their own elections were large metropolitan councils being Fairfield and Penrith.

Feedback from other council's indicate a preference for NSWEC in that while at times AEC submitted lower quotes for service the impost in internal staff as a result resulted in no perceived advantage.

For these reasons the AEC option is not recommended.

#### **IMPLEMENTATION PLANS**

Notification will be sent to the NSWEC of council's decision to engage following the meeting prior to 13 March 2023.

Following this notification, council is required to enter into an election arrangement with the NSWEC, this must be finalised by 13 June 2023.

#### **EXISTING POLICY/DECISIONS**

The Local Government Act 1993, s296AA.

#### BACKGROUND

The election arrangement with NSWEC is a standardised contract. The service schedule and costs schedule of the contract are made by the NSWEC in consultation with Council.

Where a Council resolves to engage the NSWEC to administer its elections, polls and referenda, the election arrangement with the NSWEC will apply to the 2024 Council election and every election, poll and referendum including any by-election or countback election until the contract is automatically terminated 18 months before the following council election.

#### ATTACHMENTS Nil

### 9.3.4 CREATE A BANK OF COUNCIL APPROVED ROAD NAMES FOR PRODUCTIVITY GAINS WITHIN STRATEGY PORTFOLIO

Record No: I22/831

#### **OFFICER'S RECOMMENDATION**

That Council endorse the first stage of community consultation and engagement to call for road name suggestions that fall within the Geographical Names Board road naming policy, as part of a larger project to create a road name bank.

#### ISSUES

Council is responsible for facilitating the naming of roads within the LGA before finalisation with the Geographical Names Board (GNB). Typical road naming volumes are between five and ten per year. With a significant number of subdivisions in various stages of planning, this volume will increase substantially over the next five years.

Approximately 30 roads are expected to require naming during 2023 and up to 80 over the next five years. These volumes, under the existing process, will result in significant internal resourcing pressure for the Geographical Information Systems (GIS) program and put increased pressure on subdivision approval assessment times, emphasising the need to implement a more efficient road naming process.

The establishment of a Council approved Road Name Bank has been determined to be the best mechanism to improve efficiency. It will allow for provision of:

- Names that are meaningful and acceptable to the local community
- Names that comply with the guidelines of the Geographical Names Board naming policy.
- Reduction in name research effort, typically a substantial requirement.
- A road name bank that is as extensive and locally relevant as practical
- Reduction of pressure on resourcing demands
- Downward pressure on development assessment/subdivision certification timeframes

The stages required to establish the Road Name Bank are:

- 1) Stage 1 Community Engagement to provide road name suggestions (and associated supporting information where possible) that are meaningful for the local community and are within Geographical Names Board road naming policies.
- Stage 2 community feedback on the full list of road names pre-approved by Council after Stage 1 community engagement results are collated, considered and presented to Council
- 3) Final Council approval of the road name bank and associated changes in road naming governance and processes within SMRC.

The purpose of this report is to gain endorsement for Stage 1 community engagement.

#### **RISK ASSESSMENT**

Risk Type		Expected Risk	Within Accepted
Asset Management	Low	Low	Yes
Economic Activity	Low	Low	Yes
Environmental Security	Low	Low	Yes
External Political Environment	Low	Low	Yes
Financial Sustainability	Low	Low	Yes
Health and Safety		Low	Yes
Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	Low	Low	Yes
Service Delivery	High	Medium	Yes

#### Service Delivery

The project aims to mitigate a service delivery risk due to the significant increase in time to name roads, resulting in impacts on DA assessment and subdivision certificate processing timeframes. The GNB approval time is anticipated to decrease from current 3+ months, to less than 2 weeks. The efficiencies derived at this stage will also improve the parent DA or subdivision assessment process.

By taking no action, a significant increase in staff time to finalise road naming proposals is expected due to increased volumes. This project will reduce workload stresses on internal GIS, property information processes and subsequent impacts on external service delivery. Functions potentially affected are:

• asset maintenance, development assessment, strategic planning, property information for revenue, property management and creation of Section 10.7 certificates.

#### **FINANCIAL IMPACTS**

The upfront time and cost will be absorbed with existing resources and budgets. The outcome of introducing this process will be a significant reduction in time to administer the road naming process, resulting in operational productivity gains and efficiencies.

**RESPONSIBLE OFFICER:** Geographic Information Systems (GIS) Officer

#### **OPTIONS CONSIDERED**

The only other option available is continuing the existing road naming processes. This option is not viable due to the significant negative impact on the ability to resource existing GIS functions within SMRC.

## IMPLEMENTATION PLANS

Council will undertake community engagement using the following process:

- Prepare community engagement strategy (Attachment 1 Engagement Strategy SMRC Road Name Bank).
- Undertake consultation and engagement for suggested road names that are appropriate and meaningful to local communities and are within the GNB road naming policy.
- Planned engagement to be in March 2023.
- Submissions from the community engagement to be collated by the GIS Administrator with assistance from the SMRC Engagement Officer.
- Prepare a post-exhibition report for Council detailing the list of names accepted, suburbs each name is appropriate to, key stakeholder connections ie aboriginal community, descendants of commemorative names and also local community relevance of each name.

### **EXISTING POLICY/DECISIONS**

Road naming is to adhere to the 2021 NSW Address Guidelines and User Manual. Link:

https://www.gnb.nsw.gov.au/\_\_data/assets/pdf\_file/0004/229216/NSW\_Address\_Policy\_and\_ User\_Manual\_2021.pdf

#### BACKGROUND

There is an increasing volume of new subdivision proposals at various stages of the planning process. Each subdivision requires:

- Naming of new roads
- Allocation of addresses prior to subdivision certificate issue.
- Creation of parcel records in property and revenue once registered with NSW Land Registry Service (LRS).

Based on current and known upcoming subdivision proposals, the following is required:

- Allocation of up to 80 new road names
- Some multi-stage developments will take 5+ years to complete
- Approximately 30 new roads require naming during 2023 (normally 5 to 10 annually)
- Creation of 1500 known new land parcels
- Approximately 500 new land parcels over normal annual processing for 2024 FY.

The focus of this report is endorsement of the Stage 1 community engagement for a road name bank planned to commence in March 2023. It is a key output of this project to propose road names that are suggested by, closely tied to, and meaningful for local communities. Therefore, Stage 1 community engagement is considered crucial to the success of the project.

SNOWY MONARO REGIONAL COUNCIL

Road Name Bank Consultation

## 1 Background

Snowy Monaro Regional Council (SMRC) is responsible for facilitating the name of roads with our local government area. Currently the volume of roads to be named annually is less than ten, however with a large number of subdivisions in various stages of planning this volume is expected to increase substantially over the next five years. Until the end of 2023, the number of roads to be named is estimated at approximately 30 roads.

For each of these subdivisions, the Geographic Information System (GIS) Administrator within the Information Communication and Technology (ICT) team will also allocate addresses according to the NSW Addressing Policy and User Manual for each land parcel in the subdivision and will add each of these land parcels into the Authority Corporate Information System (CIS) property module. These tasks will also see a substantial increase over the next five years as new subdivisions come on line with an estimated increase in new parcel creations for 2023 of more than 500 records.

This increase in subdivision proposals represents a very substantial increase in workload for GIS to create approved and gazetted road names with the Geographic Names Board and to create new property records in Authority. Significant gains in efficiency are required to:

- 1) Reduce risk of delays to the subdivision certification process carried out by the Development Assessment team and subsequent risk of slowing release of new land
- 2) Reduce strain on the development assessment process and its ability to meet required timeframes for assessing and approving applications for subdivision certificates
- 3) Continue incorporating new land parcels into SMRC;s Corporate Information System Property module in a timely and accurate manner for use in generating Section 10.7 Certificates by the Development Assessment team within required timeframes and to allow Revenue Officers to create new property records in the CIS Revenue module in a timely and accurate manner.
- 4) To ensure the provision of GIS services for other functions within SMRC is maintained rather than being impacted by increased resource constraints.

Reviewing the processes for road naming, new subdivision addressing and creation of new land parcels in Authority, it was concluded the greatest gains in efficiency were to be found in road naming processes. The mechanism proposed for this is the creation of a Council approved road name bank after a two-stage community engagement effort.

- Stage 1 to engage the community to provide road name suggestions that are meaningful for the local community and are within Geographical Names Board road naming policies and
- 2) Stage 2 for community feedback on the full list of road names pre-approved by Council after Stage 1 of community engagement results are collated and considered.
- 3) Final Council approval of the road name bank and associated changes in road naming governance and processes within SMRC.

It is expected there will be a significant increase in time taken to administer the road naming process based in response to the increase in proposed subdivisions. There is a high risk to service delivery if the current processes continue through:

 Significant increase in delays naming roads, leading to this becoming a key constraint on time taken to complete subdivision certificates and resultant delays in provision of new land by private developers. Creation of the road name bank will decrease the time taken for GNB approval to less than two weeks compared to the current more than three months. This risk is considered to be within acceptable limits if the road name bank is created.

250.YYYY.DN.1	Issue Date:	Revision Date:	Page 4 of 9

ATTACHMENT 1 ENGAGEMENT STRATEGY - SMRC ROAD NAME BANK

SNOWY MONARO REGIONAL COUNCIL

Road Name Bank Consultation

2) Stress on resourcing internal GIS and property information functions that SMRC teams and staff rely on and consequent impacts on external service delivery ie. asset maintenance, development assessment, strategic planning, property information for revenue or creating Section 10.7 certificates.

The creation of the road name bank aims to minimise the risk, however it will not be fully mitigated by this process alone. Significant time is also invested in allocating addresses and particularly creating new land parcel records in the CIS when new subdivisions are released. Both of these functions are more limited in SMRC's ability to leverage further gains in process efficiency.

## 2 Next steps

**Phase one** – to collaborate with our community to gain road name suggestions that are meaningful to the local community and are within Geographical Names Board road naming policies

**Phase two** – come back to the community for feedback on the full list of road names preapproved by Council after phase one of community engagement results are collated and considered

**Phase three** – final report to Council seeking approval of the road name bank and associated changes in road naming governance and processes within SMRC.

## 3 Why are we engaging?

There is an increasing volume of new subdivision proposals at various stages of the planning process, from pre-lodgment concepts to approaching readiness for issue of Subdivision Certificates. Each subdivision requires the naming of any new roads created within it and the allocation of addresses before a subdivision certificate is issued.

Based on current and known upcoming subdivision proposals this will amount to 70-80 new road names in total above normal. Some are multi-stage developments that will take more than five years to complete the planning process including naming of roads.

New roads from subdivisions in advanced planning likely to require naming by the end of 2023 is estimated at approximately 30 roads.

Currently each road name takes three to six months to complete the approval process. By creating a name bank for our region we aim to streamline and reduce the time required to complete this process. Saving time and money for both Council and the applicant.

To ensure our community is well-informed, has an opportunity to consulted and involved in this project the consultation process across our region must be tailored to cater to our key stakeholders to provide ample opportunity for participation.

#### We have and will:

- clearly communicate the scope of the project
- use an appropriate variety of engagement methods to ensure community awareness and has an opportunity to provide input
- ensure the community is aware of the need for and process changes in relation to the project

Page 194

SNOWY MONARO REGIONAL COUNCIL

Road Name Bank Consultation

### 4 What is community engagement?

At its simplest, community engagement at our Council means giving the residents and ratepayers of the Snowy Monaro a meaningful say in what we do and how we do it.

We use the International Association of Public Participation (IAP2) Public Participation Spectrum as the basis for Council's community engagement activities.

The table below outlines the different levels of input and influence the community may have over a particular project. It is our goal to give the people of the Snowy Monaro as much say as the legislation, regulation, and practical realities of a given project allow. For the purpose of this Community Engagement Plan, Council will Inform, Consult and Involve the identified stakeholders in our community region-wide.

Table 4-1 – IAP 2 Framework

Increa	Increasing impact on the decision				
	Inform	Consult	Involve	Collaborate	Empower
Public Participation Goal	To provide the public with balanced and objective information to assist them in understanding the problem, alternatives opportunities and/ or solutions	To obtain public feedback on analysis, alternatives and/or decisions	To work directly with the public throughout the process to ensure that public concerns and aspirations are consistently understood and considered	To partner with the public in each aspect of the decision including the development of alternatives and the identification of the preferred solution	To place final decision making in the hands of the public
Promise to the Public	We will keep you informed	We will keep you informed, listen to and acknowledge concerns and aspirations, and provide feedback on how public input influenced the decision	We will work with you to ensure that your concerns and aspirations are directly reflected in the alternatives developed and provide feedback on how public input influenced decision	We will look to you for advice and innovation in formulating solutions and incorporate your advice and recommendations into the decisions to the maximum extent possible	We will implement what you decide

SNOWY MONARO REGIONAL COUNCIL

Road Name Bank Consultation

#### 5 Roles and responsibilities

The Community Engagement process is based on the roles and responsibilities below:

Roles and Responsibilities				
Mayor and Councillors	Demonstrate commitment to community through effective engagement including liaison with community, collaboration and contribution to engagement. Establish partnerships while representing and advocating for the best interests of the community.			
CEO	Ensure compliance with legislative obligations and GNB policies, oversee adequate delegation and endorse initiatives that are appropriate and inclusive.			
Employees	Ensure planned processes are consistent, aligned with relevant regional, state and federal equivalents and delivered in alignment with Council's values. Report back on how data collected through engagement has influenced the decision. Regularly monitor and evaluate the effectiveness of processes.			
Community	Openly and actively participate in a variety of engagement opportunities. Provide respectful contributions through various means to ensure the community's voice is heard in decision-making activities. Deliver feedback on practices or process where improvements are identified.			

## 6 Who will we engage with?

We will engage with all community members, including individuals, group of individuals, organisation or political entity with an interest in the outcome of this project.

Stakeholders may be, or perceive that they may be, affected directly or indirectly by the outcome of the decision. Internal Stakeholders (individuals who work for or with the decision-making organisation) are also part of the community and the community participation process should reflect their needs as well.

The Community, the Elected Representatives and Employees have been identified as stakeholders for this Community Engagement Plan.

Stakeholder identification	
Elected Representatives	Councillors are an important connection with our community
Community	The road name bank is a region wide project.

	n Date: Page 7 of 9
--	---------------------

ATTACHMENT 1 ENGAGEMENT STRATEGY - SMRC ROAD NAME BANK

SNOWY MONARO REGIONAL COUNCIL

Road Name Bank Consultation

Employees

Employees in most instances are also residents of the Snowy Monaro region and as such, are an important connection with our community.

In addition to the above broad groups we will develop appropriate targeted engagement opportunities for:

- Aboriginal community leaders
- Regional historical societies and groups
- Young people
- Business and industry groups
- Community and interest groups
- Media

### 7 How and when will we engage?

The Community Engagement Action Plan below outlines actions and timeframes for engaging the community in the development of the road name bank.

Technique	Engagement Method	Timeframe
	Council Website	
	Media release and links	March & April 2023
	Your Say website – information, explanation, download and survey link	
	<b>Media release</b> Sent to media and community groups	
Inform	Posters	
	Social Media posts	
	eNewsletter distribution	
	Emails to key stakeholders	
	Information Stall at Country Shows	March 2023
Consult	Information Stall at Country Shows	March 2023
	Delegate. Dalgety, Cooma and Bombala Country Shows	
	Council Website	March & April 2023
	Your Say online survey	
	Media releases	
	Your Say website	
	Information, explanation, download and survey link	
	Written submissions	
	Hard copy survey at key Council locations eg. offices and libraries

## 8 Reporting back and closing the loop

After the community engagement is completed, Council will:

- Collate and analyse what the community told us
- Report this back to the community
- Inform decision makers
- Inform the community of the decision
- Explain how the decision was made and the influence of community input
- Evaluate the engagement process

The outcome of the community engagement and subsequent relevant decisions will be communicated through a variety of methods including:

- Councillor briefings
- Updates and information posted on Council's social media
- Website updates
- Media releases
- Report to Council, seeking approval of the road name bank and associated changes in road naming governance and processes within SMRC.

## 9 Evaluation

To ensure the consultation to collect submissions for possible road names for our region is effective a number of indicators will be used to measure success. Council will assess the following:

- Number of people who participated in each in-person and online engagement activities
- Number of enquiries and submissions received
- Social media engagement
- Traditional media coverage
- Number of email enquiries received

9.3.5 ROAD NAMING PROPOSAL FOR THREE RIVERS ESTATE SUBDIVISION

#### 9.3.5 ROAD NAMING PROPOSAL FOR THREE RIVERS ESTATE SUBDIVISION

Record No: I23/1

#### **OFFICER'S RECOMMENDATION**

That Council endorse the proposed road names Gunama Drive, Matruk Close, Warragang Close and Bungadhung Way to:

A. be publicly advertised for a period of 28 days in the Monaro Post.

B. go to the Geographical Names Board for pre-approval.

#### ISSUES

Four proposed new roads in a 36 lot community title subdivision require naming before a subdivision certificate can be issued.

#### **RISK ASSESSMENT**

Risk Type	Current Risk	Expected Risk	Within Accepted
Asset Management	Low	Low	Yes
Economic Activity	Low	Low	Yes
Environmental Security	Low	Low	Yes
External Political Environment	Low	Low	Yes
Financial Sustainability	Low	Low	Yes
Health and Safety	Low	Low	Yes
Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	Low	Low	Yes
Service Delivery	Low	Low	Yes

It is considered the risks associated with the name proposal are low.

#### **FINANCIAL IMPACTS**

Costs are part of the ongoing service provided by Council and this work can be undertaken within the existing budgets.

#### **RESPONSIBLE OFFICER:** Chief Strategy Officer

#### **OPTIONS CONSIDERED**

There are no other options to consider, the process of road naming is within Geographical Names Board road naming guidelines.

#### 9.3.5 ROAD NAMING PROPOSAL FOR THREE RIVERS ESTATE SUBDIVISION

#### IMPLEMENTATION PLANS

This will be implemented by:

- Creating a road-naming proposal for the proposed roads within the Geographical Names Board Online Road Naming Portal and advancing this proposal to the stage of consideration for pre-approval by the Geographical Names Board.
- 2) In Liaison with Communications, notify the public of the proposed road names in the Monaro Post for period of 28 days and respond to any submission as required.

#### **EXISTING POLICY/DECISIONS**

Road naming is to adhere to the 2021 NSW Address Guidelines and User Manual. Link:

https://www.gnb.nsw.gov.au/\_\_data/assets/pdf\_file/0004/229216/NSW\_Address\_Policy\_and\_ User\_Manual\_2021.pdf

#### BACKGROUND

A 36 lot community title subdivision for rural tourist accommodation has been approved under Development Assessment 010.2009.03000059.001 at Lot 1000 DP 1253446 Kalkite. This subdivision includes four new private roads that require naming under Geographical Names Board road naming guidelines.

The developments proponent, in consultation with the Bega Local Aboriginal Land Council who have approved the names for use, have proposed the four below Ngarigo words for road names, with their associated meaning:

- Gunama (Drive), meaning Snow
- Matruk (Close), meaning Wattle
- Warragang (Close), meaning Snow Gum
- Bungadhung (Way), meaning Wombat

It is expected these road names will meet Geographical Names Board road naming requirements. There is a low risk that Gunama Drive will be rejected due to sounding similar to Kunama Drive in East Jindabyne.

#### ATTACHMENTS

#### RE: Ngarigo Words for New Roads

Subject: RE: Ngarigo Words for New Roads From: Administration | Bega LALC <admin@begalalc.org.au> Date: 16/12/2022, 3:11 pm To: Three Rivers Operations <ops@threeriversestate.com.au>

Hi Patti,

Just got your message. The names that we sent to you were given by a local elder and was approved by the Bega LALC Board.

Ashliegh Aldridge Administration Bega Local Aboriginal Land Council 02 64923950 (Monitored Mon-Fri 8.30 am to 4.30 pm) PO Box 11 Bega NSW 2550

ABN 60 937 578 961 Office – 104 Gipps Street Bega NSW 2550

From: Three Rivers Operations <ops@threeriversestate.com.au>
Sent: Wednesday, December 14, 2022 1:54 PM
To: Administration | Bega LALC <admin@begalalc.org.au>
Subject: Re: Ngarigo Words for New Roads
Importance: High

Hi Ashleigh,

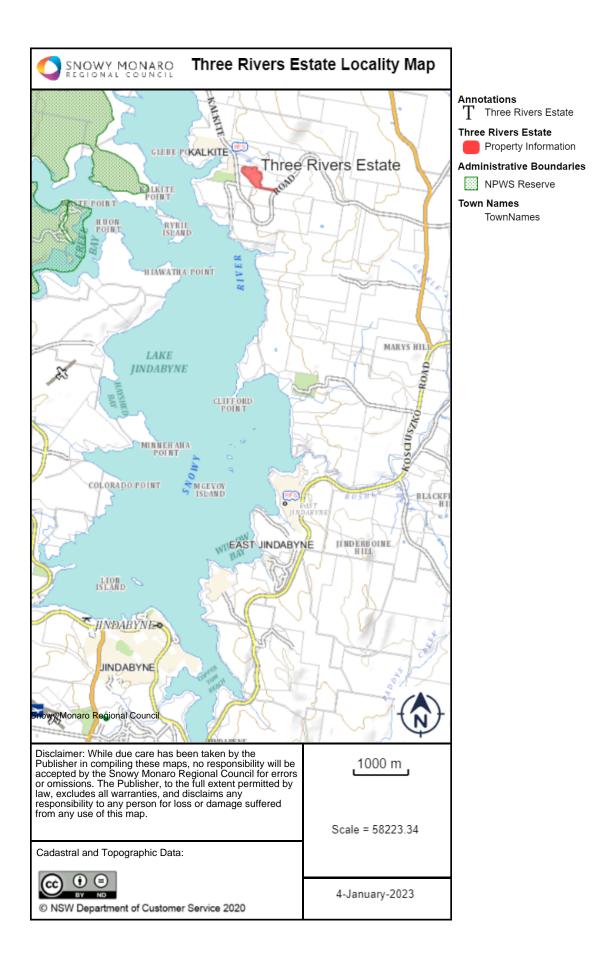

Thank you for all your help.

I spoke with Ellen yesterday which was great. The names below are perfect. Can you please send me a letter or email confirming the names have been approved by Bega LALC Elder so I can forward to Council (they have asked for confirmation).

Snow – Gunama Wattle – Matruk Snow Gum – Warragang Wombat – Bungadhung

Best regards,

Patti

9.3.6 MANAGING CONFLICTS OF INTEREST FOR COUNCIL-RELATED DEVELOPMENT POLICY

#### 9.3.6 MANAGING CONFLICTS OF INTEREST FOR COUNCIL-RELATED DEVELOPMENT POLICY

Record No: I22/915

#### **OFFICER'S RECOMMENDATION**

That Council adopt the Managing Conflicts of Interest for Council-Related Development Policy.

#### ISSUES

Recent legislative changes published on 30 September 2022, and due to commence on 3 April 2022 requires Councils to adopt a conflict of interest policy (attached) for the continued assessment of council-related development applications. Amendments to the Environmental Planning and Assessment Regulation 2021 require councils to manage conflicts of interest arising with 'council-related development applications' will take effect on 3 April 2023.

The key amendments require council-related development applications to be accompanied by a management strategy for Council's register of development applications and development consents to contain information on potential conflicts of interest. Amendments also require that the consent authority may not determine council-related development applications unless Council has adopted a conflict of interest policy and considers the policy in assessing the application.

As an internal document, this policy will be utilised by Council's development application assessors to consider development subject to this policy. The policy identifies developments likely carrying a high risk of conflict of interest with Council as the developer must have the application assessed by a neighbouring council.

#### **RISK ASSESSMENT**

Risk Type	Current	Expected	Within
	Risk	Risk	Accepted
Economic Activity	Medium	Low	Yes
External Political Environment	Low	Low	Yes
Financial Sustainability	Low	Low	Yes
Health and Safety	Medium	Low	Yes
Legislative Governance and Compliance	High	Low	Yes
Reputation and Image	High	Low	Yes

Reputational risk and legislative compliance would be the highest risks should this policy not be adopted. This policy will be required by legislation from 3 April 2023, where without the policy, Council will be unable to assess council-related development. There would be considerable reputational risk to Council without a policy that dictates clear measures to avoid conflict of interest with Council assessing development applications where Council is the developer or has a vested commercial-interest in the land.

## 9.3.6 MANAGING CONFLICTS OF INTEREST FOR COUNCIL-RELATED DEVELOPMENT POLICY

#### **FINANCIAL IMPACTS**

This policy was drafted using staff resources. The adoption of this policy may induce financial impacts on Council as it may enter a shared services agreement with a neighbouring council for the enforcement of council-related development.

**RESPONSIBLE OFFICER:** Team Leader Strategic Planning

#### **OPTIONS CONSIDERED**

As this policy is a legislative requirement, no other options were considered.

If Council opts not to adopt the policy Council will not be able to determine 'Council-related development applications' from 3 April 2023, until such time as a policy is adopted.

#### **IMPLEMENTATION PLANS**

If the attached policy is adopted, the policy will be placed on Council's website within 7 days of resolution.

Development application register to display management strategy for applications subject to the policy.

#### **EXISTING POLICY/DECISIONS**

No existing decision of Council.

Legislation requirements due to amendments made to *Environmental Planning and Assessment Regulation 2021* section 30B, 66A, 240A and *Environmental Planning and Assessment Act 1979* schedule 1, clause 9B. Amendments gazetted 30 September 2022.

#### BACKGROUND

In December 2019, the NSW Ombudsman finalised an investigation into a local council who had breached the *Environmental Planning and Assessment Act 1979* by allowing the use of one of their facilities, despite not having the necessary certification that it was safe to do so. Resultant of this investigation, it was identified that there is an inherent conflict of interest within local councils as they simultaneously take on the roles of development regulators, compliance regulators, developer, landowner or hold a commercial interest in the land they regulate. Conflict can arise between their interests in the development and their duty as regulator. New requirements will be introduced into the *Environmental Planning and Assessment Regulation 2021* for council to prepare and publicise a policy that sets out how they propose to manage potential conflicts of interest. In addition, councils will have to publicly communicate via the NSW Planning Portal the management approaches they propose to implement (if any) for each development subject to the policy.

This policy follows the guidelines published by the Department of Planning and Environment titled *'Council-related Development Application Conflict of Interest Guidelines'* and the sample policy that accompanied the guidelines. 9.3.6 MANAGING CONFLICTS OF INTEREST FOR COUNCIL-RELATED DEVELOPMENT POLICY

## Policy

Managing Conflicts of Interest for Council-Related Development

Responsible portfolio	Strategy	Document Register ID	250.[document year].[document number].[document part]
Policy owner	Strategic Planning	Review date	February 2025
Date of Council Meeting	16/02/2023	Resolution Number	Number [checklist 25002 11 DD LAST VALUE]
Legislation, Australian Standards, Code of Practice	Environmental Planning and Assessment Regulation 2021 (section 30B, 66A, 240A) Environmental Planning and Assessment Act 1979 No 203 (schedule 1, clause 9B)		
Aim	The aim of this policy is to establish management controls to address potential conflicts of interest at the different phases of the development process for the types of council-related development that Council could be involved in. It will outline the process through which potential conflicts of interest will be identified, the risks assessed, and appropriate management controls determined. It will also outline the process that will be followed to publicly communicate the management approaches for each development subject to the policy.		

Issue Date:

Revision Date:

## Part 1 Preliminary

## 1 Name of policy

The policy is the Managing Conflicts of Interest for Council-Related Development.

## 2 Aim of policy

This policy aims to manage potential conflicts of interest and increase transparency at all stages of the development process for council-related development.

## 3 Scope

This policy applies to council-related development.

## 4 Definitions

1) In this policy:

**Application** means an application for consent under Part 4 of the Act to carry out development and includes an application for a complying development certificate and an application to modify a development consent.

Council means Snowy Monaro Regional Council.

**Council-related development** means development for which Council is the applicant developer (whether lodged by or on behalf of council), landowner, lessee, licensee, has a commercial interest in the land the subject of the application, or under the control of council, where it will also be the regulator or consent authority.

**Note:** Land vested in or under the control of Council includes public land within the meaning of the Local Government Act 1993.

**Development process** means application, assessment, determination, and enforcement **The Act** means the *Environmental Planning and Assessment Act* 1979.

- 2) A word or expression used in this policy has the same meaning as it has in the Act, and any instrument made under the Act, unless it is otherwise defined in this policy.
- 3) Notes included in this policy do not form part of the policy.

# Part 2 Process for identifying and managing potential conflicts of interest

#### 5 Management controls and strategies

- 1) The following management controls may be applied to:
  - a. The assessment of an application for council-related development
    - i. Routine Application
      - a. Assessment by council staff under delegation with strict role separation controls.
      - b. Assessment reviewed by supervisor or manager.
    - ii. Major Application
      - Assessment by either a neighbouring council or an independent consultant in accordance with Council's Purchasing and Tendering policy.
    - iii. Role separation controls
      - a. The project managers are from a different team than those assessing the application.

250.XXXX.XX.X

Issue Date: 16 February 2023

Revision Date: February 2027

Page 2 of 7

- b. Assessing officers and project managers will ensure that their documents and records containing sensitive material are not accessible by staff of the other department.
- b. The **determination** of an application for council-related development
  - i. Routine Application
    - a. Determination made by an open council meeting.
  - ii. Major Application
    - a. Determination made by an open council meeting.
    - b. Determination by the Regional Planning Panel if the Capital Investment Value of the application is >\$5 million in accordance with Schedule 6 of the State Environmental Planning Policy (Planning Systems) 2021.
    - c. Determination made by Regional Planning Panel if a Councillor is part of the Project Control Group for the development.
    - d. Regional applications must be independently assessed.
- c. The **regulation and enforcement** of approved council-related development
  - i. Council will enter into a shared services arrangement with a neighbouring council for any development that is considered a Major Application.
  - ii. Key milestones of the development process will be reported to the full council.
  - iii. Notification of breaches and enforcement action will be taken to Department of Planning and Environment and to the public.
- 2) The management strategy for the following kinds of development is that no management controls need to be applied:
  - a. Commercial fit outs and minor changes to the building façade
  - b. Internal alterations or additions to buildings that are not a heritage item
  - c. Advertising signage
  - d. Minor building structures projecting from a building façade over public land (such as awnings, verandas, bay windows, flagpoles, pipes, and services)
  - e. Development where Council might receive a small fee (up to \$1000) for the use of their land.

### 6 Identifying whether a potential conflict of interest exists, assessment of level risk and determination of appropriate management controls

- 1) Major development applications subject to this policy lodged with Council are to be referred to senior staff for a conflict-of-interest risk assessment.
- ) The senior staff is to:
  - a. Assess whether the application is one in which a potential conflict of interest exists,b. Identify the phase(s) of the development process at which the identified conflict of interest arises,
  - c. Assess the level of risk involved at each phase of the development process,
  - d. Determine what (if any) management controls should be implemented to address the identified conflict of interest (in each phase of the development process if necessary) having regard to any controls and strategies outlined in clause 5 of the policy and the outcome of the senior staff's assessment of the level of risk involved as set out clause 6(2)(c) of the policy,

**Note:** the senior staff could determine that no management controls are necessary in the circumstances.

e. Document the proposed management approach for the proposal in a statement that is published on the NSW Planning Portal

## Environmental Planning and Assessment Amendment (Conflict of Interest) Regulation 2022

under the

Environmental Planning and Assessment Act 1979

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Environmental Planning and Assessment Act 1979*.

ANTHONY ROBERTS, MP Minister for Planning

#### **Explanatory note**

The object of this Regulation is to impose requirements on councils to manage conflicts of interest that may arise in connection with council-related development applications because the council is the consent authority.

A *council-related development application* is a development application, for which the council is the consent authority, that is—

- (a) made by or on behalf of the council, or
- (b) for development on land-
  - (i) of which the council is an owner, a lessee or a licensee, or
  - (ii) otherwise vested in or under the control of the council.

Published LW 30 September 2022 (2022 No 579)

Environmental Planning and Assessment Amendment (Conflict of Interest) Regulation 2022 [NSW]

# Environmental Planning and Assessment Amendment (Conflict of Interest) Regulation 2022

under the

Environmental Planning and Assessment Act 1979

#### 1 Name of Regulation

This Regulation is the Environmental Planning and Assessment Amendment (Conflict of Interest) Regulation 2022.

#### 2 Commencement

This Regulation commences on 3 April 2023.

#### 3 Amendment of Environmental Planning and Assessment Act 1979 No 203 Schedule 1 Community participation requirements

Insert after clause 9A-

#### 9B Council-related development applications

- (1) Minimum public exhibition period for a council-related development application—28 days.
- (2) In this clause-

*council-related development application* means a development application, for which a council is the consent authority, that is—

- (a) made by or on behalf of the council, or
- (b) for development on land—
  - (i) of which the council is an owner, a lessee or a licensee, or
    - (ii) otherwise vested in or under the control of the council.
       Note— Land vested in or under the control of the council includes public land within the meaning of the Local Government Act 1993.

Environmental Planning and Assessment Amendment (Conflict of Interest) Regulation 2022 [NSW] Schedule 1 Amendment of Environmental Planning and Assessment Regulation 2021

# Schedule 1 Amendment of Environmental Planning and Assessment Regulation 2021

#### [1] Section 30B

Insert after section 30A—

#### 30B Council-related development applications

A council-related development application must be accompanied by-

- (a) a statement specifying how the council will manage conflicts of interest that may arise in connection with the application because the council is the consent authority (a *management strategy*), or
- (b) a statement that the council has no management strategy for the application.

#### [2] Section 66A

Insert after section 66-

#### 66A Council-related development applications—the Act, ss 4.16(11)

- (1) A council-related development application must not be determined by the consent authority unless—
  - (a) the council has adopted a conflict of interest policy, and
  - (b) the council considers the policy in determining the application.
- (2) In this section—

conflict of interest policy means a policy that-

- (a) specifies how a council will manage conflicts of interest that may arise in connection with council-related development applications because the council is the consent authority, and
- (b) complies with the *Council-related Development Application Conflict of Interest Guidelines* published by the Department and available on the NSW planning portal.

## [3] Section 240 Council to keep a register of development applications and development consents

Insert after section 240(3)(m)-

- (m1) for a development consent granted in response to a council-related development application—
  - (i) conflicts of interest that may arise in connection with the application because the council is the consent authority, and
  - (ii) measures taken by the council to manage the conflicts of interest,

#### [4] Schedule 7 Dictionary

Insert in alphabetical order-

*council-related development application* has the same meaning as in the Act, Schedule 1, clause 9B.

**Department of Planning and Environment** 

## Council-related Development Application Conflict of Interest Guidelines

## Introduction

Councils are development regulators. But they also can be the developer, landowner or hold a commercial interest in the land they regulate. Where councils have this dual role, an inherent conflict can arise between their interests in the development and their duty as regulator.

Identifying these conflicts of interest early and finding ways to address them is crucial to good governance and allows councils to strengthen their relationship with communities and build and enhance trust.

The following requirements have been introduced into the *Environmental Planning and Assessment Regulation 2021* to address conflicts of interest in council related development:

- Councils must adopt and have a policy that specifies how conflicts of interest in connection with council-related development applications will be handled. The policy must comply with the requirements in these Guidelines (section 66A).
- Council-related development applications must now be accompanied by either a management strategy statement, which explains how the council will manage potential conflicts of interest, or a statement that the council has no management strategy for the application (section 36A).
- Councils must record conflicts of interest in connection with each council-related development application, and the measures taken to manage the conflicts, in their existing DA register (section 242A).
- Council-related development applications must be exhibited for a minimum of 28 days to ensure transparency during the assessment process (*Environmental Planning and Assessment Act 1979*, schedule 1, clause 9B).

While the regulation changes do not mandate the use of the framework once a development consent is issued, it is best practice when developing their policies for councils to also address conflicts that may occur after development consent has been granted. This could be as simple as stating in the policy that the council will seek to enter a shared services arrangement with a neighbouring council about this phase of the development process, for any development that is the subject of the policy.

### Purpose of these Guidelines

These Guidelines are intended to:

• set out the requirements for the council conflict of interest policy required under section 66A,

<sup>©</sup> State of New South Wales through Department of Planning and Environment 2022. Information contained in this publication is based on knowledge and understanding at the time of writing, August 2022, and is subject to change. For more information, please visit dpie.nsw.gov.au/copyright EF21/14107 | TMP-MN-SD-V1.2

- assist councils in meeting these requirements by providing a sample policy and management strategy statement that can be used as a template when developing their policies
- provide general information and guidance about the policy.

### Flexibility

In some circumstances, council may determine the risks associated with a council-related development are sufficiently low and no specific controls are warranted. Where this is the case, council should still publicly communicate that fact to ensure transparency.

Where a council determines for a particular class of development that the risks of a conflict of interest are very low, it may decide to not have any management controls for a specified type of development unless there is some direct involvement of a councillor or a council staff member in their private capacity.

This can happen, for instance, where the council is the owner of a large commercial building that has a range of shops within it, for which it receives many development applications for commercial fit outs and minor changes to the building facade. In those circumstances, the council's policy could outline that its management strategy for this class of development does not apply additional controls for conflicts of interest.

Other examples where this approach might be appropriate include development for internal alterations or additions to buildings that are not a heritage item, advertising signage, minor building structures projecting from a building façade over public land (such as awnings, verandas, bay windows, flagpoles, pipes and services), and development where the council might receive a small fee for the use of their land.

### Sample policy

The sample policy below is to help councils develop their conflict of interest policies for councilrelated development. It provides practical solutions for developing and implementing ways to manage potential conflicts at all stages of the development process.

For councils that have local planning panels, the council's policy only needs to deal with a subset of this development, as a range of development to which the policy would otherwise apply will already be referred to local planning panels.

Using the sample policy is optional. Each council and local government area is different and has unique local settings, therefore, councils should decide what is appropriate in their circumstances and develop a policy for managing conflicts of interest about council-related development that is suitable for their local area.

An example management strategy statement is also included below.

## Requirements for conflict-of-interest policies

Any policy prepared and adopted by a council must:

Department of Planning and Environment

- establish management controls and/or a management strategy to address potential conflicts of interest at the different phases of the development process for the types of council-related development that the council could be involved in,
- outline the process through which potential conflicts of interest will be identified, the risks assessed and appropriate management controls determined, and
- outline the process that will be followed to publicly communicate the management approaches for each development subject to the policy.

## Sample policy

### Part 1 Preliminary

### (1) Name of policy

This policy is the [insert name of policy].

Note: For example, Conflicts of interest policy – dealing with council-related development throughout the development process.

### (2) Aim of policy

This policy aims to manage potential conflicts of interest and increase transparency at all stages of the development process for council-related development.

### (3) Scope

This policy applies to council-related development.

### (4) Definitions

(1) In this policy:

*application* means an application for consent under Part 4 of the Act to carry out development and includes an application to modify a development consent it does not include an application for a complying development certificate.

council means [insert name of the council]

*council-related development* means development for which the council is the applicant developer (whether lodged by or on behalf of council), landowner, or has a commercial interest in the land the subject of the application, where it will also be the regulator or consent authority

development process means application, assessment, determination, and enforcement

the Act means the Environmental Planning and Assessment Act 1979.

- (2) A word or expression used in this policy has the same meaning as it has in the Act, and any instruments made under the Act, unless it is otherwise defined in this policy.
- (3) Notes included in this policy do not form part of the policy.

Department of Planning and Environment

Note: Other definitions can be inserted.

### Part 2 Process for identifying and managing potential conflicts of interest

#### (5) Management controls and strategies

- (1) The following management controls may be applied to:
  - a. the assessment of an application for council-related development
    - insert control(s)
  - b. the determination of an application for council-related development
    - insert control(s)
  - c. the **regulation and enforcement** of approved council-related development
    - insert control(s).

Note: For example, council will enter into a shared services arrangement with a neighbouring council.

- (2) The management strategy for the following kinds of development is that no management controls need to be applied:
  - a. commercial fit outs and minor changes to the building façade
  - b. internal alterations or additions to buildings that are not a heritage item
  - c. advertising signage
  - d. minor building structures projecting from a building facade over public land (such as awnings, verandas, bay windows, flagpoles, pipes, and services)
  - e. development where the council might receive a small fee for the use of their land.

#### Notes:

- 1. While councils must have a policy that sets out how they propose to deal with potential conflicts of interest for council-related development, it could implement different controls for dealing with them based on the level of risk. For example, councils could set their controls based on:
  - a. risk category low, moderate, high, very high
  - b. types of development non-controversial small-scale development, development of a certain value with/without a commercial interest, controversial development, or even
  - c. capital investment value of the proposed development.
- 2. There is a range of management controls that could be applied in particular circumstances. The following are some examples that councils could use. Note that councils are not limited to one approach and could specify more than one approach if appropriate in their local settings:
  - a. Assessment and determination
    - The assessment and/or determination of an application are to be undertaken by council staff under delegation – this might be appropriate if the proposal is considered to be a low-level risk or non-controversial. For more controversial projects, this might only be effective if strict role separation controls are imposed.
    - *ii.* The application could also be referred for external assessment and/or determination to either:

Department of Planning and Environment

- 1. another council
- 2. a local planning panel if one is in place
- 3. a regional planning panel (may require negotiation RPPs are not required to accept referrals)
- 4. a consultant.

The involvement of an external third party might be appropriate for development where council has a commercial interest in the land, or the development is seen to be a political priority for the council.

- b. Regulation and enforcement
  - i. Engagement of a private certifier
  - ii. Publication of certificates issued under Part 6 of the Act on the NSW Planning Portal
  - iii. Peer review by a neighbouring council and/or entering into a shared services arrangement with a neighbouring council
  - iv. Reporting of key milestones to the full council.
- 3. Councils may also wish to take advantage of their audit and risk committee to provide guidance for the types of controls that could be applied in specific circumstances.

# (6) Identifying whether a potential conflict of interest exists, assessment of level risk and determination of appropriate management controls

 Development applications lodged with the council that are council-related development are to be referred to the general manager (or a delegate) for a conflict-of-interest risk assessment.

Note: Council-related development is defined in section 4.

- (2) The general manager is to:
  - a. assess whether the application is one in which a potential conflict of interest -exists,
  - b. identify the phase(s) of the development process at which the identified conflict of interest arises,
  - c. assess the level of risk involved at each phase of the development process,
  - d. determine what (if any) management controls should be implemented to address the identified conflict of interest (in each phase of the development process if necessary) having regard to any controls and strategies outlined in clause 5 of the policy and the outcome of the general manager's assessment of the level of risk involved as set out clause 6(2)(c) of the policy,

Note: The general manager could determine that no management controls are necessary in the circumstances.

e. document the proposed management approach for the proposal in a statement that is published on the NSW Planning Portal.

Note: The following is an example of a statement that could be published by councils to document its proposed management approach in a particular circumstance.

#### Scenario

BlueStar Council is upgrading one of their assets, 'Blue River Civic Place'. Council is the landowner and the applicant and is proposing to redevelop the site into a mixed-use development with a total capital investment value (CIV) of \$4.9 million. The development application seeks approval for the construction and use of an additional 2 storeys on an existing 3 storey building comprising a childcare centre, commercial office spaces and partial use of the building for council's public administration.

#### Example management statement

Council conflict o	f interest management statement
Project name	Blue River Civic Place
DA number	DA21/0001
Potential conflict	BlueStar Council is the applicant. Blue River Civic Place has an estimated capital investment value of \$4.9 million and the council expects to receive revenue through renting commercial office spaces.
Management strategy	<ul> <li>The council is managing potential conflicts of interest in this matter as follows:</li> <li>The application will be referred to the local planning panel to determine the development application.</li> <li>Council development assessment staff not involved with preparing the application will assess the DA. The staff will remain separated from the project team.</li> <li>A private certifier will be engaged to undertake the certification for the development.</li> <li>Green Hill Council has agreed to peer review any regulatory decisions should compliance decisions be made.</li> <li>Key project milestones following the development consent will be reported at a public council meeting.</li> </ul>
Contact	Anyone with concerns about council fulfilling its obligations should report their concerns to the council.

### 9.3.7 PROPOSED RE-ESTABLISHMENT OF ALCOHOL FREE ZONES AND ALCOHOL PROHIBITED AREAS IN COOMA AND JINDABYNE

Record No: 123/32

### **OFFICER'S RECOMMENDATION**

That Council re-establish Alcohol Free Zones and Alcohol Prohibited Areas in Cooma and Jindabyne for a period of four years.

### ISSUES

Council adopted a recommendation to commence a public consultation process regarding the reestablishment of Alcohol Free Zones (AFZ) and Alcohol Prohibited Areas (APA) in Cooma and Jindabyne at its meeting held on 20 October 2022.

This recommendation outlined the background to the established AFZ and APA regions and the considerations around potential re-establishment.

A public exhibition process was conducted in line with the adopted recommendation and in accordance with Section 644 of the Local Government Act 1993 (the Act), and the related Ministerial Guidelines on Alcohol Free Zones 2009 (the Guidelines). The process and outcomes are outlined under 'Background' below.

Council's YourSay platform identified that a slight majority of community contributors (51.42%) do not support the re-establishment of AFZ/APAs in either Cooma or Jindabyne.

Engagement with relevant liquor licence holders indicated that most were in support of or ambivalent about re-establishment. One licensee was opposed.

This report recommends the re-establishment of AFZ and APAs based on the following:

- Alcohol Free Zones / Alcohol Prohibited Areas are an early intervention measure to prevent the escalation of irresponsible street drinking to incidents involving serious crime.
- While a proportion of community members who participated in the public consultation process are opposed to the re-establishment, the majority margin is low and submissions for not proceeding with re-establishment provided a lack of specific grounds.
- The majority of relevant liquor license holders were not opposed to re-establishment.
- NSW Police are in support of re-establishment.
- A Council resolution is the only mechanism by which an AFZ / APA can be established.
- It is considered that the benefits of re-establishing the zones outweigh the small margin of community opposition to the zones.

REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

## 9.3.7 PROPOSED RE-ESTABLISHMENT OF ALCOHOL FREE ZONES AND ALCOHOL PROHIBITED AREAS IN COOMA AND JINDABYNE

### RISK ASSESSMENT

Risk Type	Current Risk	Expected Risk	Within Accepted
Environmental Security	Low	Low	Yes
External Political Environment	Low	Low	Yes
Health and Safety	Low	Low	Yes
Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	Low	Low	Yes

There is potentially some reputation / image risk associated with re-establishing the zones given that some of the general community feedback was not in support of re-establishing.

There is some external risk associated with not re-establishing the zones, namely that enforcement capability around alcohol consumption in public areas is reduced for NSW Police. If Council chose not to re-establish the zones, it is possible that organisations such as NSW Police, or other health and community service providers, may come back to Council to request reconsideration. This would result in an additional proposal needing to be developed, and potentially another round of public consultation.

	Amount	Details
Current Annualised Net Cost		
Estimated Annualised Net Cost	\$750	Total cost of adhesive overlays +
		installation divided by four year
		implementation period
Capital Investment	\$2,500	Purchase of updated stickers
	\$500	Installation of stickers
Capital Funding Source	\$3,000	Strategy Development budget

### **FINANCIAL IMPACTS**

The costs associated with re-establishing the zones relate to the purchase and installation of updates adhesive overlays for the existing signage.

The costs associated with not re-establishing the zones relate to the removal and storage of the existing signage (the majority of this signage infrastructure was purchased in 2018 at a cost of approx. \$13,000 / 180 signs).

**RESPONSIBLE OFFICER:** Community Development Planner

### **OPTIONS CONSIDERED**

- Not re-establish zones not recommended. NSW Police are in support of the reestablishment of the zones as it provides them with a mechanism to manage potential anti-social behaviour in public spaces. The signage infrastructure is already in place; removal and potential re-installation down the track would not be a cost effective process.
- Re-establish zones in line with previous (2019 2022) established zones, for a period of four years preferred. The implementation of the zones since 2019 has been successful and NSW Police are in support of the re-establishment in line with the existing zones. The days and times of operation are consistent across the region and allow for enjoyment of public spaces while also providing a mechanism for enforcement if and when required. Four years is the maximum allowable establishment period as per the Act and Guidelines. A shorter period of time could be considered. This would potentially have some implications for enforcement, and would not be as cost effective in terms of updating signage.
- Prepare a proposal to establish new zones and/or significantly redefine the scope of existing zones e.g. dates / times of operation, geographic boundaries and expansion into other villages – not recommended. The existing zones are effective and manageable, with infrastructure in place and a sound level of community awareness. NSW Police support the existing zones and do not identify the need for expansion into other towns and villages at this time. No significant change to the previous zones is identified as critical at this point in time.

### **IMPLEMENTATION PLANS**

If Council resolves to re-establish the zones at the February meeting, it is expected that new adhesive overlays could be ordered, received, and installed by mid-March 2023. It would be prudent to publicise the re-establishment of the zones after the installation of new overlays to avoid confusion.

This would result in the establishment of the zones for a 4 year period [exact date to be confirmed] March 2023 – [exact date to be confirmed] March 2028.

### **EXISTING POLICY/DECISIONS**

Community safety is referenced in the SMRC Community Strategic Plan, Delivery and Operational Plans. Alcohol Free Zones / Alcohol Prohibited Areas are one mechanism which support community safety as an early intervention measure to prevent the escalation of irresponsible street drinking to incidents involving serious crime.

### BACKGROUND

Alcohol Free Zones and Alcohol Prohibited Areas are established with the primary objective of preventing disorderly behaviour caused by the consumption of alcohol in public areas, in order to improve public safety.

Only a local government authority may establish an AFZ, via the prescribed process of public consultation followed by council resolution. APAs do not require a resolution of council, however this is considered best practice.

### **Enforcement of Alcohol Free Zones and Alcohol Free Areas**

Enforcement action under the Act includes seizure and disposal of alcohol, including the bottle, can, or receptacle.

All enforcement of AFZs / APAs within SMRC is currently undertaken by NSW Police.

The Act and Guidelines provide for enforcement of AFZs / APAs by Council Officers with the relevant authorisation in writing by the Commissioner of Police, providing that Council has adopted a specific AFZ / APA enforcement process.

The proposal recommends that enforcement continues to be conducted solely by NSW Police.

### The previous Alcohol Free Zones and Alcohol Prohibited Areas

Existing AFZs / APAs were established in Cooma and Jindabyne in June 2019. The zones expired in October 2022.

The locations of the previous AFZs / APAs are highlighted in the attached map.

The previous AFZs / APAs are operational year-round.

The times of operation were slightly different for AFZs and APAs, in part to provide for an extended enjoyment of parks and reserves during summer months. It is recommended that these differences are maintained in the re-establishment.

- Alcohol Free Zones (car parks, roads, footpaths) operate from 7pm 9am each day
- Alcohol Prohibited Areas (parks and reserves) operate from 9:30pm 9am each day

Based on the previous implementation of AFZ / APAs, NSW Police support of the re-establishment of the zones.

### The current recommendation

The current recommendation is to re-establish the existing Alcohol Free Zones and Alcohol Prohibited Areas in Cooma and Jindabyne for a period of 4 years from the date of Council endorsement.

The recommendation does not intend to change the geographic boundaries of the existing zones, or to establish zones in other towns and villages.

The recommendation does not intend to change the times of operation of the existing zones, namely:

- Alcohol Free Zones 7pm 9am each day
- Alcohol Prohibited Areas 9:30pm 9am

The recommendation is that enforcement continues to be conducted solely by NSW Police.

### The public exhibition process

The public exhibition process ran from 1 November 2022 – 4 December 2022 and included:

- 9.3.7 PROPOSED RE-ESTABLISHMENT OF ALCOHOL FREE ZONES AND ALCOHOL PROHIBITED AREAS IN COOMA AND JINDABYNE
  - A published notice which included relevant operational information (place, times, and dates) of the proposed zones (via media release, print media advertising, social media, and SMRC website.
  - The opportunity for the proposal to be publicly inspected (at SMRC offices front counters and online)
  - A 33 day period for representations to be made by the general public (note that the Act and Guidelines require a 14 day period; an extended option was offered to the general public in line with targeted stakeholders identified below). These representations were primarily collected via a dedicated Your Say tool.
  - Targeted stakeholder notification, above the requirements of the Act and Guidelines, was conducted via an email to the Monaro Regional Interagency which comprises funded community service, health, and welfare organisations.

A copy of the proposal was provided to:

• Each holder of a licence in force under the Liquor Act 2007 for premises that border on, or adjoin or are adjacent to, the proposed alcohol-free zone

NSW Police, relevant liquor licence holders, and organisation/s able to speak on behalf of an Aboriginal or culturally and linguistically diverse group were given a 33 day period in which to make representations. NSW Police had previously made their representation in support of re-establishment, which was the trigger for the commencement of the re-establishment / public consultation process.

The public exhibition feedback is framed around two sets of responses; general community participation via the Your Say portal, and targeted consultation with relevant liquor licence holders.

### General community participation

The Your Say portal received a total of 116 visits and 40 contributions.

35 contributors participated in the quick poll option. 34 contributors chose to participate in this option anonymously. 1 contributor used a registered account to participate.

- 51.42% of contributors do not support the re-establishment of AFZ/APA in Cooma or Jindabyne
- 2.86% of contributors support re-establishment in Cooma only
- 2.86% of contributors support re-establishment in Jindabyne only
- 42.86% of contributors support re-establishment in both Cooma and Jindabyne

5 contributors provided a longer length response via the feedback form tool. All 5 contributors used a registered account to participate in this option. Comments are summarised below.

Contribution (identifying details omitted for privacy)	Response
I agree with all the alcohol free zones and include east Jindabyne lake foreshore	Noted – at this stage there is no intention to expand the zones to new areas but this may be

### REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

9.3.7	PROPOSED RE-ESTABLISHMENT OF ALCOHOL FREE ZONES AND ALCOHOL PROHIBITED AREAS IN COOMA AND
	JINDABYNE

	considered in future community safety planning. Council could consider a proposal to expand the zones to East Jindabyne. This would require an additional establishment proposal and public consultation period.
We need to make provision for people to enjoy picnics and lakeside (Jindabyne as an example) time with an alcoholic beverage, especially in summer. There should be dates around the alcohol free vs alcohol prohibited.	The dates and times for AFZ and APA are uniform throughout the year in an effort to reduce confusion and provide consistency in understanding and enforcement.
And it should have a focus on residential	<ul> <li>The existing AFZs / APAs are operational year-round.</li> </ul>
streets in Jindabyne too that are used as foot traffic to the large drinking venues.	<ul> <li>The times of operation are slightly different for existing AFZs and APAs, in part to provide for an extended enjoyment of parks and reserves during summer months.</li> </ul>
	<ul> <li>Alcohol Free Zones (car parks, roads, footpaths) operate from 7pm – 9am each day</li> </ul>
	<ul> <li>Alcohol Prohibited Areas (parks and reserves) operate from 9:30pm – 9am each day</li> </ul>
	Council could choose to implement zones for a portion of the year e.g. winter only. This was not recommended as part of this re-establishment proposal.
	Previously established AFZ and APA in Jindabyne include a large number of residential streets. SMRC has received community feedback / complaints during the 2019 – 2022 implementation that this can seem excessive. As a result, extending to additional residential streets was not recommended as part of this re-establishment proposal. This may be considered in future community safety planning.
why make life complicated by having 2 types of zone? why not make them all alcohol free zones?	Alcohol Free Zones and Alcohol Prohibited Areas are defined by the Act and associated Guidelines. Council has no control over these definitions.

### REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

9.3.7	PROPOSED RE-ESTABLISHMENT OF ALCOHOL FREE ZONES AND ALCOHOL PROHIBITED AREAS IN COOMA AND
	JINDABYNE

	<ul> <li>Alcohol Free Zones can be applied to car parks, roads, and footpaths</li> <li>Alcohol Prohibited Areas can be applied to parks, beaches, and reserves</li> </ul>
I am sick of living in a Nanny State, stop trying to control our lives at every turn.	Noted.
To Whom it may concern, I write this submission in response to the proposed new Alcohol Free Zones along (redacted) Street Cooma. My Name is (redacted) and I am the Director and Licensee of (redacted) Hotel and I strongly oppose this proposition, as it will affect not only my Hotel but the community amenity we provide and	The Guidelines make provision to allow for the operation of an outdoor dining / alfresco area within an Alcohol Free Zone. Any conditions associated with this provision are considered within the individual liquor license; conditions imposed may include delineation of the outdoor area, and control of the licensed area by the licensee.
given there is no supporting evidence or statistics as to why this proposition is being proposed which is bizarre to say the least, we are a law abiding establishment which will be negatively impacted by this proposal and by a lack of consultation.	A letter was provided to adjacent liquor licensees to inform them of the public consultation process, per the Act and Guidelines. This letter noted that licenced street dining areas are not impacted by the proposal.
The proposed Alcohol Free Zones proposed are along (redacted) Street which The (redacted) Hotel has a Licence along with (redacted) street for patrons to enjoy alcoholic beverages and has been in place with no problems noted or objections since 2015.	An AFZ has operated on the footpath adjacent to the venue periodically since 2009 and continually since 2019. During this time, no formal complaint is recorded by Council about the operation of the Zone, any negative impact on trade, or about the conduct of the licensee
(The) Hotel has permanent outdoor seating and provides this as an area for patrons to sit with friends, family and loved ones and enjoy catching up and is a part of our harm minimisation strategy for preventing intoxicated persons.	in respect to their management of the outdoor area. It appears that this is a successful example of the ability to utilise the provisions in the Guidelines which allow for operation of an outdoor area within an AFZ. A review of the conditions of the individual license to ensure compliance with the Guidelines may be
This proposed legislation will negatively impact the community by taking away this vital public amenity and our harm minimisation strategy. Is there any supporting evidence as to why this proposal will benefit the community? The Proposal from (the) Community Development Planner has no reasoning, evidence or	beneficial. Council could consider a change to the boundary of the proposed AFZ to exclude the referenced section of footpath. This was not recommended in the re-establishment proposal as it is considered that the AFZ and outdoor dining area can coexist successfully.
statistics as to why this proposal is being made in a letter dated 31 October 2022.	The letter provided to adjacent licensees included a brief outline of the justifications for

# REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

9.3.7 PROPOSED RE-ESTABLISHMENT OF ALCOHOL FREE ZONES AND ALCOHOL PROHIBITED AREAS IN COOMA AND JINDABYNE

I would like to ask for a total exemption to this proposed legislation as we already have licencing on our footpaths on (redacted) Streets and we pay for this in our Liquor licencing and Public Liability insurance or Compensation from Snowy Monaro Council for the cost of the Liquor Licencing and Public Liability Insurances and loss of revenue if this proposal succeeds.	AFZ/APAs broadly. It is acknowledged that this overview did not go into significant detail, or provide specific justification for each locality.
As a valued member of the Local Community in Cooma, (the) Hotel supports various charity's/ not for profits and this proposed legislation will not only put these generous donations at risk but the entire survival of the Hotel which the community relies upon.	
In conclusion I oppose this proposed Alcohol free zones on (redacted) Street Cooma for the above mentioned reasons.	
I am only too happy to discuss in further detail if you would like to discuss (redacted) situation, so please don't hesitate to contact me.	
Regards,	
(redacted)	
Director & Licensee	

### **Relevant liquor license holders**

21 relevant liquor license holders were identified as requiring notification according to the Act and Guidelines.

Written notification of the proposal was provided by Council's Community Development Planner to all identified licensees, predominantly by hand. Where a venue was unattended / closed, the letter was left on premises (e.g. letterbox or under the door), or mailed to the licensee.

This process provided an opportunity to have a conversation about the proposal with a number of licensees. 13 licensees were engaged in a verbal conversation about the proposal and potential impacts on their business. Of these, 12 were either in support of the re-establishment / had recommendations for expanding the zones, or undertook to review the documents and participate in the feedback process if they had any contribution. One licensee was opposed to the re-establishment, and provided a written submission as above.

## Submission relating to the continuation of Alcohol-Free Zones and Alcohol Prohibited Areas within the Snowy Monaro Regional Council area

Thank you for consulting the Monaro Police District in relation to the continuation of alcohol-free and alcohol prohibited areas within the Snowy Monaro Regional Council area.

Alcohol free and alcohol prohibited zones were established in Cooma and Jindabyne between June and October 2018. The Snowy Monaro Regional Council is now considering re-establishment of those zones form October 2022.

Officers from the Monaro Police District fully support the re-establishment of the proposed zones. The Monaro District is committed to enforcing any alcohol-free zone or alcohol prohibited area established by Council. Officers from the Monaro Crime Prevention Unit are also willing to assist in other community initiatives such as awareness and harm minimisation programs which surround and support the establishment of alcohol free and alcohol prohibited areas.

# Crime Prevention principles, Community Safety principles and perceived social costs

The prohibition of alcohol consumption in public areas is an important and ongoing strategy adopted by many councils within New South Wales to help curb antisocial behaviour and alcohol related crime in specified areas.

People who frequent the established alcohol free/prohibited areas have become accustomed to, and largely abide by, the laws that prohibit them from consuming alcohol within the area. When this pattern of behavior is established it assists in developing a culture within the community that fosters responsible drinking habits.

The Intergovernmental Committee on Drugs had stressed the importance of reducing the supply of alcohol within regional areas. The National Drug Strategy document mentions the importance of local council's involvement in campaigns to help shape the culture of young people and their acceptance of alcohol. Further the document identifies the importance of alcohol harm reduction and encourages strategies that

Official

help to reduce harm to individuals. One of the good practice examples includes creating safer settings such as 'dry areas' through the establishment of alcohol free zones and alcohol prohibited areas.

The National Institute of Justice states that the consumption of alcohol (and drugs) by people impact on crime indirectly because it effects behaviours associated with violence and other illegal activity. The Australian Drug Foundation produced a report in 2012 indicating alcohol consumption is strongly related to a wide range of crimes, including antisocial behaviour and interpersonal crime.

The National Crime Prevention Framework cites crime prevention principles that can reduce the long-term costs associated with crime and can reinforce social cohesion within communities. The conclusion reached is that the implementation of alcohol free zones and alcohol prohibited areas assists in reducing the amount of alcohol consumed within public areas and thus assists in reducing the likelihood of crime occurring.

The signage displayed upon the establishment of alcohol free zones and alcohol prohibited area's not only enable's law enforcement officers to actively reduce the amount of alcohol consumed within the public sphere, it also has the effect of informing community members and visitors that the town does not welcome 'street drinkers'. Signs are an 'ownership' cue and form a principle of association with Crime Prevention Through Environmental Design. Areas that appear 'owned' and 'cared for' are less likely to be damaged or littered and are more likely to be respected.

Alcohol free zones and alcohol prohibited areas also help to improve the perception of safety within the nominated areas. In general, 'street drinkers' can increase the perceived fear of crime which can lead to avoidance of the area. Avoidance of specific areas leads to a reduction in natural surveillance which renders a location vulnerable for the commission of offences such as malicious damage, littering and more serious offences such as assaults and sexual assaults.

Alcohol free zones and alcohol prohibited areas work best when the local community engages in other strategies simultaneously. There have already been significant inroads made in addressing issues of antisocial behavior and alcohol related crime in the Snowy Monaro Regional area. These inroads have been made as a consequence of the collaborative approach made by both Police, Local Council, Business and general community. The Snowy Monaro regional area already have effective Community Drug and Alcohol Action Teams (CDAT), proactive Liquor Accords and an active Business Chamber who have already implemented a number of harm minimisation strategies within the local community to assist in reducing alcohol related crime.

That being stated, the NSW Bureau of Crime and Statistics Research depicts Jindabyne as being over represented for the commission of liquor and drug offences, albeit those figures are influenced adversely by a seasonal fluctuation in population. Current legislative powers such as 'move on directions', whilst effective, are reliant on people behaving in a criminal manner prior to police intervention and are not as proactive in reducing potential harms.

The Monaro Police District do not consider a single alcohol related offence as being within their degrees of tolerance. There exists a financial and social cost with the commission of any alcohol related offence. Costs are incurred in clearing up broken bottles and rubbish, the repair of damaged property, the physical

### Official

and psychological harm inflicted upon those who are affected by violent crime or by the impact on the town's reputation.

It is for these reasons Police continue to strive to eliminate alcohol related crime and propose the creation of the following Alcohol Free Zones and Alcohol Prohibited Areas as part of a holistic approach to reduce alcohol related harms.

### **Alcohol Free Zones (boundaries)**

There is no submission to change the current boundaries of the Alcohol-Free Zones established in 2018. Police support their re-establishment. However after consultation with the Monaro Police District Licensing Officer, it is also suggested that the foot path along the front of the 'Old Shops' also be Alcohol Free Zones.

Due to COVID restrictions, a number of the License Premises now have a packaged Liquor license's, meaning that person's can now purchase alcohol from the license premises and sit on the seating along the shop front's and consume alcohol.

It is also suggested that the carpark and nature strip along Kosciuszko Road between the 'Old Shops' and Banjo Paterson park also be considered to be a Alcohol free Zone. Making this an Alcohol free zone would also discourage patron's drinking alcohol between the Banjo Paterson Inn and the Lake Jindabyne Hotel and reinforce that alcohol consumption is only to be consumed within the license premises.

### **Alcohol Prohibited Areas (boundaries)**

There is no submission to change the boundaries of the Alcohol Prohibited Areas established in 2018. Police support their re-establishment

# Information in support of re-establishment of Alcohol-Free Zones and Alcohol Prohibited areas in 2019.

### Period from 6<sup>th</sup> June 2022 to 30<sup>th</sup> August 2022

### Jindabyne

During the aforementioned period there has been an increase in alcohol related crimes in the Jindabyne area. Like many other tourist destinations COVID 19 had a huge impact on the Ski Season during 2020 and 2021. During 2021 many parts of the population of NSW and Australia could not travel to the Ski Fields and many premises also closed during this time. As a result alcohol related crimes and statistics from the past two years are distorted due to this reason.

Official

It, however can not be denied that the 2022 has been a very busy season with many people attending the area for the first time in a number of. As such, alcohol related crime has increased during the 2022 year. The following observations can be supported by data contained on the NSW Police Force Computerised Operational Policing System (COPS).

BOSCAR Statistic also can not be relied upon as the statics do not cover the 2022 Ski Season as they are only to the end of March 2022.

Statistics in relation to the number of persons who complied with police directions within the designated alcohol free and prohibited areas are difficult to compile. If a person complies with a lawful request to dispose of their alcohol in an alcohol-free or prohibited area they are not adversely recorded on the police system.

**Street Offences:** Street offences are predominantly committed by persons in public places who are affected by alcohol. These offences include, but are not limited to, the use of offensive language, the act of street fighting and offensive behavior such as urinating in public. There was an increase in the number of offences from the previous years however once again the previous year statistics compared to this year is distorted as a result of COVID-19 restrictions over the previous years.

**Malicious Damage:** Malicious Damage offences include, but are not limited to, the destruction of public and personal property and graffiti offences. During the 2022 snow season the number of reported malicious damage offences have in the Jindabyne area from the year prior.

**Assault:** Whilst overall there was increase in alcohol related assaults in Jindabyne in 2022, these offences were not committed in increased numbers within the designated alcohol free and alcohol prohibited zones. The commission of these offences peaked in the initial stages of the season however, following an increased in enforcement activity around licensed premises, the offences significantly declined towards the end of reporting period. Most of these offences occurred within the license premises of vicinity of the license premises.

### Cooma

During the aforementioned period there was an overall decrease in volume crime offences within the designated alcohol-free and alcohol prohibited areas within the Cooma township. The nexus between the establishment of the alcohol free/prohibited areas and the decrease in volume crime in these areas is not easily gauged. Police conducting enforcement activities within these areas have however cited crime prevention benefits in being able to lawfully interact and intervene with persons who are in possession or consuming alcohol. It is the opinion of police that these interactions, and associated enforcement activity, have been successful in preventing further criminal offences and alcohol related crime in the established zones.

Monaro Police District 6-8 Farrer Place, Queanbeyan T 02 62980599 F 02 62980517 W www.police.nsw.gov.au TTY 02 9211 3776 for the hearing and speech impaired ABN 43 408 613 180

Statistics in relation to the number of persons who complied with police directions within the designated alcohol free and prohibited areas are difficult to compile. If a person complies with a lawful request to dispose of their alcohol in an alcohol-free or prohibited area they are not adversely recorded on the police system.

The following observations can however be supported by data contained on the NSW Police Force Computerised Operational Policing System (COPS).

**Street Offences:** Street offences are predominantly committed by persons in public places who are affected by alcohol. These offences include, but are not limited to, the use of offensive language, the act of street fighting and offensive behavior such as urinating in public. These offences were stable during the past year.

**Malicious Damage:** Malicious Damage offences include, but are not limited to, the destruction of public and personal property and graffiti offences. The reported incidents within the Cooma area have also remained stable and with the reported incidents committed within the designated alcohol free/prohibited zones also decreased

**Assault:** The assaults in Cooma area during the designated period in 2022 was also stable. There offences was not increased numbers of assaults committed within the designated alcohol free and alcohol prohibited zones.

In the opinion of Police, the reestablishment of the alcohol-free and alcohol prohibited zones will greatly benefit the Jindabyne and Cooma communities. The reestablishment of the alcohol free and alcohol prohibited zones will enable police to proactively address issues associated with 'street drinking' and strive to eliminate alcohol related crime.

9.4.1 APPLICATIONS FOR EVENT FUNDING SUPPORT

### 9.4.1 APPLICATIONS FOR EVENT FUNDING SUPPORT

Record No: 123/37

### OFFICER'S RECOMMENDATION

That Council

- 1. Approve the event funding applications outlined below and within the report in accordance with the adopted Funding Support for Events Policy:
  - a) Snowy Classic \$5000
  - b) Michelago Gymkhana \$250 in retrospect for their event held 28 29 January 2023
  - c) Numeralla Folk festival \$2000 in retrospect for the event held 27 29 January 2023
- 2. Use its discretion in accordance with the adopted Funding Support for Events Policy to approve the event funding application for Lake Light Sculpture of \$7000 (noting the nominal maximum in the Policy for major regional events is \$5000) due to this being a flagship event for the region and one of the few locally organised major regional annual events that achieves this level of visitor attraction and economic significance.

### ISSUES

Council, at its May 2022 meeting, adopted the Snowy Monaro Funding Support for Events Policy, to provide funding support for local (\$20,000) and regional (\$30,000) economically significant events.

Applications have been received for Council's consideration from Snowy Classic (regional), Michelago Gymkhana (local), Numeralla Folk Festival (local) and Lake Light Sculpture (regional).

The policy requires Council's determination of applications.

To date this financial year (2022-23), Council has expended approximately \$12,000 from the funding pool by providing support for the following events:

- Landrover 75<sup>th</sup> Anniversary Cooma
- Fox Superflow Gravity MTB Mt Gladstone, Cooma
- Lake Jindabyne Regatta (in retrospect) Jindabyne
- FX/FJ Holden Nationals Cooma

Council's Events Team has now received a further four applications for event funding support which are the subject of this report, two for large regional events in Jindabyne and two for local events in Numeralla and Michelago/Bredbo.

To be eligible for funding support the event must meet certain criteria and be assessed as per the Funding Support of Events Policy. The tables below outline the assessment against this Policy for each event:

# REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023

9.4.1 APPLICATIONS FOR EVENT FUNDING SUPPORT

The Lake Light Sculpture is considered a signature event for the region, attracting large overnight and daily visitation and providing an activity for travellers to the region during Easter holidays. The event relies on sponsorship and volunteer participation and after cancelling in 2022 due to lake levels impacting Banjo Paterson Park and foreshore areas, for 2023 they propose to adapt to site conditions and refocus the event around the town.

The Lake Light Sculpture Inc. proposed to deliver the event with Snowy Monaro Regional Council as a presenting partner for the Awards Day.

These events are generally considered low risk. They are organised independently of Council.

9.4.1 APPLICATIONS FOR EVENT FUNDING SUPPORT

### **FINANCIAL IMPACTS**

This program relies on a funding pool in Council's Economic Development budget which is set at the beginning of each financial year and once (if) fully expended it is anticipated it would not be renewed with further funds until the following financial year.

At the beginning of the 2022-23 financial year this fund has \$50,000 available for event support allocation with \$20,000 local and \$30,000 towards regional significant applications. Should Council approve the attached four applications, there will be \$16,005 remaining for local and \$8,000 for regionally significant applications, totalling \$24,005.

### **RESPONSIBLE OFFICER:** Events and Tourism Officer

### **OPTIONS CONSIDERED**

The alternative options available to Council are to not support some or all of the events or support them for less than the requested amount. Ultimately this is a decision for Councillors. The information required to inform this decision and the reasons for the staff recommendations are provided in the table for each event.

### **IMPLEMENTATION PLANS**

- Following adoption of the event policy, public notification was included in the rates newsletter, in addition to:
- Public notice 20 May 2022 <u>https://www.snowymonaro.nsw.gov.au/News-and-Media/News-articles/Council-adopts-</u> <u>Funding-Support-for-Events-Policy</u> (shared in eNewsletter and emailed to community groups)
- Council Social Media 26 May 2022 <u>https://www.facebook.com/snowymonaroregionalcouncil/posts/pfbid0dsbPyB146ioLSAjE</u> <u>WSaxGjdKACVLHjF38H9vkcnyVQ2aFcqRtbCUGrZ2BBcthGWbl</u>
- Council website <u>https://www.snowymonaro.nsw.gov.au/News-and-Media/News-articles/Council-adopts-Funding-Support-for-Events-Policy</u>
- An application form has been drafted incorporating the relevant eligibility and funding requirements of the approved event support policy. This is available via the events officer and on the Snowy Monaro Regional Council 'Plan an Event' page.
- Applicants of approved event funding submissions will enter a grant agreement outlining conditions of spend, acquittal and Council sponsorship requirements aligning with the policy.
- An event support funding register has been created to record enquiries and application status.

9.4.1 APPLICATIONS FOR EVENT FUNDING SUPPORT

## **EXISTING POLICY/DECISIONS**

The events were reviewed in accordance with the Council's Funding Support for Events Policy.

# Policy Funding Support for Events

Responsible department	Economic Development	Document Register ID	250.2022.95.1	
Policy owner	Coordinator Economic Development	Review date	21 April 2024	
Date of Council Meeting	21 April 2022	Resolution Number	123/22	
Legislation, Australian Standards, Code of Practice	Section 356 of the Local Governm SMRC Code of Conduct SMRC Suite of Integrated and Re		ts	
Aim	To provide a decision making framework and process for Council's financial support of major events in the region			

# 1 General purpose and background

Every year there are many events that are held within the Snowy Monaro LGA. They range in size from small local or neighbourhood level events to others of regional, state or even national significance. Generally the cost of holding an event increases with its size and significance.

Many events of all sizes request funding support from Council. The larger an event and the more visitors from outside the Snowy Monaro it attracts, the greater positive impact it will have on economic and business activity in the region.

Smaller local events can apply to the Council's annual Donations and Sponsorship Program for funding support. Larger events can apply to this program as well, however their larger size means the amount they request is typically larger also. Particularly in the case of larger events, if supported under the Donations and Sponsorships Program, they would draw down heavily upon the total funding pool available, reducing the amount available for more locally oriented events and projects which usually have smaller costs. In addition, a decision once a year on funding support is not practical for support of many events, which occur throughout the year and require certainty of funding well before the event actually takes place. For some large events, the Snowy Monaro LGA is also competing with other LGAs to attract the event and the economic benefits they provide. Event organisers will not wait for annual decision making moments to come around before making a decision on whether or not to commit to a particular region. They typically require decisions regarding potential support in a much shorter time period.

It is intended that this policy will outline Council's approach and decision making framework towards financial support of any potential event, particularly larger events. The financial support is sourced from the tourism budget, using funding previously allocated to directly support Tourism Snowy Mountains.

250.2022.95.1	Issue Date:: 05/09/2022	Revision Date:: 05/09/2025	Page 1 of 6

# 2 Determining eligibility for funding support

Whilst this policy applies equally to all parts of the LGA, it is not the intention of this fund to be used to support every event. Its focus is on support for larger and more significant events, as well as certain smaller local events that are important for the local community, regardless of where they may be held in the region. This means that not every event will be eligible for funding support under this policy. To determine which events are eligible for funding, an event will first need to meet the following requirements:

(a) It must be a publicly accessible event: This means that the event must be open for any member of the public to attend the event, albeit that an attendee may need to satisfy a prerequisite to attend, such as having a ticket or certain level of fitness, or the event may be primarily aimed at a certain sector of the community, such as a weeds conference. However, events which are by private invitation only, other than competitive events such as a triathlon or bike race where the public can spectate, are not eligible for funding support under this policy.

(b) The event must not actively promote or support excessive consumption of alcohol, or promote gambling or tobacco products, or products it would be inappropriate for the Council as a public agency to associate itself with.

(c) The event must not be for the primary purpose of making a political or religious statement or proclamation, or for vilifying certain sections of the community.

(d) The event must be undertaken in a child safe manner and in accordance with any requirements of NSW Health as appropriate for that particular event.

If an event meets these four basic standards, it is eligible for potential funding support under this policy. The maximum level of potential funding available depends on whether the event is classified as a major event or a local event. To be considered a major event, it must meet an economic impact standard to be eligible for major event funding amounts.

Council will estimate the economic impact of the event using the 'Event Impact Calculator' tool in Council's online .id economic profile which it subscribes to annually. This is essentially an economic modelling tool based on the attributes of Snowy Monaro's economic profile, and specifically designed to model the potential economic impact of events using an input/output table. This is a commonly used tool for modelling economic impact. The tool is only available for use internally by staff, but a copy of the modelling for each event will be provided in the relevant Council report. A sample of the tool and how it will appear in reports is shown below.

	250,2022,951	Issue Date: 05/09/2022	Revision Date: 05/09/2025	Page 2 of 6

Once information about a potential event is received, Council's Economic Development unit will model the impacts of the event using the 'Event Impact Calculator'. If the event has a <u>total value</u> <u>added impact</u> on the Snowy Monaro economy of <u>at least \$100,000</u> (as modelled in the tool), it will be considered eligible for potential major event funding under this policy, provided it has also met the basic criteria outlined in (a) to (d) above.

# 3 How much financial support will Council provide?

The Council will provide up to \$5,000 in financial support for eligible major events. In determining the amount of funding to be provided for major events, the Council will consider the following factors:

(a) The amount of funding required to cover Council's normal Fees and Charges for the event.

(b) Alignment with Council's relevant tourism and events and/or economic development strategies, and Community Strategic Plan.

(c) Whether the event is commercial in nature or organised by a volunteer or not-for-profit group or agency.

(d) The capacity of the event to attract visitors from outside the LGA and generate potential for overnight stays.

(e) Any marketing strategies for the event, particularly outside the LGA.

(f) The significance of the event for the local community.

(g) The proportion of the total funding required for the event that is being sought from Council.

(h) The amount of funding remaining in the funding pool for that year at the time of determination of the application.

- (i) How many events have applied for funding consideration so far that year.
- (j) The reason funding is being sought from Council for the event.
- (k) The particular circumstances of the event.

The event organiser will be required to submit an application form for funding support which will provide an opportunity to address these factors.

It is a requirement for applicants to disclose other grant funding provided for the event.

Council also has discretion to provide funding of more than \$5,000 to major events in special or unique circumstances, such as where the value added impact of the event is modelled at over \$500,000, or where the event is of such unique significance (as determined by Council) that it warrants further funding. To be clear, just because an event might meet this additional criteria, it is not automatically entitled to funding amounts above \$5,000. The amount of funding support provided remains at the discretion of Council following consideration of the above factors.

Council will provide up to \$2,000 of funding support for eligible local events, up to a maximum of \$20,000 a year for all local events (provided there is sufficient funding in the pool). Local events can also apply to the annual Donations and Sponsorships Program as an alternative funding or additional funding source.

(a) The amount of funding required to cover Council's normal Fees and Charges for the event.

(b) Alignment with Council's relevant tourism and events and/or economic development strategies, and Community Strategic Plan.

(c) The significance of the event for the local community.

(d) The proportion of the total funding required for the event that is being sought from Council.

(e) The amount of funding remaining in the funding pool for that year at the time of determination of the application.

250.2022.95.1 Issue Date: 05/09/2022	Revision Date: 05/09/2025	Page 3 of 6
--------------------------------------	---------------------------	-------------

- (f) How many events have applied for funding consideration so far that year.
- (g) The reason funding is being sought from Council for the event.
- (h) The particular circumstances of the event.

From time to time Council may receive grant funding which it can distribute among the community for the purpose of event support funding. Where grants are received from time to time, Council may have the opportunity to increase the total funding pool and/or maximum funding available per event depending on the specific requirements of each grant. In these circumstances, Council may distribute the grant funds at whatever levels and purpose are consistent with and/or permitted by the conditions of the grant, despite the maximum amounts of funding support otherwise specified in this policy, provided that the relevant factors listed for consideration in determining funding amounts are still considered.

Retrospective funding may be provided for events occurring in the first quarter of each financial year (generally a low time for events) on the basis that there may not have been sufficient time for Council to consider their funding request during that financial year before the event is scheduled to occur.

The decision to provide funding, and the amount, will be determined at a Council meeting upon a report being provided by Council's Economic Development unit addressing the eligibility factors in Part 2 and factors (a) to (k) for major events or (a) to (h) for local events in Part 3 above and recommending a funding amount.

### 3.1 Special considerations during the 2021-22 financial year

This fund has first been made available during the 2021-22 financial year. During the two years prior, events have been significantly disrupted first by the Black Summer Bushfires and then the subsequent two years of Covid-19 restrictions and lockdowns. In the 2021-22 financial year, health restrictions have gradually been eased and events are returning. Due to these unique circumstances surrounding this particular financial year, Council may consider supporting events from this fund which don't strictly meet the eligibility criteria, on a case by case basis. The opportunity for this special consideration will cease at the end of the 2021-22 financial year. During the final quarter of the 2021-22 financial year, the Council may also provide funding for particular events retrospectively, at its complete discretion, provided it has considered the factors listed in (a) to (k) or (a) to (h) as relevant above.

### 3.2 Recurring funding

Funding will not be made available under this Policy for recurring funding beyond the financial year the funding is awarded in. This means that where an event applying for funding may intend to return the following or other subsequent years, they would need to apply during that subsequent financial year for further funding under this Policy. The reason for this is because Council is required to review and adopt its budget annually and this may include changes to the amount of money available in the fund from year to year.

# **4** Public notification

Council will promote awareness of the fund throughout the community and in particular through the Tourism and Events unit, its website and social media platforms. Most if not all major event organisers and many local event organisers make contact with the Tourism and Events team during the course of organising their event.

Potential eligible event organisers will be informed of the possibility of applying to Council for funding support under this policy. In making an application (using the Council's application form), event organisers will be asked to supply particular details of the event to assist in the economic impact modelling and consideration of factors (a) to (k) or (a) to (h) in Part 3 of this Policy. These details will be reviewed by the Economic Development unit and compared with other available data to ensure they are realistic.

250.2022.95.1 Issue Date: 05/09/2022 Revision Date: 05/09/2025 Page 4 of
--

To ensure maximum flexibility in use of the fund, it is not intended to advertise applications to 'rounds' of funding at certain pre-set intervals throughout the year. This would defeat the purpose of the fund to provide quicker answers at any time of the year to potential event organisers. Some state and federal grants also operate in this manner, with funding available until such time as the funding pool is depleted, rather than through 'rounds' which have opening and closing windows in which to apply.

The Council must also provide public notification of its intention to fund an event as per Section 356 of the *Local Government Act 1993*, which reads as follows:

### 356 Can a council financially assist others?

- (1) A council may, in accordance with a resolution of the council, contribute money or otherwise grant financial assistance to persons for the purpose of exercising its functions.
- (2) A proposed recipient who acts for private gain is not ineligible to be granted financial assistance but must not receive any benefit under this section until at least 28 days' public notice of the council's proposal to pass the necessary resolution has been given.
- (3) However, public notice is not required if -(a) the financial assistance is part of a specific program, and

(b) the program's details have been included in the council's draft operational plan for the year in which the financial assistance is proposed to be given, and

(c) the program's proposed budget for that year does not exceed 5 per cent of the council's proposed income from the ordinary rates levied for that year, and

(d) the program applies uniformly to all persons within the council's area or to a significant group of persons within the area.

(4) Public notice is also not required if the financial assistance is part of a program of graffiti removal work.

During the 2021-22 financial year, the Council will be required to give 28 days notice of those events eligible under the fund that it intends to support. The earlier provisions of this Policy permitting retrospective funding for the current financial year will assist in facilitating this process. In future years, the program will be included in the draft operational plan. It will also be well below 5% of the income from rates each year and will apply uniformly throughout the region, though only to those events which meet the criteria of this policy.

The other requirements of this policy regarding funding only being allocated to events within the current financial year do not apply to cases where the 28 days notice period under Section 356 commenced in one financial year, but was completed the following financial year. However due to the crossover of financial years, it may not be possible for Council to declare an intention to support an event at its June meeting if it would mean the 28 day notice period will then extend significantly into July, and beyond the time when Council's expenditure allocations in the budget rollover to the new financial year.

# 5 Payment of funds

Once Council decides to financially support an event, the Economic Development unit will contact the event organiser and organise a purchase order and subsequent invoice, to be paid via Council's normal accounting processes and procedures. Council will also confirm its funding support for the event and the amount it will pay, including any conditions of payment, in writing prior to the event following its decision on funding support.

### 5.1 Timing of payment

Council will provide payment in one of two ways:

- 50% prior to the event and 50% following the completion of the event; or
- 100% following the completion of the event

	Issue Date: 05/09/2022	Revision Date: 05/09/2025	Page 5 of 6
--	------------------------	---------------------------	-------------

The funding recipient will be required to inform Council of its preference for payment in its application for funding support.

### 5.2 Conditions of funding support

The successful funding recipient will be required to comply with any conditions of funding support that Council supplies in writing as part of its agreement to provide funding. Such conditions will include:

- A requirement that the event organiser acknowledge Council's support in promotional material for the event and visibly on the day at the location of the event for the duration of the event;
- A provision that no payments will be made until all applicable regulatory or other required approvals for the event (as and if required) have been granted and provided to Council's Tourism and Events unit. Other approvals may include a facility booking, public liability insurance, event waste management arrangements, marketing plan, other agency approvals and a risk assessment.

Note: The list of required approvals can be obtained by submitting a 'Notice of Intention to Hold an Event' (NOIE) form to the Tourism and Events unit at the beginning of organising the event.

• A requirement to submit a post event evaluation providing details of how the event went compared to its pre-event predictions.

Other conditions of funding support will be specified in the agreement letter as required.

# 6 Register of events approved for funding

The Economic Development unit will maintain a register of events approved for funding under this policy and the funding amount, and other relevant details of the funding process and event. The register will be made publicly available upon request.

### Documentation

List the name and document reference number of any other document referred to in this document, including any related policies and procedures

250.2016.37.2 Notice of Intention to Hold an Event

### Variation

Council reserves the right to review, vary or revoke this policy and should be reviewed periodically to ensure it is relevant and appropriate.

Issue Date: 05/09/2022

Event Sponsorship Request Part B – Event Details

LAKE LIGHT SCULPTURE: STREET EDITION April 6-9 2023

APPLICATION Snowy Monaro Regional Council

Lake Light Sculpture is the leading arts and cultural event in the Snowy Mountains. This iconic outdoor sculpture festival, held annually on the foreshore of Lake Jindabyne, sprang to life in the year 2000. Based on the belief that public art is for everyone, this ephemeral event is held each year over the Easter period. Celebrating 20 years in 2022, these temporary sculpture installations around Lake Jindabyne enliven and activate this magnificent setting from dawn to after dusk.

Jindabyne is home to just over 2600 people and is situated in the Snowy Monaro Regional Council Local Government Area (LGA). The Board of Lake Light Sculpture Inc, all based in the region, facilitate the successful delivery of the event each year and ensure it is a meaningful, creative, and quality event for community and visitors. The Board members are volunteers with specific and diverse skill sets. Lake Light Sculpture encourages experimentation and holds firm in its belief that collaboration is the key to a great event. The event works in partnership with the community to activate and inspire, build participation, edify and entertain. In 2021, the event attracted more than 26,000 visitors.

### 2021 EVENT STATISTICS

- 26,500 Visitations, up 6% from 2019
- 160 Sculptures ٠
- 266 Sculptures sold (inc. multiples), compared to 97 in 2019 •
- Event income in 2021: \$123,800 •
- Cost to run event in 2021: \$83,728 •
- Volunteer value to event: \$150,000 est. ٠

### 2021 EVENT EVALUATION From 1500 Surveys

- 99% would visit the event again in the future ٠
- 99% would visit at a different time of year ٠
- 91% would recommend the event to others ٠
- 87% were highly satisfied
- 65% visited both day/night ٠
- Visitation by day 54% Friday, 55% Saturday, 40% Sunday (some visited multiple • days).
- Predominately from NSW and ACT ٠
- 50% of visitors were from out-of-area (750) ٠
- 38% considered the event a big influence in their decision to visit the Snowy ٠ Mountains
- 42% stayed 4-7 nights / 35% stayed 2-3 nights •
- 70% travelled in groups of 4-6 (45% families, 35% couples, 15% friends)
- 38% earn between \$45,000-\$120,000 per year •

- Running full days 6-9<sup>th</sup> April
- Awards Announcements
- Increased Indigenous Engagement
- Paid Marketing Consultant
- Sponsorship Structure Change
- · Volunteer briefings, artist talks, artist accommodation
- Online sales platform

The development and delivery (reboot) of the Lake Light Sculpture event post covid and floods. The reenvisaging of the event will develop new and renewed levels of engagement for the community and participating artists and encourage cultural tourism to the region.

Lake Light Sculpture (LLS) seeks to increase the cultural and aesthetic impact for visitors. Our annual temporary event attracts large numbers of visitors, generates spending and solidifies Jindabyne's 'destination' status.

The temporary sculpture event attracts new and repeat visitors and enables the ongoing development of place and space.

Place branding and culture led regeneration is a primary focus of the event in a township and region that has a significant focus on 'winter.'

The event has cultural, economic, and social outcomes. For four days over Easter, creativity becomes the fabric of the town. In 2021 over 26,000 people were actively engaged in the event. This volume of people engaged in cultural activity in town created a sense of community and has done for the past 20 years.

The combination of the visual impact and aesthetic stimulates interest and solidifies the connection to Lake Jindabyne, the physical heart of the town. The natural features of the region contribute to the distinctiveness of the event, by creating a sense of arrival and using the sculptures to animate the public outdoor environment.

Lake Light Sculpture is delivered entirely by volunteers and uses local business to support the event. Community involvement through sponsorship, volunteering and attendance promote social inclusion and gives local residents the opportunity to shape their local neighbourhood. Lake Light Sculpture: Street Edition will capitalise on secondary economic outcomes from visitors spending on transportation, food and beverage, accommodation, and artwork sales. All incredibly important after a cancelled event year and the natural disasters of the past 2 years.

The Snowy Monaro region has a rich artistic base, however there are few formal mechanisms for tapping into this base. LLS enhances the reputation of the region and connects the community with the artists, the collectors and art seeking visitors. In previous iterations, local heritage is explored, Aboriginal Heritage is acknowledged and celebrated, and artworks are made by kindergarten students through to aged care residents.

We transform the regional landscape, celebrate the unique mountain location beside Lake Jindabyne, stimulate social interaction and invite dialogue with the arts. The event generates economic opportunities for artists and the local township, provides opportunities for learning and cultural awareness and stimulates cultural tourism; from a volunteer led, community created event

Lake Light Sculpture (LLS) is a creative community building event. LLS develops social capital by providing opportunities to participate in cooperative making events and developing ties on a cultural level.

Lake Light Sculpture: Street Edition recognises that public spaces are essential to thriving communities. The creative use of public space provides opportunities for people to meet and be exposed to different members of the community. Through additional funding, commissioned artists specialising in community and participatory art will provide structure to community-wide making events. We aim to tell powerful personal and community stories - many works in the 2021 event referred to personal experiences of the 2020 bushfires.

Jindabyne is a fractured township and spaces aren't designed or managed for public use and LLS creates linkages through art to encourage connection and alternative use – paving the way for civic redevelopment. LLS encourages activation discovery of the township by walking. The planned installation of the 2023 event traverses 3kms of walking space from the town entrance on the Eastern side, through the main shopping district and a long stretch connecting the Clay Pits on an infrequently used path alongside the highway.

LLS encourages youth participation - young people are meaningful contributors in the social and economic aspects of the community – through schools, through volunteerism and by demonstrating the arts as a viable pastime or career option. This is increasingly important in a township where winter sports success is seen as the ultimate achievement.

As a gateway township to the mountains, public art is recognised as a mechanism for improvement of the civic space. LLS is the leading voice in the arts in the region. The investment is modest; however, the economic and social impacts are significant. The wide variety of artists participating ensure that the resulting exhibition is varied and diverse. LLS holds true to a shared belief in the creativity of all people and their inherent right to express what is important to them in a manner that is relevant, challenging and fun.

Lake Light Sculpture (LLS) relies entirely on volunteers to function and a combination of grants and income from the event itself to run.

Lake Light Sculpture Inc. would deliver the event with Snowy Monaro Regional Council as our presenting partner for the Awards Day. It would be expected that a logo group would be agreed and approved and used in all major collateral.

Awards Presenting Partner

It would be expected that logos would appear on the website, advertising (where not text only), catalogue, specific event signage, for the main event and any specific collateral for the dedicated Awards morning.

Snowy Monaro Regional Council would be a supporting partner for the event, which also include a speaking opportunity at the Awards presentation and any other public speaking events held during the festival.

## Date From: 1/02/2018 Date To: 30/01/2023

IN-PROGRESS ACTIONS REPORT ittee: Ordinary Council

No further update at this point.

### 31 Jan 2022

NSW Navy Cadets have advised that they will not pursue their use of the site. Awaiting confirmation of the caveat change amendment sought from NSW Property. Review of use model and consideration of other suitable groups (in consult with the Monaro Family Support Services & Monaro Care & Early Learning Centre) to occur.

### 02 Nov 2021

To inform user MOU drafting - Awaiting further advice from NSW Navy Cadets for their use aspect. Awaiting confirmation of the caveat change amendment sought from NSW Property. 04 Aug 2021

Committee:

Further contact from Property NSW anticipated in the coming week in relation to the permitted use nuances.

### 05 Sep 2021

Agreement reached with the EOI user groups on shared use of space basic arrangements at the 17 Bent Street site. Finalising the agreement to ensure community groups can engage with the venue in September 2021.

### 01 Oct 2021

Incoming tenant groups have access to venue, with general fit out & maintenance tasking being actioned at the site. A basic deed of Deed of Agreement will guide occupancy for the initial 4-6 month period; this will allow time for practical functional elements to be fine-tuned for all stakeholders, and thus better inform the long term lease design.

Proposed Acquisition of Easement for Access to Middlingbank Quarry That Council A. Enter into negotiations with the owner of lot 1 DP 1022898 for a right of way for access across his land. B. Engage the services of a surveyor to create a plan for registration of a right of way across lot 1 DP 1022898. C. Council to be responsible for all costs for creation and registration of the plan for the right of way. D. Authorise the Chief Executive Officer to negotiate the compensation for the easement. E. Authorise the Chief Executive Officer to sign all necessary documents to give effect to the above.							
Notes	0						
04 Jan 2023 After a desktop investigation of the proposed access site for purchase, it was noted that there is no obvious access to the Middlingbank Quarry from this site.							
<b>30 Nov 2022</b> Comment has been raised to the Infra	structure Team about a	property that may be for sale which could	d allow access to the Middlingbank Quarry. Th	nis will be investigated.

                                                                                                Ordinary Council
A - COMPLETE. B - Part 1) Advice received from ORALRA - ALCs 11150, 40959 and 42460, have been amended to the extent that the portion of Lot 7002 DP 1028529 identified as proposed 'Lot 21' (being
approximately 1.17 hectares) in the Draft Plan of Redefinition (at Attachment A: CM9: 21/114612), dated 30 April 2021, has been excluded from the claims (CM9: 21/114613). [The balance of these three
claims is to remain 'on foot' for determination in due course]. B - Part 2) Awaiting Survey Plan.
20 Oct 2021
A - COMPLETE. B - Awaiting advice from ORALRA and registered plan from the surveyor. Once Public Works Advisory (PWA) have the survey plan and the ORALRA advice, they can advance the matter towards
Office of Local Government application. C - Waiting on B. D - Waiting on C. E - Waiting on D.
17 Aug 2021
Native Title Search Received & email stating no objection to acquisition process from Bega LALC, request for adjustment to land claim sent to ORALRA by ALC.
04 Aug 2021
The surveyor has been instructed to lodge the plan for registration. When registration is confirmed, PWA will further proceed with the acquisition process. Preliminary confirmation from NSW Aboriginal Land
Council that there should be no issues obtaining part-withdrawal of ALC 11150, ALC 40959 and ALC 42460 as it applies to the formed road area. Once PWA has received the registered DP advice from the
surveyor, engagement with Bega LALC will be made to request that part-withdrawal.
04 Jul 2021
No further update at this point.
06 Jun 2021
No further update at this point.
27 Apr 2021
Draft plans have been produced and are being reviewed by relevant staff and key delivery consultants.
25 Mar 2021
Survey Plan being prepared with the aim for Deposited Plan Administration Sheet for signing early April.
04 Mar 2021
No further update at this point in time.
02 Feb 2021
A - Quotation for Public Works Advisory has been approved and PWA has been asked to proceed.
Nov 2020
A to G - Quote from Public Works Advisory to complete the acquisition of the travelling stock reserve is awaiting approval. NSW Aboriginal Land Council is considering the request to excise the road from their
claim.
Oct 2020
A to G - Quotation has been received from Public Works Advisory to carry out the compulsory acquisition process. Currently finalising approval. Also waiting on reply from the NSW Aboriginal Land Council.
Sep 2020
A to G - Currently waiting on a reply from the NSW Aboriginal Land Council.
Aug 2020
A to G - This acquisition has been placed on hold while further investigations through Local Land Services and Aboriginal Land Council are carried out.
Jul 2020
A - Council is waiting on the survey to be completed. B - When the survey plan is received the application to the Minister and the Governor will be made. C - PANs will be served after the Minister and
Governor's consent is received. D - Gazettal will take place after consent of the Minister and the Governor is received. E - Valuation has been requested from the Dept of the Valuer General for land to be
acquired without consent. F - Documents will be sent to the CEO for execution when appropriate. G - Upon acquisition the acquired property will be dedicated as road.
Jun 2020
Surveyor is presently carrying out the work.
May 2020
Surveyor advised that he will commence the survey in the next week.

9.5.2 ANSWERS TO QUESTIONS WITH NOTICE

#### 9.5.2 ANSWERS TO QUESTIONS WITH NOTICE

Record No: 123/40

#### OFFICER'S RECOMMENDATION

That Council receive the answers to questions with notice for the period ending January 2023.

This is an information only report.

#### BACKGROUND

In order to provide Councillors with updates on questions asked by Councillors, a report has been generated with a summary of questions that are current and have recently been completed, for the period ending January 2023.

**RESPONSIBLE OFFICER:** Chief Strategy Officer

#### **EXISTING POLICY/DECISIONS**

Under clause 3.13 of Code of Meeting Practice a councillor may, by way of a notice ask a question for response by the Chief Executive Officer about the performance or operations of the Council.

#### No further update.

#### 11 Jul 2022

Further investigation is required before a final answer is provided to the Councillors. This investigation will include querying long-term maintenance staff and other necessary methods to provide an accurate response. What is clear however is that the current situation in terms of the lack of ongoing maintenance of crown roads (outside of the current maintenance being undertaken under the disaster recovery funding arrangement) is unacceptable. At a minimum, it is likely that a future report will come to Council recommending that Council resolve to approach the NSW government to explore a workable solution for Crown road maintenance.

9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

#### 9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

Record No: 123/30

#### OFFICER'S RECOMMENDATION

That Council

- A. Determine whether it wishes to submit Notice of Motions for the National General Assembly 2023; and
- B. Authorise the Mayor and CEO to attend the NGA 13 to 15 June 2023 in Canberra.

#### ISSUES

The theme for the 2023 NGA will be "Our Communities, Our Future". Council's attendance at NGA will assist in future policy development and provide influence in the shape and direction of Council.

#### **RISK ASSESSMENT**

Risk Type	Current Risk	Expected Risk	Within Accepted
External Political Environment	Low	Low	Yes
Financial Sustainability	Low	Low	Yes
Legislative Governance and Compliance	Low	Low	Yes
Reputation and Image	Low	Low	Yes

#### **FINANCIAL IMPACTS**

The following costs are estimates only.

Estimated Expenditure	Amount	
Registration x 2	\$2,000.00	
Networking dinner	\$300.00	
Accommodation x 1 for 3 nights	\$1,000.00	

**RESPONSIBLE OFFICER:** Executive Assistant to CEO, Mayor and Councillors

#### **OPTIONS CONSIDERED**

As the pre-eminent event of the local government year, where local councillors come together to share ideas and debate issues that shape the way we are governed, non-attendance holds possible reputational consequences.

If council does submit a motion, there is an expectation that a council representative will be present at the NGA to move and speak to that motion if required.

#### **IMPLEMENTATION PLANS**

EA to CEO, Mayor and Councillors to lodge motions online prior to due date of 24 March 2023, complete conference registrations and all necessary accommodation requirements for attendees.

#### BACKGROUND

A notice of motion to this year's NGA should either:

- Focus on practical and deliverable programs and policies that the Australian Government can support and work directly with the local government sector to build our communities; or
- New program ideas that would help the local government sector to deliver national objectives. Motions should be concise, practical and able to be implemented.

All notices of motions will be reviewed by the NGA Subcommittee to ensure that they meet the criteria included in this paper. The Subcommittee reserves the right to select, edit or amend notices of motions to facilitate the efficient and effective management of debate on motions at the NGA.

All NGA resolutions will be published on <u>www.nationalgeneralassembly.com.au</u>.

As the convenor of the NGA, the ALGA Board will communicate resolutions to the relevant Australian Government Minister and publish Ministerial responses as they are received on the website.

# OUR FUTURE DD

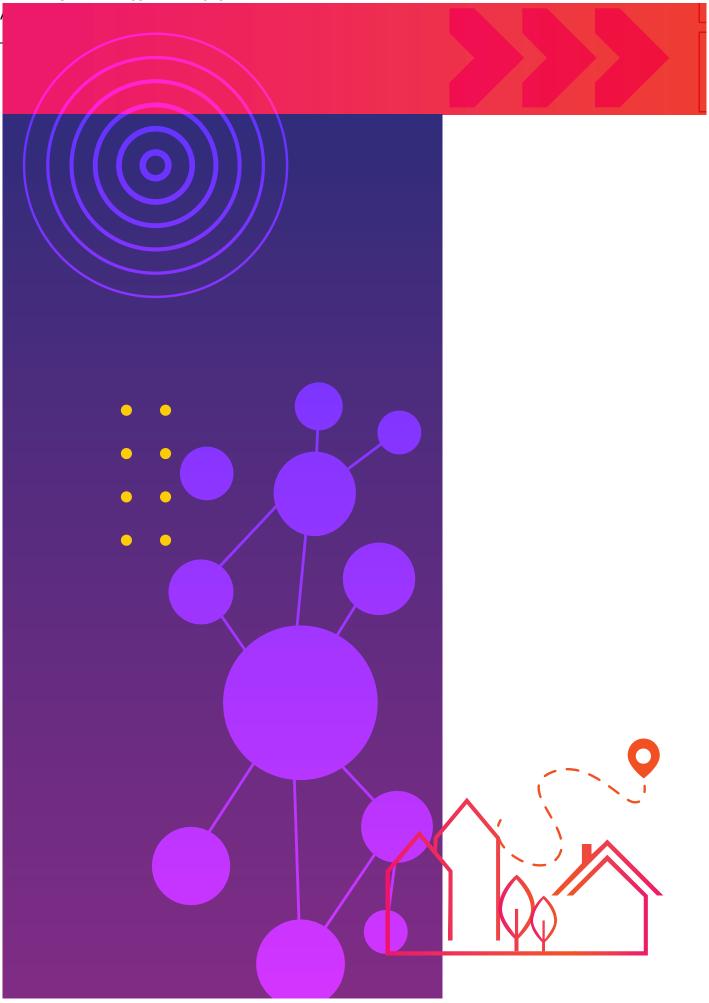

# **DISCUSSION PAPER** Call for Motions

**JUNE 2023** 

NATIONAL CONVENTION CENTRE CANBERRA

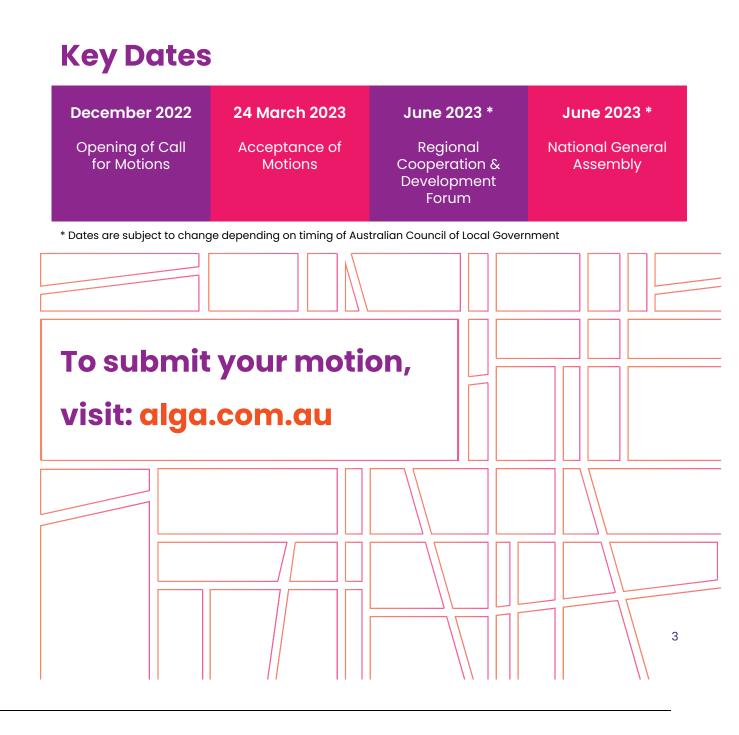

The Australian Local Government Association (ALGA) is pleased to convene the 29<sup>th</sup> National General Assembly of Local Government (NGA), to be held in Canberra mid June 2023.

This discussion paper contains essential information for Australian councils considering submitting motions for debate at the 2023 NGA.

It is recommended that all councils and delegates intending to attend this event familiarise themselves with the guidelines for motions contained in this paper.

# Background to ALGA and the NGA

ALGA was established in 1947, and its structure is a federation of member state and territory local government associations.

Its mission is to champion and strengthen Australian councils by representing the agreed position of ALGA members, the seven local government associations from around Australia, who represent 537 Australian councils.

In 1994, the ALGA Board, in consultation with its member associations, established the NGA as a unique forum to engage with councils directly at the national level.

The purpose of the NGA was to build the profile of local government on the national stage and demonstrate to the Australian Government the strength and value of working with local government nationally.

As part of the NGA, debate on motions was introduced as a vehicle for councils from across the nation to canvas ideas, and solutions to the challenges facing Australia's councils and communities.

Outcomes of debate on motions (NGA Resolutions) could then be used by participating councils to inform their own policies and priorities, as well as their own advocacy to the Federal Government and Federal MPs.

At the same time, they assist ALGA, and its member state and territory associations to gain valuable insight into council priorities, emerging national issues, and gauge the level of need and support for emerging policy and program initiatives and advocacy.

# Changes for 2023

The ALGA Board has undertaken a comprehensive review of the motions process.

As a result, ALGA has allocated additional time for debate on motions at the 2023 NGA and amended the criteria with a view to improving the quality and relevance of motions included in the Business Papers.

The updated criteria for motions is listed on page 6.

ALGA's policies and priorities will continue to be informed by motions and determined by the ALGA Board and based on the positions of its member associations.

ALGA's Board thanks all councils for attending the NGA, and those that will take the time to submit motions for debate at this event.

# **Submitting Motions**

#### The theme of the 2023 NGA: Our Communities, Our Future.

This theme conveys the critical importance of our communities, how they are the focus of our attention, and how they are at the centre of all our work.

Our communities are the reason that local governments exist, and it is the health and wellbeing of our communities that will shape Australia's future.

This discussion paper is a call for councils to submit motions for debate at the 2023 NGA, to be held in Canberra mid June 2023.

A notice of motion to this year's NGA should either:

- Focus on practical and deliverable programs and policies that the Australian Government can support and work directly with the local government sector to build our communities; or
- New program ideas that would help the local government sector to deliver national objectives.

Motions should be concise, practical and able to be implemented.

They must also meet the guidelines for motions outlined in this paper.

You are encouraged to read all the sections of the paper but are not expected to respond to every issue or question. Your council's motion/s should address one or more of the issues identified in the discussion paper.

Motions must be lodged electronically using the online form available at <u>www.alga.com.au</u> and be received no later than 11:59pm on Friday 24 March 2023.

All notices of motions will be reviewed by the NGA Subcommittee to ensure that they meet the criteria included in this paper.

The Subcommittee reserves the right to select, edit or amend notices of motions to facilitate the efficient and effective management of debate on motions at the NGA.

All NGA resolutions will be published on www.nationalgeneralassembly.com.au.

As the convenor of the NGA, the ALGA Board will communicate resolutions to the relevant Australian Government Minister and publish Ministerial responses as they are received on this website.

If your council does submit a motion, there is an expectation that a council representative will be present at the NGA to move and speak to that motion if required.

- We look forward to hearing from you and seeing you at the 2023 NGA.

# 9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

## **Criteria for motions**

To be eligible for inclusion in the NGA Business Papers, and subsequent debate on the floor of the NGA, motions must meet the following criteria:

- 1. Be relevant to the work of local government nationally.
- 2. Not be focused on a specific jurisdiction, location or region unless the project or issue has national implications.
- 3. Be consistent with the themes of the NGA.
- 4. Complement or build on the policy objectives of ALGA and your state or territory local government association.
- 5. Be submitted by a council which is a financial member of their state or territory local government association.
- 6. Propose a clear action and outcome ie call on the Australian Government to act on something.
- 7. Not be advanced on behalf of external third parties that may seek to use the NGA to apply pressure to Board members, or to gain national political exposure for positions that are not directly relevant to the work of, or in the national interests of, local government.
- 8. Address issues that will directly improve the capacity of local government to deliver services and infrastructure for the benefit of all Australian communities.
- 9. Not seek to advance an outcome that would result in a benefit to one group of councils to the detriment of another.
- 10. Be supported by sufficient evidence to support the outcome being sought and demonstrate the relevance and significance of the matter to local government nationally.

Motions must commence with the following wording:

This National General Assembly calls on the Australian Government to ...

9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

## **Other things to consider**

AT

Please note that it is important to complete the background section on the form. Submitters of motions should not assume that NGA delegates will have background knowledge of the proposal.

The background section helps all delegates, including those with no previous knowledge of the issue, in their consideration of the motion.

Motions should not be prescriptive in directing how the matter should be pursued.

Try to keep motions practical, focussed, relatively simple and capable of being implemented to ensure that relevant Australian Government Ministers provide considered, thoughtful and timely responses.

Multi-point motions that require cross portfolio coordination have not historically received meaningful responses from the Government.

All motions submitted will be reviewed by the NGA Subcommittee, in consultation with state and territory local government associations, to determine their eligibility for inclusion in the NGA Business Papers.

When reviewing motions, the Subcommittee will consider the motions criteria, clarity of the motion and the importance and relevance of the issue to local government.

If there are any questions about the substance or intent of a motion, ALGA will raise these with the nominated contact officer. With the agreement of the submitting council, these motions may be edited before inclusion in the NGA Business Papers.

To ensure an efficient and effective debate where there are numerous motions on a similar issue, the Subcommittee will group motions together under an overarching strategic motion.

The strategic motions will have either been drafted by ALGA or will be based on a motion submitted by a council which best summarises the subject matter.

Debate will occur in accordance with the rules for debate on motions published in the Business Papers and will focus on the strategic motions.

Associated sub-motions will be debated by exception only or in accordance with the debating rules.

Any motion deemed to be primarily concerned with local or state issues will be referred to the relevant state or territory local government association and will not be included in the NGA Business Papers.

Motions should be lodged electronically using the online form available on the NGA website at: www.alga.com.au.

All motions require, among other things, a contact officer, a clear national objective, a summary of the key arguments in support of the motion, and endorsement of your council.

#### > Motions should be received no later than 11:59pm on Friday 24 March 2023.

# 9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

## **Setting the scene**

'Through a devastating pandemic, through a succession of dangerous and damaging natural disasters, through global uncertainty and painful price rises – The Australian people have demonstrated the best of our national character. Resolute and resilient in hard times. Practical and pragmatic about the challenges we confront. Optimistic and confident in a better future. And ready to work together to build it.'

The Hon Jim Chalmer MP, Federal Treasurer Budget Speech 2022-23

The opening statement of the Federal Treasurer's first Budget Speech describes the backdrop against which the 2023 NGA will be held.

The 2022 NGA was held just weeks after the change in the Federal Government on 21 May 2022. On 25 October 2022, the new Government handed down its first Budget which updated the economic outlook, realigned priorities and outlined how the Government was to meet its election promises.

The Budget update foreshadows deteriorating economic conditions, citing global challenges, slowing growth, high inflation and higher interest rates, and acknowledges the mounting cost of living pressures on individuals, families and communities.

Key updates include:

- The economy is expected to grow solidly this financial year, by 3 ¼ percent before slowing to 1 ½ percent growth for 2023/24, a full percentage point lower than what was forecast in March;
- That slowing growth will have an effect on employment, but jobs will continue to be created, and unemployment is expected to stay low by historical standards – at 4 ½ percent in 2023/24 and 2024/25;
- Inflation is expected to peak at 7 ¾ percent late in 2022, before moderating over time to 3 ½ percent through 2023/24, and returning to the Reserve Bank's target range in 2024/25; and that
- When that inflation moderates, real wages are expected to start growing again in 2024.

8

# 9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

The Government is also committed to repairing the Budget in a 'measured and responsible' manner consistent with the objective of maintaining full employment and the delivery of essential services. It foreshadows that this will be achieved through spending restraint, with new spending focused on high-quality and targeted investments and building on the capability of the Australian people, expanding the productive capacity of the economy, and supporting action on climate change.

The Budget also included a focus on measuring and improving community wellbeing.

By the time of the 2023 NGA, the Government will have delivered its second Budget, which will provide further updates to the economic outlook and also refine its economic strategy going forward.

The 2023 NGA provides you - the elected representatives of Australia's local councils and communities - with the opportunity to engage with the Federal Government and key Ministers.

Further, it is your opportunity to advocate for new or extended programs and policy initiatives that could strengthen local governments' capacity to deliver services and infrastructure to communities across the nation.

This year's call for motions focusses on eight priority areas:

- Productivity;
- Local Government Infrastructure;
- Community Wellbeing;
- Local Government Workforce;
- Data, Digital Technology and Cyber Security;
- Climate Change and Renewable Energy;
- Natural Disasters; and
- Housing.

# 9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

# 1. Productivity

In February 2022, the then Federal Treasurer asked the Productivity Commission to undertake an inquiry into Australia's productivity performance and provide recommendations on productivity enhancing reform.

This inquiry was the second of a regular series, undertaken at five-yearly intervals, and recognises that productivity growth is vital for Australia's future. Drawing on the Intergenerational Report the Treasurer notes that '… future growth in income and living standards will be driven from productivity growth as the participation effects of young migration are offset by an ageing population.'

ALGA engaged SGS Economics and Planning to undertake research to support its submissions to this inquiry.

SGS Principal and Partner Dr Marcus Spiller presented on some of the findings of this research at the 2022 NGA. In his presentation he identified that local governments generate local economic activity through employment, payment of wages and expenditure on goods and services in the local economy. In addition, SGS identified nine ways local government supports the productive capacity of the broader economy.

Figure 1 - Nine ways local governments contribute to the productive capacity of the broader economy:

Providing Urban Infrastructure Arterial roads Major cycleways Green space networks Clean streets	Mitigating externalities in urban development Development approvals Building controls Separation of incompatible uses	Place making & Visitor economy Tourism infrastructure Culture and arts Place quality/attractions Safe streets
Providing land for housing Strategic planning for housing development Infrastructure coordination to support housing development	<b>Better local labour markets</b> Provision/ facilitation of child care services Facilitating access to training Supporting social enterprises as skill accumulators Supporting key worker housing	Climate mitigation & adaptation Mapping & management of climate change hazards Emergency management and recovery Regulated retreat Renewable energy networks
Providing land for business Strategic planning for employment areas Infrastructure coordination to support employment lands	Business clusters & innovation Promotion of local business districts Business incubators Business angels	Circular economy Resource recovery and reuse Management of landfill

Sources: Adapted from SGS Research for ALGA's Submission to Productivity Commission (2022)

Are there programs and initiatives that the Commonwealth Government could implement to improve local government's capacity to support productivity growth?

Are there programs that could support one, or all of the identified ways local government contributes to productivity in the broader economy?

10

AT

# 2. Local Government Infrastructure

The 2021 National State of the Assets Report (NSoA) shone a spotlight on local government infrastructure assets. While the technical report shows that local government assets such as roads, bridges, buildings, parks and recreation, stormwater, water and wastewater and airports and aerodromes are generally in good to very good condition, around 10 percent are not fit for purpose, and around 20 - 25 percent are only fair and over time will need attention.

Over the past 12 months this situation has further deteriorated as a result of natural disasters, and particularly flooding across the eastern seaboard.

The technical report shows that in 2019/20 non-financial infrastructure assets were valued at \$342 billion and were depreciating at \$7.7 billion per year. Replacement costs of these infrastructure assets were in the order of \$533 billion.

While 86 percent of councils have adopted long term financial plans, one third of councils do not have asset management plans for their major assets, or if they do, they are out-of-date. Of the councils that do have asset management plans only 66 percent included financial projections in their financial plan.

Asset management and long-term financial planning are essential tools for councils to manage community assets now and into the future.

Are there programs or initiatives that the Commonwealth Government could adopt to improve the long-term sustainability of council's infrastructure?

Are there programs or initiatives that the Commonwealth Government could provide to improve the sector's capacity to manage local government infrastructure and to integrate these plans into long-term financial plans?

# 3. Community Wellbeing

While the NSoA focuses attention on physical assets, local governments also provide a wide range of important community services that improve local wellbeing. These services are provided at the discretion of councils based on local characteristics, needs, priorities and resources of the local community.

Australian Bureau of Statistics (ABS) data shows that local government annual expenditure in 2020/21 was \$43 billion. It is important to note that nationally local government is 83 percent self-sufficient. That is, the vast majority of local government services and infrastructure are funded at the local level either through rates, fees and charges, sale of goods and services, and interest, and only 17 percent comes from grants and subsidies from other levels of government. Unfortunately, many of these grants and subsidies are tied, and often require matching funding which restricts the ability to address local priorities in the way the council and community might like.

Local government community services are broadly defined and may include but not limited to:

- environmental health including food safety;
- childcare, early childhood education;
- aged care, senior citizens;
- services to the disabled;
- programs to address disadvantage, to reduce poverty and homelessness;
- sporting and recreational programs;
- arts and cultural activities, program and festivals;
- · tourism and economic development activities; and
- library services.

Councils also play a key role making places that are attractive and liveable for current and future workers, and closing the gap between Indigenous and non-Indigenous Australians.

ALGA's research shows that almost one in four councils are heavily reliant on federal Financial Assistance Grants, which make up at least 20 percent of their annual operating revenue. Financial sustainability of local governments remains an ongoing issue which threatens local service provision and community wellbeing.

Noting the funding arrangements for the provision of local government community services in your area and across the country, are there programs and initiatives that the Commonwealth Government could implement to improve the delivery of these services?

Are there changes to existing programs, including to administrative arrangements, that would significantly improve local government human service planning and provision of services and infrastructure across Australia?

Are there new programs the Australian Government could develop that would support councils to close the gap between Indigenous and non-Indigenous Australians?

What are the actions the Australian Government could take to support councils to improve their ongoing financial sustainability, and their capacity to deliver the services their communities need?

12

AT

# 4. Local Government Workforce

Local government is a major employer in Australia providing employment, career advancement and training opportunities for more than 190,800 Australians, across an estimated 400 occupations. In many communities, the council is one of the largest employers.

There are 537 local councils in Australia. Importantly, they are geographically dispersed and provide essential public administration to every corner of the nation.

According to the 2022 National Local Government Workforce Skills and Capability Survey, more than 90 percent of local governments are experiencing skills shortages, resulting in around two thirds of councils having their projects impacted or delayed.

Skills shortages occur for a variety of reasons including an inability to compete against the private sector, worker accommodation, support services for families, ageing of the workforce and geographic isolation. The attrition rate (or rate of turnover) of local government staff is estimated to be between 15 – 20 percent per annum.

The most cited skills shortages include engineers, urban planners, building surveyors, environmental officers and human resources professionals.

ALGA's submission to the Productivity Commission's Productivity Inquiry called on all levels of government to work together to improve training pathways and address skills and labour shortages for the benefit of councils, communities, and businesses right across Australia.

While local government must face its immediate workforce challenges, it must also anticipate the changing nature of work, and future skills needed to meet the changing needs of our communities.

Are there programs or initiatives that the Commonwealth Government could implement that would enhance local government's capacity to attract and retain appropriately skilled staff now and into the future?

Are there programs or changes to existing programs that would increase local government's ability to employ apprentices and trainees?

Are there other initiatives that the Commonwealth Government could provide to improve the sector's ability to plan and develop skills fit for the future?

# 5. Data, Digital Technology and Cyber Security

Provision of information technology to all Australians is vital for innovation, economic growth and social equity. However, it is potentially even more important to regional Australia where the tyranny of distance increases the inequity of services available – including education, health, economic and social.

Innovative technology is becoming more broadly available and has the ability to boost productivity and economic growth.

Councils around Australia continue to embrace new technologies to improve their service delivery standards and broaden consultation and engagement with their local communities. However, many councils lack basic technological infrastructure and have a shortage of necessary skills and resources.

In October 2022, cyber-attacks on major Australian corporate organisations including Optus and Medibank Private highlighted the critical importance of cyber security. It is a timely reminder as digital information, services and products become an increasing feature of modern business operation including in local government.

Like all risks, local government must manage the risk of cyber-attack and address cyber security. At a national level, there is a poor understanding of local government's vulnerability to cyber-attacks and a lack or inadequacy of risk management strategies and business continuity planning within the sector. While this is primarily a responsibility of the sector itself, governments at all levels must work together to ensure that the public have confidence in government information management systems and its security.

Drawing upon your own council experience, and your knowledge of other councils within your state, or territory, are there programs and initiatives that the Commonwealth Government could implement to help local government develop its digital technology services and infrastructure and/or to improve cyber security within the sector?

9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

Local governments are playing an important leadership role in addressing climate change, supporting a wide range of programs to lower the carbon footprint of their own business operations and in their local communities.

As a sector, local government is leading the debate for lowering carbon emissions, sourcing renewable energy, responding creatively to reduce greenhouse gas emissions from landfills, and facilitating the construction of green buildings and water sensitive design of cities and towns.

Councils also have a role to play supporting communities in transition, moving away from fossil fuels to new industries.

Pragmatically, local government has been at the forefront of addressing the impacts of climate change and adapting to reduce its environmental footprint. These impacts include an increased number of days with high temperatures, less rainfall and more droughts in southern Australia, less snow, more intense rainfall and fire weather, stronger cyclones, and sea level rise. These changes will increase stress on Australia's infrastructure and physical assets and natural ecosystems that are already threatened, and significantly affect agriculture, forestry, fisheries, transport, health, tourism, finance and disaster risk management.

At the 2022 NGA, there were five Strategic Motions and 15 associated motions debated concerning this issue. Councils are encouraged to review these motions on ALGA's website prior to developing new motions for debate at the 2023 NGA.

Noting the Government's commitment to reducing emissions, are there programs and initiatives that the Commonwealth Government could develop to assist councils in their work to address climate change and reduce emissions?

AT

# 7. Natural Disasters

Over the past five years, Australian communities have experienced unprecedented natural disasters. At the time of writing, almost every community in Australia, particularly those on the East Coast, had been adversely affected by wet weather conditions associated with the La Nina weather pattern.

Councils in Western Australia are still recovering from a cyclone in 2021, and the Black Summer bushfires in 2019/20 burned approximately 250,000 square kilometres across the country.

The impacts of heavy rainfall, record breaking floods and associated social disruption and damage to infrastructure have exposed weaknesses as well as the strength of current emergency management systems.

There have been numerous NGA motions in the past regarding natural disasters. This year, councils are encouraged to draw on their practical experience of the improvements that could be made to managing emergencies.

Please note, however, that many aspects of emergency management are state or territory responsibilities, and your motions should focus on how the Commonwealth Government could assist.

What new programs could the Australian Government develop to partner with local government to improve the current natural disaster management systems to further assist in recovery and build resilience?

# 8. Housing

AT

A lack of affordable housing remains one of the biggest issues for Australian councils and communities.

There is less social and affordable housing stock available than there was a decade ago, and more low-income Australians are experiencing housing stress.

The shortage and rising costs of rental properties and affordable home ownership are having significant social and economic impacts in cities and towns across Australia, including rural and regional communities.

This is due to a range of factors including changes to recent migration patterns, cheap finance and labour and material shortages in the construction sector.

While the provision of affordable housing is not a local government responsibility, councils often facilitate affordable housing within their communities, operating within state/territory planning, financial and other legislation requirements.

Some councils are going further, addressing thin markets and developing land and housing themselves, delivering local solutions to meet the needs of their communities.

Local government also plays an important role addressing some of the causes of homelessness, including social inclusion programs that can assist mental health and family violence issues, as well as providing support for people currently experiencing homelessness.

What new programs and policies could the Australian Government develop to partner with local government to support the provision of more affordable housing?

How can the Australian Government work with councils to address the causes and impacts of homelessness?

# 9.5.3 AUSTRALIAN LOCAL GOVERNMENT ASSOCIATION - NOTICE OF MOTIONS FOR NATIONAL GENERAL ASSEMBLY 2023

# Conclusion

Thank you for taking the time to read this discussion paper and your support for the 2023 National General Assembly of Local Government.

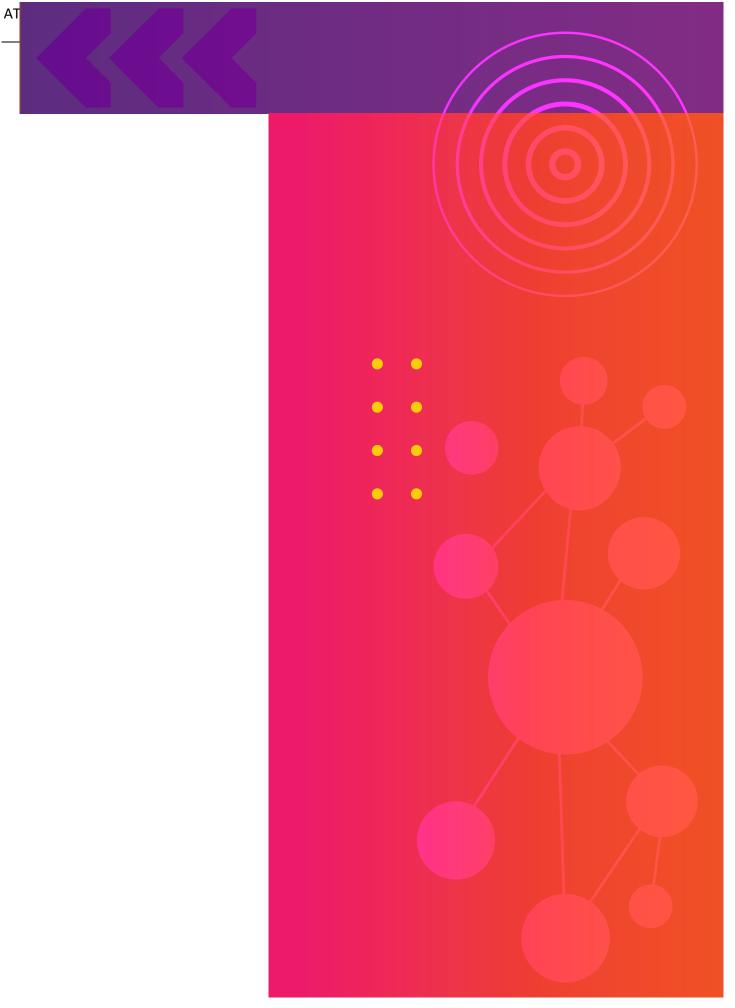

# A FINAL REMINDER:

- » Motions should be lodged electronically at www.alga.com.au and received no later than 11.59pm on Friday 24 March 2023.
- » Motions must meet the criteria published in this paper.
- » Motions should commence with the following wording: 'This National General Assembly calls on the Australian Government to...'
- » Motions should not be prescriptive in directing how the matter should be pursued
- » Motions should be practical, focussed and relatively simple.
- » It is important to complete the background section on the form.
- » Motions must not seek to advance an outcome that would result in a benefit to one group of councils to the detriment of another.
- » When your council submits a motion there is an expectation that a council representative will be present at the 2023 National General Assembly to move and speak to that motion if required.

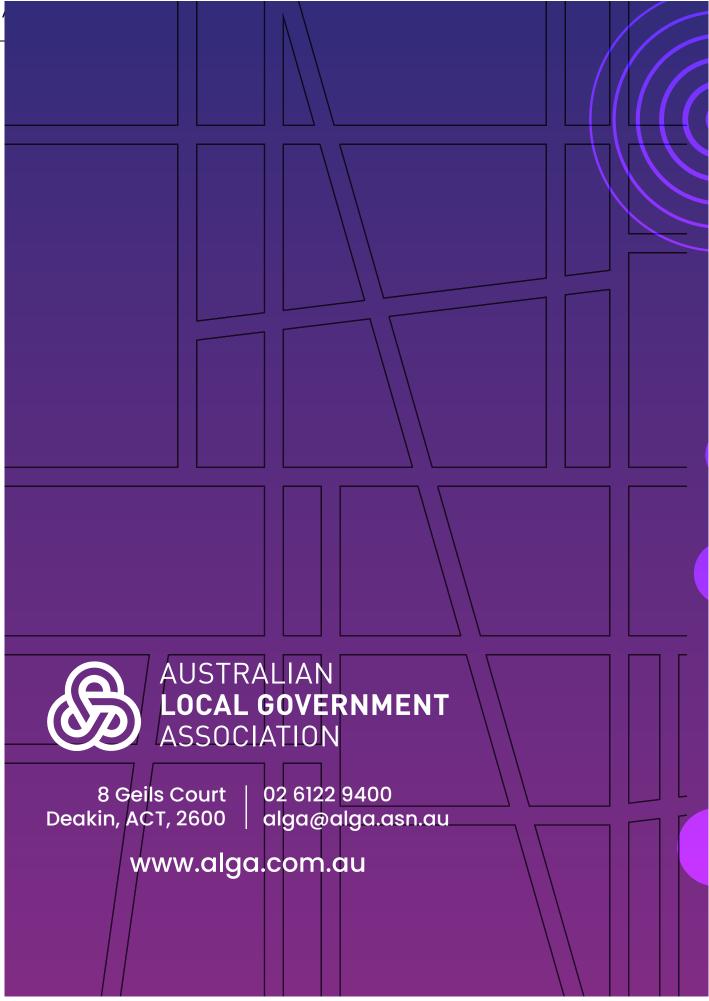

We look forward to hearing from you and seeing you at the 2023 National General Assembly in Canberra.

10.2 DRAFT MINUTES - AUDIT, RISK AND IMPROVEMENT COMMITTEE 12 DECEMBER 2022

# 10.2 DRAFT MINUTES - AUDIT, RISK AND IMPROVEMENT COMMITTEE 12 DECEMBER 2022

Record No: 123/24

# **OFFICER'S RECOMMENDATION**

That Council receive and note the Draft Minutes of the Audit, Risk and Improvement Committee meeting held on 12 December 2022.

# ISSUES

Nil.

# **RISK ASSESSMENT**

Council's ARIC provides independent assurance and assistance to Council and indirectly the community members in respect to risk management, the control framework, legislative compliance, internal audit and external accountability responsibilities. The Committee relies on the work of Internal Audit to provide more in-depth assessment of the council's risk and control environment.

Advantages to the community from Council's ARIC result in independent oversight of controls and operations, giving assurance to the Community that Council is systematically addressing risk, ensuring compliance and providing best practice.

# **FINANCIAL IMPACTS**

Costs for the operations of Council's ARIC are met in the budget as set.

**RESPONSIBLE OFFICER:** Chief Executive Officer

**OPTIONS CONSIDERED**

DRAFT MINUTES - AUDIT, RISK AND IMPROVEMENT COMMITTEE 12 DECEMBER 2022

# BACKGROUND

10.2

The Snowy Monaro Regional Council's Audit, Risk and Improvement Committee (ARIC) was established in June 2016. The current charter was adopted by Council in March 2020. The ARIC comprises four independent members and one councillor.

An effective ARIC has the potential to strengthen the control environment (of which it is part) and assist the Chief Executive Officer and Council to fulfil their stewardship, leadership and control responsibilities. Council's ARIC has its own Charter which is resolved by Council. The Audit, Risk and Improvement Committee Charter outlines the authority, role and responsibility of Council's ARIC.

ARIC45/22

Item 8.1 was moved to this section of the meeting.

Tracy Sligar joined the meeting.

# 8.1 ADOPTION OF THE 2021/22 FINANCIAL STATEMENTS

Tracy Sligar:

• The financial statements table included in the Council Meeting found extra funding which impacts the receivables. A \$2.8mill/income revenue for RMCC was accrued due to missed claims. Under accrual rates \$4.5mill (estimate) income for 2021/22.

Comments from Committee Members:

- Noted provision for landfill as well as other one off adjustments resulting in the underlying deficit.
- Auditors signed off, the quality of the financial statements has improved congratulations Tracy.
- Next year a solid plan to ARIC meeting in early 2023.
- What is the plan of attack regarding RFS assets?
  - Tracy Sligar Land and Building revaluation is on target for completion in March 2023.
- Audit Office is to send out the management letter by end of December 2022.

## 8.10 WHS REPORT SEPTEMBER - NOVEMBER 2022

Richard Doolan:

- A mental health first aid training course is currently being organised to be provided to staff.
- Regarding psych injuries, there has been a couple of isolated incidents. There is no identified trend connected to COVID-19.
- We encourage supervisors to do their required checks each month. The statistics for each team are going to SMT each month. Ensuring supervisors reach their required monthly inspection report numbers is not critical as it does not necessarily reduce risks.
- We are working on improvements, the average claim cost is lowering and starting to look promising.

# COMMITTEE RECOMMENDATION

ARIC56/22

That the Audit, Risk and Improvement Committee receive and note the information in the Work Health & Safety Report September – November 2022.

# Seconded Mr Barbeler

CARRIED

# 8.11 PROVIDING COPY OF HR DATA BEING DISTRIBUTED TO EXECUTIVE AND SENIOR MANAGERS MONTHLY AS REQUESTED AT LAST ARIC

COMMITTEE RECOMMENDATION		ARIC57/22
That the Audit, Risk and Improvement Con	mmittee receive and note the HR Dat	a report attached.
Moved Mr Quirk	Seconded Mr Barbeler	CARRIED

# 8.12 CHIEF EXECUTIVE OFFICER REPORT

Peter Bascomb:

- In developing the new suite of IP&R documents during April-June 2022 the LTFP included options for an SRV, with the preferred option being increases multiple years compounding to over 100%. Council subsequently commissioned an independent financial sustainability review (FSR) that concluded with 24 recommendations including a 43% SRV. This was subsequently modified to allow for funding for some of the other recommendations and for additional funds for building renewals.
- 53% as one increase or 10.5% slow increase over time which would be perceived as the minimum.

MINUTES OF THE AUDIT RISK AND IMPROVEMENT COMMITTEE MEETING OF SNOWY MONARO REGIONAL COUNCIL

HELD ON MONDAY 12 DECEMBER 2022

Page 9

ARIC58/22

- In order to satisfy IPART to agree to the SRV we need to ensure all of the community is aware of Council's plans.
- At this point in time we are getting very few people attending consultation sessions and did not have a lot of people fill out the survey.
- If the SRV gets up in January and we go for the 53% increase, we will need to demonstrate the benefits this will bring, improvement in asset management program etc.
- Sir William Hudson Memorial Centre (SWHMC) is in financial crisis. SMRC have no interest to take SWHMC on.

# COMMITTEE RECOMMENDATION

That Audit, Risk and Improvement Committee receive and note the information provided by the Chief Executive Officer.

Moved Mr Quirk	Seconded Mr Barbeler	CARRIED

# 9. GENERAL BUSINESS

# 9.1 INTERNAL AUDIT CHARTER

Michael Quirk:

• The Internal Audit Charter has been reviewed by Paul Fitzsimons and it needs to be updated. Discussions to take place with David Rawlings about a timeline.

# **10. NEXT MEETING**

Monday, 13 March 2023 commencing at 10.00am in the Committee Room and via Microsoft Teams.

There being no further business the Chair declared the meeting closed at 2:20PM

# CHAIRPERSON

The above minutes of the Audit Risk And Improvement Committee Meeting of Snowy Monaro Regional Council held on 12 December 2022 were confirmed by Committee at a duly convened meeting on 13 March 2023 at which meeting the signature hereon was subscribed. HELD ON THURSDAY 16 FEBRUARY 2023

# 10.3 MINUTES OF THE 17 NOVEMBER 2022 SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE

Record No: I23/46

# COMMITTEE RECOMMENDATION

That Council receive the minutes from the Snowy Monaro Region Biosecurity (Weeds) Advisory Committee meeting held on 17 November 2022.

# **EXECUTIVE SUMMARY**

The Snowy Monaro Region Biosecurity (Weeds) Advisory Committee met on 17 November 2022 in Jindabyne. The Committee's recommendations are presented for Council's consideration and adoption.

**RESPONSIBLE OFFICER:** Biosecurity Coordinator

HELD ON THUR	SDAY 17 NOVEMBER 2022 P
MINUTE	S OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING HELD IN JINDABYNE, NSW 2627
	ON THURSDAY, 17 NOVEMBER 2022 COMMENCING AT 9:00AM
PRESENT:	Councillor Bob Stewart Councillor Craig Mitchell, representing NSW Farmers Faye Steward – Acting Chair SE Local Land Services Brett Jones, Manager Biosecurity Weeds (SMRC) Susannah Harper (SMRC), Committee Secretary Kane Hurford, Biosecurity Officer (SMRC) Emily Griffin, Biosecurity Extension Officer (SMRC) Pradeep Kumar, AgriWest Cooma Margaret Mackinnon, Upper Snowy Landcare Network Luke McLachlan, NPWS Snowy River Area Jenny Crowe, Snowy Hydro Stuart Burge – representing Howard Charles Monaro Farming Systems Malcolm O'Brien – Fire & Stewardship Officer Snowy Region Forestry Corp N Chris Beckhouse – Senior Electorate Officer Office of Nichole Overall MP, Member for Monaro

#### 1. OPENING OF THE MEETING

The Chair opened the meeting at 9:00AM

#### 2. APOLOGIES

An apology for the meeting was received from Councillor Lynda Summers, Howard Charles Monaro Farming Systems, Darren Clarke Essential Energy, Luke Pope Local Land Services, Margaret Ning Friends of Grasslands, Imogen McGrath Nutrien Ag Solutions, Mick Chatergee Transport for NSW.

#### 3. DECLARATIONS OF PECUNIARY INTERESTS/CONFLICT OF INTEREST

#### 4. ADOPTION OF MINUTES OF PREVIOUS MEETING

#### 4.1 SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING 18 AUGUST 2022

#### RECOMMENDATION

THAT the minutes of the Snowy Monaro Region Biosecurity (Weeds) Advisory Committee Meeting held on 18 August 2022 are confirmed as a true and accurate record of proceedings.

### MOVED: BRETT JONES

#### SECONDED: JENNY CROWE

The committee introduced themselves due to some organisations sending alternate representatives.

#### 5. BUSINESS ARISING

#### 6. ACTION SHEET

ATTACHMENT 1 MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING HELD ON 17 NOVEMBER 2022 Page 391

> MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 17 NOVEMBER 2022 Page 3

#### 7. CORRESPONDENCE

- Letter to LLS Chair Fay Steward from Council re: ALG coordinator with attachment of ALG strategy brief
- Email inviting the Member for Monaro Nichole Overall to the November BAC meeting with the intent to discuss the ALG brief and the appointment to LLS of an African Lovegrass coordinator
- NSW State Weeds Committee: Minutes, outcomes from March 2022 meeting.
- Email: Releasing biological control agents CSIRO Community Engagement project EOI information for participation.

#### 8. GENERAL BUSINESS

1. Voting: Chair and Deputy Chair of Committee

Clr Stewart stood down from the position of chair and nominations were called for by Brett Jones.

**CHAIR:** Clr Craig Mitchell nominated Clr Bob Stewart for the position of Chair, no other nominations were received. Brett Jones seconded the nomination.

**DEPUTY CHAIR:** Kane Hurford nominated Clr Craig Mitchell (representing NSW Farmers) for the position of Deputy Chair. Discussion followed whether this was possible as only 2 Councillors are permitted to sit on a 355 committee and Clr Stewart and Clr Summers are the nominated Councillors on the committee. Clr Summers was not present at this meeting. Clr Mitchell stated he would discuss the matter with Clr Summers and the Governance team would be consulted with regard to the requirements for the Deputy Chair position by Brett Jones.

#### 2. ALG Coordinator appointment

The committee was advised a private members bill could be put the NSW State Government with regard to funding options for the position. Discussion followed as to how this works and if it was likely to succeed. Other options were raised including whether SMRC has an environmental levy or rural environmental levy in place as a special levy to partially fund a position if the community was agreeable. Discussion moved to the historical spread of ALG from 10,000ha in 1986 to 100,000ha currently. Overall there is 630,000ha of grazing land comprised of a mixture of native grasslands of varying quality and conservation value to land that is sown down.

Discussion relating to establishing a strategy for control of ALG and that the control of ALG is not just for high conservation grasslands, it is also to protect production values of grazing lands. The question was asked how this role is different to the Biosecurity Officers roles in Council. Further discussion regarding the objective of the position continued with the outcome that the position is focussed on engaging and coordinating/organising community groups in the minimisation of the spread of African Lovegrass. The costs of the position were raised and it was estimated to be approximately \$120,000 including on costs. The Wild dog position was a good model to base this role upon and has in principal support from LLS who the committee believe would be the best host for the role.

It was requested that a business case be prepared and send to Chris Beckhouse to pass on to Nichole Overall MP.

#### 3. Coordinator Biosecurity Report

#### Snowy Monaro Regional Council Activity Report – Thursday 17 November 2022

#### **Council meeting summary**

At its 15 September 2022 meeting, Council moved the following motion:

That Council submit the following motion to LGNSW for consideration at the LGNSW Annual Conference being held on Sunday 23 October to Tuesday 25 October 2022:

ATTACHMENT 1 MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING HELD ON 17 NOVEMBER 2022 Page 392

#### MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 17 NOVEMBER 2022

Page 4

That access to the Biosecurity information data base managed by DPI be broadened beyond statutory bio-security officers to include other appropriate stakeholders such as Landcare, local agronomists and relevant non-government and government agencies.

At its 20 October 2022 meeting, Council resolved to rescind the above, noting that "the matter of data availability was discussed at the 18 August 2022 meeting of Council's Biosecurity Advisory Committee but the Committee did not make any resolution regarding the matter".

All Committee members are reminded to please put a resolution to the Committee for endorsement. A resolution will be carried if more than half of the formal votes cast support for it.

#### **Upcoming Biosecurity Advisory Committee meetings**

16 March 2023 Bombala 15 June 2023 Cooma

#### African lovegrass biological control project summary

Committee members may recall a recent survey by NSW DPI aiming to identify any substantive conflict between the detrimental impacts of African lovegrass as a weed and any economic use or other useful attributes. The results of this national survey have been included in the nomination document to be assessed by the Environment and Invasives Committee. This survey was circulated widely through a variety of distribution networks in May 2022. The survey elicited 227 responses of which 175 respondents completed the entire survey. Respondents were overwhelmingly in favour of including a biological control agent to our current toolkit.

The survey arose due to the discovery of three potential biocontrol agents which have undergone host-range testing in the country of origin. These include two undescribed stem-boring herbivorous wasps (Hymenoptera: Eurytomidae) and a shoot-galling fly (Diptera: Chloropidae). The shoot-galling fly completed its development on species in several genera, so was deprioritized. Host-range testing of the two stem-boring wasps revealed development on several genera within the genus Eragrostis. Further testing on Australian native Eragrostis spp. will now be conducted in South African guarantine. Both species have been sent for formal taxanomic identification in Iraq. An Eragrostis DNA library has also been established as part of the project.

NSW DPI staff and collaborators at Rhodes University (South Africa) attended an African lovegrass site with Council's Biosecurity Coordinator during September, whereby a similar, unidentified stem boring wasp was detected. Samples are currently undergoing molecular analysis. At this stage, it is unknown whether this species is native or introduced.

#### Draft South East Regional Strategic Weed Management Plan (South East RSWMP)

The Draft South East RSWMP is out for public consultation until 6 November 2022 and can be viewed at: https://www.haveyoursay.nsw.gov.au/weed-plans. The revised plan will be presented to the South East Local Land Services Board for endorsement in early December and is expected to be published early in 2023.

#### Snowy Monaro Region Biosecurity (Weeds) Advisory Committee Charter (the Charter)

The Charter has been reviewed and some amendments made to bring the document into alignment with other Council advisory committee charters. Proposed changes include:

- Committee title reduced to "Biosecurity Advisory Committee"
- Updated language consistent with other current charters and Council's position regarding advisory committees and their roles
- Item 7 'Attendance and Leave' amended to better manage absentee members

The Charter was sent to members on 4 November 2022 for two weeks consultation. Members are requested to provide feedback prior to the scheduled meeting of 17 November 2022 for consideration by the Committee.

ATTACHMENT 1 MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING HELD ON 17 NOVEMBER 2022 Page 393

> MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 17 NOVEMBER 2022 Pa

#### Page 5

#### **Recommendation:**

That the Committee consider feedback in relation to the 2022 revised Biosecurity Advisory Committee Charter and subsequently seek Council's adoption of the Charter.

#### Council's 2022 Operational Plan October update

Council's 2022 Operational Plan contains 11 actions related to its Biosecurity (weeds) management program. These are detailed below and include the year to date progress report. The actions fall within the three core functions of Council relating to (1) preventing, (2) eliminating and (3) minimising the biosecurity risk posed by weeds on the economy, environment and community.

#### Action 5.3.1.1 State alert weeds reported to NSW Department of primary Industries

No State alert weeds have been identified during the reporting period. The following suspect weeds have been investigated, Inkweed (*Phytolacca octandra*), Creeping buttercup (*Ranunculus repens*), Watercress (*Nasturtium officinale*), Stinking Roger (*Tagetes minuta*), Apple of Sodum (*Solanum Linnaeanum*), Hairy bittercress (*Cardamine hirsuta*) and Mexican poppy (*Argemone mexicana*). While each of these weeds has proven to be invasive and/or poisonous, they are not identified as State or regional priority weeds, nor do they pose a significant risk to the Snowy Monaro region's economy, environment or community. A report of Horsetail, which is required to be eradicated in accordance with the South East Regional Strategic Weed Management Plan, was recently confirmed at Khancoban, in the adjoining Snowy Valleys Regional Council area. The plants were growing on a residential verandah and have been destroyed. This weed will clearly grow in our climate. Council's Biosecurity team are monitoring for its presence during routine inspections.

#### Action 5.3.1.2 State alert weeds treated and neighbouring landowners notified

No State priority weeds were identified during the reporting period, however staff are monitoring for their presence during inspections. NSW Department of Primary Industries conducted Prohibited matter training at Cooma during July. Biosecurity staff from SMRC, QPRC and Eurobodalla Council were in attendance. Prohibited matter weeds are those with the highest level of control in NSW and are either not yet present in NSW or not yet established. Legislation is used to prevent the entry or establishment of these weeds into NSW. Orange Hawkweed is the only Prohibited matter weed known to occur within the Snowy Monaro region. Targeted surveillance for this weed will commence in December and continue through summer and into autumn. All plants will be treated immediately.

#### Action 5.3.1.3 Support actions of the NSW Orange Hawkweed Eradication Program

Orange hawkweed is currently dormant. No onground actions occur during the winter months. A planning session was held with National Parks and Wildlife Service staff during August to coordinate cross-border surveillance efforts this coming season. The Orange Hawkweed Eradication program is a coordinated effort between NPWS, SMRC, NSW DPI and affected landholders. The program relies on a range of surveillance techniques, including ground inspections, drone surveillance, weed detector dogs and volunteer groups. A Hawkweed Taskforce meeting was attended during September to update all parties on plans, actions and research around this highly invasive weed threat.

#### Action 7.2.1.1 High risk pathways inspected

High risk pathways are those areas that act specifically as conduits for the spread of weeds, ie roadsides and waterways. The Biosecurity team monitor these areas continually; however specific inspections are undertaken during September/October and again during December/January. The initial inspection program has been completed. Surveillance of waterways has recently highlighted the presence of Watercress and Creeping buttercup, which have proven to be invasive. Weeds like Coolatai grass occur in isolated patches along the Monaro highway and are spread by vehicle and plant movements. Surveillance for Coolatai grass will re-commence as we enter late spring and summer. Chilean needle grass occurs along some roadsides and Travelling Stock Routes. Hairy bittercress was recently identified on the highway between Cooma and Bombala during a high risk pathway inspection.

#### Action 7.2.1.2 High risk sites eg nurseries, rest areas, camping sites inspected

ATTACHMENT 1 MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING HELD ON 17 NOVEMBER 2022 Page 394

#### MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 17 NOVEMBER 2022 Page 6

High risk sites are routinely monitored throughout the year and form an important part of Council's property inspection program. These are typically high visitation sites or sites that pose a higher risk from the introduction of new weed species. 80 inspections completed during October. These inspections did not identify any unexpected weed incursions and assist staff in prioritising Council's annual weed control program.

#### Action 7.4.1.1 Public and private land inspected

Property inspections were down during October with only 47 recorded inspections. Inspections total 629 year to date from July to October, exceeding expectations and ensuring that Council meets its Weeds Action Program commitments. Wet conditions continue to hamper access to properties. Staff will continue to perform inspections, focusing efforts around haysheds, feedout areas, stockyards and other easily accessible areas of a property where State and regional priority weeds are more likely to have been introduced.

#### Action 7.4.1.2 Review Local Weed Management Plans

The South East Regional Strategic Weed Management Plan is currently under review, which has significant bearing on Council's Local Weed Management Plan. The Regional plan is currently out for public consultation and is expected to be published in January 2023. Review of the Local Management Plan is scheduled for the final quarter of 2022-23 once the regional plan is finalised. In preparing for the review, a Councillor briefing was held during August, in addition to a Biosecurity Advisory Committee meeting; both of which were used to advise attendees of the process involved in reviewing the plan.

# Action 7.4.1.3 Regional and local priority weeds are treated on roadsides in accordance with local weed management plans

During the 2021-2022 financial year Council awarded 3yr contracts to a number of local weed control suppliers. 2022-23 will see Council enter year 2 of this contract arrangement. Council completed a thorough weed control program on its network of roads, reserves and operational lands during the 2021-2022 financial year. All works were completed in accordance with community expectations and the principles of the Snowy Monaro Region Local Weed Management Plan. Minor control works were conducted internally by staff during the reporting period where outstanding issues were identified. Contracted work has commenced, albeit slowly, due to inclement weather and the lack of weed control required at the present time.

#### Action 7.4.1.4 Contractors engaged in three year contracts

Contracts were awarded in 2021-2022 to five local weed control providers throughout the Snowy Monaro Region. Contracts were awarded on a three year basis to ensure efficiency and security for both parties involved. These contractors are detailed below, along with their 2022-2023 contract value. Contracts are awarded in accordance with Australian Standard (AS) 4905 - 2002 Minor Works contract conditions.

Northern Region - Buckleys Weedspraying and Contract Fencing - \$127,205 Eastern Region - Rippers Rural services - \$76,735 South East Region - Rippers Rural Services - \$96,820 Southern Region - Stones Forestry Contracting - \$109,180 South West Region - Buckleys Rural services - \$190,035 North West Region - Byrne Rural contracting - \$117,420

#### Action 7.4.1.5 New biosecurity Officers are trained in implementation of the Biosecurity Act

No new Officers were appointed to Council's Biosecurity team during the reporting period. All existing Officers are trained in a number of compulsory Biosecurity courses, including introductory Biosecurity training, chemical accreditation, Self Enforcement Infringement System training and senior first aid training. During July Cooma hosted NSW Department of Primary Industries during a two day Prohibited matter identification course. Staff from Snowy Monaro Regional Council, Queanbeyan Palerang Regional Council and Eurobodalla Council were in attendance. During August two Biosecurity Officers completed Compliance and Regulatory training. Two more officers will receive training in the next round. Two staff members were assigned to the Varroa mite emergency response

## 10.3 MINUTES OF THE 17 NOVEMBER 2022 SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE

ATTACHMENT 1 MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING HELD ON 17 NOVEMBER 2022 Page 395

Page 7

effort during the period August-October. This emergency response is fully funded by NSW Dept of Primary Industries and provides staff with the experience and training to manage response efforts.

#### Action 7.4.1.6 Review pesticide notification plans

Council's Pesticide Use Notification Plan identifies how and when Council will notify the community of pesticide usage on land under its management. The Plan was developed in 2018 and has a statutory review period of 5yrs. During the reporting period the plan was reviewed and published on Council's website with a further review scheduled for 2027.

Brett Jones Coordinator Biosecurity Snowy Monaro Regional Council

3 November 2022

#### **Discussion:**

A recommendation was put to the committee in the Coordinator's report, a brief discussion proceeded. The committee decided to defer finalising the Charter until the next meeting.

**Stem boring wasp** – This biological control wasp has been found on the Monaro which initially seemed encouraging, however the ALG found across most of the region has stems that are too narrow for the wasp to burrow into. The ALG in South Africa has much thicker stems, so the wasp is more effective. More work is being done on this and other biological controls.

The committee was asked if a response was provided by the committee to the Draft South East Regional Weed Management Plan. There had not been a submission on behalf of the committee and the consultation period has now ended. It was highlighted there were no risk assessments noted in the current plan to remove weeds or why weeds are included.

**Motion:** to ask for an extension of time to comment on the SERSWMP to provide feedback on the draft.

Moved: Margaret Mackinnon

Fors: Margaret Mackinnon

Against: Pradeep Kumar, Malcolm O'Brien, Luke McLachlan, Brett Jones, Jenny Crowe, Clr Bob Stewart, Stuart Burge

#### Abstained: nil

Motion lost.

4. **Chilean Needle grass discussion** – Continued from previous meeting 4 motions were put to the committee:

#### Motion 1:

Clean up existing known patches of Chilean Needle grass on private and public land within the SMRC LGA. Implement a program of systematic monitoring and surveillance of these patches. Inspect neighbouring properties of known infestations for presence of CNG. Implement relevant livestock movement orders. **Moved:** Margaret Mackinnon **Seconded:** Luke McLachlan **For:** Margaret Mackinnon, Luke McLachlan **Against:** Clr Bob Stewart, Brett Jones, Clr Craig Mitchell, Malcolm O'Brien, Stuart Burge, Jenny Crowe, Pradeep Kumar, Faye Steward. <u>Motion lost</u>

#### Motion 2:

Instruct Biosecurity officers to refrain from downplaying the threat from CNG to the public.

## 10.3 MINUTES OF THE 17 NOVEMBER 2022 SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE

ATTACHMENT 1 MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING HELD ON 17 NOVEMBER 2022 Pag

Page 396

#### MINUTES OF THE SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 17 NOVEMBER 2022 Page 8

**Moved:** Margaret Mackinnon Motion was not supported

#### Motion 3:

Retention of a small demonstration patch of CNG on that could be fenced off with a sign, but remain accessible to the public to allow landholders to become familiar with CNG across different seasons and growth periods.

Moved: Margaret Mackinnon Seconded: Malcolm O'Brien

For: Margaret Mackinnon, Malcolm O'Brien

**Against:** Clr Mitchell, Clr Stewart, Faye Steward, Brett Jones, Jenny Crowe, Luke McLachlan, Pradeep Kumar.

Motion lost

#### Motion 4:

New records of CNG uploaded each month to BIS by SMRC and to the Weedwise website. **Moved:** Margaret Mackinnon **Seconded:** 

Motion withdrawn after debate noted this is the current process and SMRC has no control over the timeliness the DPI upload the data to Weedwise.

#### 5. Draft: Biosecurity and Food Safety Strategy 2022-2030

Noted that the time to comment had passed

The committee went around the table to raise issues each member is facing in their location.

Pradeep Kumar: No comments

Malcolm O'Brien: The rain has been challenging and keeping staff has been just as challenging.

Margaret Mackinnon: Review weeds strategy at the next meeting

Luke McLachlan: Access to some weed sites difficult or impossible due to waterlogged ground. This has slowed the programs NPWS oversee.

Chris Beckhouse: Thanked the committee for inviting Nichole Overall MP to the meeting and Nichole believes there is potential funding for the ALG position though the big challenge is how to find the person in the current job climate.

Jenny Crowe: with regard to the ALG coordinator: Absentee landowners is a large issue as big issues are left to a small core group of people.

#### 9. MATTERS OF URGENCY

#### 10. NEXT MEETING FEBRUARY 16TH BOMBALA – TBC DUE TO BRIEFINGS BEING BROUGHT FORWARD TO 10-10.30AM

There being no further business the Chair declared the meeting closed at 10.55am

#### CHAIRPERSON

The above minutes of the Snowy Monaro Region Biosecurity (Weeds) Advisory Committee Meeting of Snowy Monaro Regional Council held on 17 November 2022 were confirmed by Committee at a duly convened meeting on at which meeting the signature hereon was subscribed.

## 10.3 MINUTES OF THE 17 NOVEMBER 2022 SNOWY MONARO REGION BIOSECURITY (WEEDS) ADVISORY COMMITTEE

NOTICE OF MOTION REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023 Page 398

11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION

## 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION

Record No: 123/57

Responsible Officer:	Chief Executive Officer
Author:	Councillor Bob Stewart
Attachments:	<ol> <li>Notice of Motion to Rescind a Resolution</li> <li>Part A SRV Application</li> <li>Part B SRV Application</li> <li>Services Funded by General Rates</li> </ol>

Councillor Bob Stewart has given notice that at the Ordinary Meeting of Council on 16 February 2023, he will move the following motion.

## MOTION

We hereby give notice of the following motion of rescission:

That Council resolution number 7/23, item 6.1.2 Application to Lodge a Special Rates Variation passed at the Council meeting held on 30 January 2023, be and is hereby rescinded.

## NOTICE OF MOTION

Should the rescission motion be adopted, we give notice that it is our intention to move the following motion in lieu of which due notice is hereby given.

That Council lodge an application with the Independent Pricing and Regulatory Tribunal for a Special Variation inclusive of a permanent percentage increase to ordinary rates, including any rate peg allowance, as documented in Scenario Two in council's Long Term Financial Plan for the financial years FY 2023/24 and FY 2024/25 only.

## BACKGROUND

Nil.

## **CHIEF EXECUTIVE OFFICER'S RESPONSE**

The application, as per the 30 January 2023 Council resolution, was lodged on Friday 3 February 2023.

Part A and Part B of the application are attached. The balance of the application documentation is primarily the documents Council used during the consultation period. The IPART has advised that Council's complete application will be available on its website during the week beginning 6 February. An IPART officer has verbally advised that they will continue to assess Council's application until Council advises them that the application is withdrawn.

Council is reminded that even if the application for 53% is approved by the IPART, Council is not obliged to apply the full 53% in one year. Any approved special variation increases Council's permissible rate cap. That permissible cap remains for up to 10 years, during which it is Council's decision whether it achieves that in the budget in one year, or multiple years. IPART does, however, assess our application as submitted.

Under the currently proposed special rate variation of 53% Council, in developing its delivery program and operation plan, could resolve to implement the SRV in a stepped fashion, for example 30% in 2023/2024, 13% in 2024/202525 and 10% in 2025/2026.

It should be noted, however, that any delay in implementing the 53% will require a greater than 53% increase in total as the benefit of cumulative rate cap increases on the total rate income will be lost. This is the situation with option 2.

Council is also reminded that the 53% increase, combined with \$1million in cost savings, is considered the minimum required to achieve financial sustainability. Anything less than 53% will require greater reductions in costs and hence services.

In the analysis below, the proposed special variation in the proposed alternate motion will be called option 4, with options 1, 2 and 3 as per Council's adopted long term financial plan (LTFP).

If the rescission motion is passed and option 4 adopted, Council will need to amend its recently adopted resourcing strategy documents, namely the long term financial plan, asset management strategy and workforce plan. Amending these documents would normally require a 28-day public consultation period. This raises the question whether the proposed alternate SRV application would need to be preceded by a period of community consultation.

If a community consultation period is required, it is simply not possible for this to be achieved in the time frame of the application deadline extension to 3 March provided to Council by IPART.

Formal advice has been sought from IPART but was not available at the time of writing. The consensus of experienced people consulted indicates that the community consultation period would be required if option 4 is considered materially different from any of the options included in the community consultation information.

Some modelling of option 4 has been undertaken based on the key assumptions that Council:

- 1. Builds and maintains \$5million in unrestricted funds as per Council's adopted policy;
- 2. Modify its planned road resealing and re-sheeting program from a 15-year cycle to a 30year recycle, representing a clear downgrade in service standard for one of the community's major assets.
- 3. Council divests residential aged care, which is also assumed on options 1,2 and 3.

In summary, the modelling shows that without service reductions totalling \$6million option 4 will not provide the required general fund operating surplus in the ten years of the LTFP as shown below:

										2032/33
\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000	\$'000
\$23,749	\$26,391	\$29,027	\$30,184	\$31,389	\$32,644	\$33,952	\$35,314	\$36,732	\$38,210	\$39,750
\$11,011	\$10,991	\$11,399	\$11,854	\$12,327	\$12,819	\$13,331	\$13,864	\$14,418	\$14,995	\$15,595
\$529	\$553	\$573	\$593	\$614	\$636	\$659	\$683	\$707	\$733	\$759

## COMPARISON OF IMPACT OF EACH OPTION

All the options are predicated on the divestment of residential aged care services.

Council, during its development of its suite of IP&R documents in the first half of 2022, was provided a list of service areas funded by general rates (attachment 4) that could be considered for service reductions to achieve financial sustainability. Any decisions to undertake significant service reductions should only be made after further consultation with community and staff.

## **Option One**

- Reseal 961km every 15 years @ \$5.50/m2 assuming width of pavement resealed is 6m; 1.e 64Km of resealing each year.
- Heavy patching of 1.5% of the 961kms each year assuming 10% of areas requiring treatment @\$60/m2
- Re-sheet 80% of 1,721kms every 15 years @ \$37,500/km 1/20 first 2 years; i.e average of 115km of re-sheet each year.
- One bridge per year at \$1.0M per bridge (50% funded through grant)
- \$100,000 a year for replacement of park equipment and play equipment
- \$2.8M a year on building renewals specialised and non-specialised, including \$750k of grant funding.
- \$50,000 a year for footpaths.
- \$300,000 on stormwater renewals each year.
- \$1million of cost savings.

## **Option Two**

- Reseal half of above for first three years, then same as Option One; i.e 32Km of sealed road resealed.
- Heavy patching half of above for first four years, and then same as Option One

- Re-sheet half of above for first three years, then same as Option Two; i.e average of 57km of gravel roads re-sheeted each year.
- No bridge replacement in 23/24, then same as Option One
- Park equipment replacement \$50k or half of above for first four years, then same as Option One
- \$800,000 a year less on building renewals for the first 5 years, then same as Option One
- \$50,000 a year for footpaths, same as Option One
- \$300,000 on stormwater renewals each year, same as Option One.
- Service reductions in addition to \$1million cost savings.

## **Option Three**

- Reseal \$500k per year, which will fund 15km per year, and 230km every 15 years
- Heavy Patching \$750k per year, which will fund same as Option One (not reduced as this is required to address risk of failing pavement)
- Re-sheet \$900k per year, which will fund 450kms of re-sheeting, meaning that it will take up to thirty years to do 80% of the unsealed network.
- Bridges \$500k per year, assumed 100% grant funded
- Buildings \$950k per year
- No funding for footpaths.
- Park Equipment replacement \$50,000 per year
- No funding for stormwater renewals
- \$8million reduction of services from General fund which will be taken from the following services
  - 2647km of roads sealed and unsealed including 155 bridges and 7184 culverts
  - 111 parks and sports fields and eight showgrounds
  - 21 public toilet facilities, 15 halls and four libraries (including one mobile library service) plus 336 other council managed buildings.
  - Two visitor information centres
  - 4 swimming pools
  - Economic development services
  - Two community services centres
  - Four Council offices with customer service for the community at each location
  - No additional investment in organisation capacity as recommended by the FSR

## **Option Four**

- Reseal 961km every 30 years @ \$5.50/m2 assuming width of pavement resealed is 6m (or half of Scenario One); i.e 32km per year or 480km every 15years.
- Heavy patching of 1.5% of the 961kms each year assuming 5% of areas requiring treatment @\$60/m2 (or half of Scenario One)
- Resheet 80% of 1,721kms every 30 years @ \$37,500/km (or half of Scenario One); i.e 57km of unsealed roads will be resheeted per year.
- One bridge per year at \$1.0M per bridge (50% funded through grant)
- \$50,000 a year for replacement of park equipment and play equipment (or half of Scenario One)
- \$1M a year on building renewals specialised and non-specialised, including \$500k of grant funding

NOTICE OF MOTION REPORT TO ORDINARY COUNCIL MEETING OF SNOWY MONARO REGIONAL COUNCIL HELD ON THURSDAY 16 FEBRUARY 2023 Page 402

## 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION

- \$50,000 a year for footpaths.
- \$50,000 on stormwater renewals each year
- \$6million reduction of services from General fund which will be taken from the following services
  - 2647km of roads sealed and unsealed including 155 bridges and 7184 culverts
  - 111 parks and sports fields and eight showgrounds
  - 21 public toilet facilities, 15 halls and four libraries (including one mobile library service) plus 336 other council managed buildings.
  - Two visitor information centres
  - 4 swimming pools
  - Economic development services
  - Two community services centres
  - Four Council offices with customer service for the community at each location
  - No investment in additional organisational capacity as recommended by the FSR.

SNOWY MONARO

## Form | 250.2022.83.1 Notice of Motion To Rescind a Resolution Executive Office

To the Chief Executive Officer Snowy Monaro Regional Council

### **Motion to Rescind Resolution**

We hereby give notice of the following motion of rescission.

That the Council resolution relating to the below, is hereby rescinded.

Minute Number 7/23

Item Number 6.1.2

Title APPLICATION TO LODGE A SPECIAL RATE VARIATION

Passed at the Council meeting held on 30 January 2023

#### **Notice of Motion**

Should the rescission motion be **adopted**, we give notice that it is our intention to move the following motion in lieu of which due notice is hereby given.

Motion Details

That Council lodge an application with the Independent Pricing and Regulatory Tribunal for a Special Variation inclusive of a permanent percentage increase to ordinary rates, including any rate peg allowance, as documented in Scenario Two in council's Long Term Financial Plan for the financial years FY 2023/24 and FY 2024/25 only.

Date Friday the 3rd of February	
Name Bob Stewart	Signature
Name Louise Frolich	Signature
Name Luke Williamson	Signature

Page 404

#### THE INDEPENDENT PRICING AND REGULATORY TRIBUNAL OF NSW

## APPLICATION FOR A SPECIAL VARIATION

#### TO GENERAL INCOME

under Section 508A and 508(2) of the Local Government Act 1993

#### SECTION 508A & 508(2) APPLICATION FORM PART A 2023-24

Before completing this form, you MUST read the Office of Local Government's

Guidelines for the preparation of an application for a special variation to general income

#### All dollars in nominal terms

The Guidelines are available on the Office's website at www.olg.nsw.gov.au.

NOTE: This part of the application must be completed in conjunction with Part B (Special Variation Application Form 2023-24- Part B).

#### Overview

A Section 508A special variation allows a council to increase general income by a percentage that is greater than the rate peg each year, up to a maximum of 7 years.

Section 508(2) allows a council to increase general income by a percentage that is greater than the rate peg in a single year.

You must identify the percentage increase requested for each year inclusive of the rate peg.

You must also identify percentage increases in minimum rates for each year, if the increases result in a minimum rate which exceeds the statutory limit.

Note: IPART can approve a percentage increase to minimum rates above the statutory limit that differs from the proposed special variation percentage increase as long as you have justified and properly consulted on that percentage. See Attachment 4 of the Guidelines for further details.

Both Part A and Part B of the application should be submitted to IPART (us) via the Council Portal on our website at www.ipart.nsw.gov.au.

#### Part A consists of 9 worksheets:

## Worksheet 1 (Identification): Identifies your council and a council contact officer, collects information about your proposed special variation and any existing special variations (SVs). It also collects information about Crown Land adjustments, catch-ups or excess adjustments and valuation objections.

 Worksheet 2 (current year Notional General Income): Calculates the council's Notional General Income for the current year (Year 0 in the application, 2022-23).

## ATTACHMENT 2 PART A SRV APPLICATION

- Worksheet 3 (first year Notional General Income): Calculates the council's proposed Notional General Income for next year (Year 1 in the application, 2023-24).
- Worksheet 4 (PGI): Summarises the council's Permissible General Income based on the 1st year's percentage for the proposed SV and Crown Land adjustments, plus other income adjustments. It also shows the the council's PGI over the proposed SV period and the annual and cumulative impacts of the proposed SV.
- Worksheet 5a (Impact on Rates): Calculates the average annual and cumulative increases in rates for each category/sub-category for each year of the proposed SV, with and without the proposed SV.
- Worksheet 6 (Additional SV Income and Expenditure): Collects data on how the council intends to use the additional funds (above the rate peg) from the proposed SV.
- Worksheet 7 (Financials): Collects historical information from your financial statements and forecasts for selected balance sheet items from you long term financial plan (LTFP).
- Worksheet 8 (Long Term Financial Plan): Collects information on your Long Term Financial Plan including scenarios with and without the proposed special variation.
- Worksheet 9 (Financial ratios): Captures financial ratios, some of which are calculated while others are entered as inputs.

Enquiries regarding the completion of this application should be directed to:

Edward Jenkins

(02) 9113 7774 Edward\_jenkins@ipart.nsw.gov.au

Arsh Suri (who in Edward's absence, will direct you to the appropriate IPART officer) (02) 9113 7730 arsh\_suri@ipart.nsw.gov.au

## 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION ATTACHMENT 2 PART A SRV APPLICATION Page

## Page 407

#### Worksheet 5a - Impact on Ratepayers

The aim of this sheet is to show the minimum rate increase (if applicable), the average rate increase per sub-category (inclusive of all relevant rates) and the proposed annual charges in each year of the proposed special variation. It also aims to compare average rates with and without the proposed special variation.

Enter the required data in the blue input cells. The values in the white cells will calculated automatically.

#### Minimum rates

Enter in the minimum rates per category/sub-category as if the SV were approved for each year as requested These figures are intended to illustrate the impact of the proposed SV on any specific minimum rate.

#### Ordinary and Special Average Rates

Enter in the average rates per sub-category as if the proposed SV were approved for each year as requested AND the average rates as if the proposed SV were not approved (only the rate peg would then apply).

These figures should include the impact of changes in minimum rates and are calculated as per below.

#### Annual Charges

Enter any proposed annual charges for each year of the proposed variation.

#### Note:

- \* An average rate equals total income in a category or sub-category divided by the number
- of assessments in that same category or sub-category (i.e. including assessments on the minimum rate).
- \* These figures should reflect the reduction from any expiring SVs so that the net change in rates is measured.

## ATTACHMENT 2 PART A SRV APPLICATION

Worksheet 6 - Proposed Additional SRV Income and Expenditure	
This worksheet is designed to show how the council proposes to use the additional funding above the rate peg generated from the proposed SV.	
The worksheet automatically calculates additional SRV income for Years 1 to 10.	
Councils must enter each category of expenditure, and if applicable, individual program/project names, in column C under one of the headings provided.	
The spreadsheet will calculate the difference between the additional income from the proposed special variation and w spent on. A positive difference means that the additional income is not all spent on operating expenditure or capital expenditure of the spectrum of the	
* Part B of the application provides councils with the opportunity to explain their expenditure plans and the impacts on their financial position.	
Worksheet 7 - Historical financial information	
This sheet captures the council's historical financial information as reported in its financial statements.	
Worksheet 8 - Long Term Financial Plan	
This worksheet is designed to show how the council's Long Term Financial Plan varies	
with and without the proposed special variation	
Councils must complete the information from the Long Term Financial Plan for both the Special Variation Scenario	
Councils must complete the information from the Long Term Financial Plan for both the Special Variation Scenario and the Base Case Scenario (without proposed special variation).	
and the Base Case Scenario (without proposed special variation).	

This worksheet captures financial ratios for three historical years as well as the current and forecast years (0 to 10). All the historical ratios and two of the forecast ratios are calculated from information provided in Worksheet 7 and Worksheet 8. Enter forecast values for the two compulsory ratios (Infrastructure Renewals Ratio and Infrastructure Backlog Ratio). Enter forecasts for the optional ratios only if they are relevant to your council's application.

Special Variation Application Form Part B

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 438 ATTACHMENT 3 PART B SRV APPLICATION Page 438

About this application form

## About this application form

IPART has revised the Application Form to be completed by councils applying for a special variation (SV) to general income for 2023-24 under section 508(2) or 508A of the *Local Government Act 1993* (LG Act). The application form is in two parts:

- Special Variation Application Form Part A (separate Excel spreadsheet)
- Special Variation Application Form Part B (this MS Word document)

The SV Application Form Part B consists of:

- Description and Context Questions
- Criterion 1: Need for the variation
- Criterion 2: Community awareness and engagement
- Criterion 3: Impact on ratepayers
- Criterion 4: IP&R documents
- Criterion 5: Productivity improvements and cost containment strategies
- Criterion 6: Other relevant matters
- Council certification and contact information
- List of attachments

When completing this Application Form, councils should refer to the following:

- Apply for a SV or minimum rates (MR) increase page of IPART's website
  - Fact Sheet Special Variations in 2023-24
  - Information paper Special Variations in 2023-24
  - Information paper Community awareness and engagement for special variations

The Office of Local Government (OLG) SV Guidelines issued in November 2020.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 439 ATTACHMENT 3 PART B SRV APPLICATION Page 439

Preparing your application

## Preparing your application

## How much information should a council provide?

While the criteria for all types of SVs are the same, the OLG Guidelines state that the extent of evidence required for assessment of the criteria can alter with the scale and permanence of the SV proposed.

The amount of information that a council provides will be a matter of judgement for the council, but it should be sufficient for us to make an evidence-based assessment of the application. Generally, the extent of the evidence should reflect the size and complexity of the variation sought.

## Attaching supporting material

We encourage councils when filling in this Application Form to present data in tables or summaries and include full versions of documents as attachments. Responses in the text boxes should clearly cross-reference where the information is located in the supporting documents attached to the council's application. Extracts included in the responses in this application from Integrated Planning & Reporting framework (IP&R) documents and consultation material should be succinct and selected for relevance and significance.

## Confidential content in supporting material

IPART will post all applications (excluding confidential content) on the IPART website. Examples of confidential content are those parts of a document which disclose the personal identity or other personal information pertaining to a member of the public, or a document such as a council working document that does not have formal status, or a document which includes commercial-in-confidence content.

Councils should ensure supporting documents are redacted to remove confidential content where possible, or clearly marked as **CONFIDENTIAL**. To protect confidential details in submissions from ratepayers, either redact or submit as a confidential attachment (see List of attachments).

## Submitting the application online

Applications must be submitted through IPART's Council Portal by close of business on Friday, 3 February 2023.

- A file size limit of 10MB applies to the Application Form Part B.
- For supporting documents (Attachments) a file size limit of 400MB applies to public documents, and another 200MB to confidential documents.

Contact Arsh Suri on (02) 9113 7730 for assistance with using the Council Portal.

Preparing your application

## Publishing the council's application

Councils should also publish their application on their own website for the community to access.

Description and Context

## **Description and Context**

These questions seek information not tied to a specific criterion in the OLG guidelines. Councils should provide a response where the Question is relevant to its application.

### Question 1: What is the type and size of the special variation the council is applying for?

In the checkbox and Table 1, please indicate the type of the proposed SV - section 508(2) or 508A the council is requesting and:

- specify the percentage increases in each of the years in which the SV is to apply,
- the cumulative increase for a section 508A SV, and
- whether the SV is to be permanent or temporary.

A year is within the SV period if it is a year in which the council is proposing an increase of income that is not the rate peg. For example, if a proposal was for a permanent SV of 10% in each year of the next 2-years then 2023-24 and 2024-25 would be within the SV period. If the proposal was for a temporary SV of 8% for 2023-24 to be retained in the rate base for 5 years, the SV period would be 2023-24 only.

Provide select the proposed SV type using the checkbox and complete Table 1.

Special variation type	Section 508(2)	Section 508A
Permanent or Temporary	Permanent	Temporary

### Table 1 The council's proposed special variation

	2023-24	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30
Is this year in the SV period?	Yes	No	No	No	No	No	No
Percentage increase (including the rate peg)	53.00%						
Cumulative percentage increase over the SV period for s 508A (including the rate peg)							
Note: Please leave the percentag	e increase value	blank for vears	that are outside	of the SV perio	d.		

Note 2: The cumulative percentage increase is the total increase in rates over the SV period. For example, a permanent multi-year SV of 10% in 2023-24 and 15% in 2024-25 would be a cumulative increase of 26.5% over the SV period.

### Question 2: What is the key purpose of the requested special variation?

In the text box indicate at the highest level (that is, the shortest possible summary) the key purpose(s) of the proposed SV. The purposes could include one, or a combination of:

- improving financial sustainability
- maintaining existing services and service levels generally
- providing new or enhanced services or service levels for specific council operations

## 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 442 ATTACHMENT 3 PART B SRV APPLICATION Page 442

Description and Context

- implementing new projects or activities, e.g. environmental works
- reducing infrastructure backlogs for asset maintenance and/or renewals
- investing in new assets
- contributing to projects of regional significance
- meeting special cost pressures faced by the council
- meeting the shortfall where contributions for local infrastructure are capped.

This section should also include an outline of the key steps undertaken in reaching a decision to make an application.

In May 2016, the Snowy Monaro Regional Council (SMRC or the Council) was formed through an amalgamation of the Bombala, Cooma-Monaro and Snowy River Shires. Like many rural and regional Councils, the three-predecessor councils reported various levels of deficit in the years preceding the 2016 merger. On average, the combined deficit in the final few years pre-2016 was of the order of \$7million with the combined LTFP forecasting operating deficits of approximately \$10million (as outlined in the KPMG Merger Business Case

https://www.ipart.nsw.gov.au/sites/default/files/cm9\_documents/Attachment-2-KPMG-Merger-Business-Case.PDF.

At the end of 2020-21 financial year audit report revealed a \$24.8M operating deficit (excluding \$9.7M in grants provided for capital purposes). The reported deficit has created a range of concerns in the community, in part due to mixed communications with the public, political issues associated with the November 2021 Council elections, and residual dissatisfaction with the 2016 amalgamations.

The NSW Audit Office issued an unmodified opinion on the 2020/21 General Purpose Financial Statements and Special Purpose Financial Statements. However, their report highlighted Council's financial sustainability as a significant audit issue and observation.

In the publish 2021/22 General Purpose Statements the Audit General Report on the Conduct of the Audit for the year ended 30 June 2022 commented that:

#### Council's financial sustainability

Council continues to face financial sustainability pressure in 2021-22. The Council reported unrestricted cash balance of \$4.4 million at 30 June 2022 (2021: nil). The increase was mainly due to the increase in cash in bank and deposit at call balances as a result of the improved net operating result. In prior years, due to nil balance of unrestricted funds, the Council may have been utilising internally restricted funds to meet its day-to-day operational requirements.

The GPFS has been prepared on the assumption that the Council will generate sufficient unrestricted funds to meet the operational requirements of the Council. To support this assumption, management prepared a high-level cash flow forecast for the 12 months period up to 30 November 2023. Management expects the overall cash movements (inflows and outflows) to remain similar to the previous 12 months without significant variations.

Management will implement appropriate processes to improve regular budgeting, cash flow forecasting and monitoring of restricted and unrestricted fund balances.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 443 ATTACHMENT 3 PART B SRV APPLICATION Page 443

Description and Context

While an initial motion was passed by Council to scope an audit, with an independent financial audit already underway it was deemed the scope of this work needs to be broader in order to accurately assess Council's current and projected financial situation, build trust in the community, and ensure it has a transparent evidence base to make decisions in the best interests of the local community. As such, Council in September 2022 commissioned AEC Group Pty Ltd (AEC) to undertake an independent Financial Sustainability Review (FSR).

At the same time as engaging AEC to undertake the FSR, the Office of Local Government (OLG) notified Council of concerns that OLG had which warranted further assessment. The concerns included:

- financial ratios that do not meet industry benchmarks
- anomalies in the QBRS reporting for the current financial year
- the opinion of Council's former Responsible Accounting Officer that Council's financial situation was likely to be unsatisfactory as of 30 June 2022
- a high turnover in Responsible Accounting Officer within a 12-month period and
- complaints received by the OLG regarding Council's financial performance and sustainability.

The independent FSR Report by AEC concluded based on AEC analysis that forecast operating position for SMRC will continue to generate deteriorating operating deficits - with an average annual deficit of \$12.3million over the 10- year forecast if no intervention was made.

AEC made twenty-four recommendations to Council to address the financial sustainability concerns, grouped under the following headings:

- Improve generation of revenue including submitting an application for a special rate variation
- Improve the availability of cash
- Improve investment in assets
- Enhance strategic service planning
- Enhance productivity and efficiency of services
- Invest in growth and economic development
- Enhance governance, prioritisation and decision-making.

In response to the FSR Report prepared by AEC, SMRC produced a revised Long Term Financial Plan, Asset Management Strategy and Workforce Management Plan to address the concerns and issues identified in the FSR Report, including consideration of scenarios that included and excluded a special variation.

At the Extraordinary Council Meeting on Thursday 24 November 2022, the Council decided to proceed with notifying the Independent Pricing and Regulatory Tribunal (IPART) that SMRC intends to apply for a permanent special rate variation.

The relevant IPR documents were made available for public exhibition and Council implemented the Community Engagement Plan which extended from 28 November 2022 - 22 January 2023.

Council was provided with the Community Engagement Report which outlined and summarised the engagement completed with the community and feedback that was provided from the community. A presentation on the Community Engagement Report was provided to Council on January 25<sup>th</sup> 2023.

At the Extraordinary Council Meeting on Monday 30<sup>th</sup> January 2023, the Council resolved to submit an Application to IPART for a 53% permanent increase in the general rate.

Description and Context

https://www.snowymonaro.nsw.gov.au/files/assets/public/council/meetings/documents/2023/30-january-2023-extraordinary-council-meeting-unconfirmed-open-minutes.pdf

6.1.2 APPLICATION TO LODGE A SPECIAL RATE VARIATION

			Record No: I23/15		
COUNCIL RESOLUTIO	N		7/23		
That Council lodge an application with the Independent Pricing and Regulatory Tribunal for a Special Variation as outlined in Option 1 in the Long Term Financial Plan, namely a one-off permanent 53%, including 4% rate peg, increase in total rates.					
Moved Councillor Mi	tchell	Seconded Councillor Summers	CARRIED		
Record of Voting					
Councillors For: Councillor Beer, Mayor Davis, Deputy Mayor Higgins, Councillor Hopkins, Councillor Summers and Councillor Mitchell.					
Councillors Against: Councillor Frolich, Councillor Hanna, Councillor Johnson, Councillor Stewart Councillor Williamson.			, Councillor Stewart and		

Councillor Stewart's foreshadowed motion lapsed due to the original motion of 6.1.2 being carried.

Councillor Johnson's foreshadowed motion lapsed due to the original motion of 6.1.2 being carried.

## Question 3: Is the council proposing to increase minimum rates in conjunction with the special variation?

Complete this question if the council proposes to increase minimum ordinary or special rates in conjunction with the SV for 2023-24.

Councils may have to submit a separate application for an increase to MR in addition to applying for the SV.

A separate MR increase application is needed in the following circumstances:

- The council is currently charging a minimum ordinary rate *at or below the statutory limit*, and intends, as part of implementing the SV, to apply a lower, higher or the same percentage increase as the requested SV percentage, which would result in a minimum rate in any rating category or sub-category *exceeding the statutory limit* for the first time.
- The council is already charging a minimum ordinary rate *above the statutory limit*, and the council is seeking to increase a MR by a percentage *higher than* the proposed SV percentage increase for any year.
- The council proposes to charge a special rate (other than a water supply or sewerage special rate) above \$2.
- The council already has approval from IPART to charge a special rate (other than a water supply or sewerage special rate) above \$2 and proposes to increase the amount of that rate.

In these situations, councils should complete Minimum Rate Application Form Part B 2023-24 (Word document) available on our website here.

Councils **do not need** to submit a separate MR increase application if, in conjunction with the special variation, the proposed increase to minimum rates would result in minimum rates in all rating categories and/or sub-categories still being *at or below the statutory limits*.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 448 ATTACHMENT 3 PART B SRV APPLICATION Page 448

Description and Context

To respond to this question, councils need only to provide the summary information required in the **question box**.

IPART will rely on data in the SV Application Form Part A and the MR Increase Application Form Part A for detailed information about how the proposed SV would increase minimum amounts of rates.

### If the increase applies to an ordinary rate, complete this section

Does the council have an ordinary rate(s) subject to a minimum amount?	No
Does the council propose to increase the minimum amount of its ordinary rate(s) above the statutory limit for the first time?	No
Which rates will the increases apply to?	Choose an item.
If the increase will apply to only some subcategories, specify	Click or tap here to enter text.
Does the council propose to increase the minimum amount of its ordinary rate(s)? if so, by what percentage?	Choose an item. X%
What will the minimum amount of the ordinary rate(s) be after the proposed increase?	\$Click to enter amount
Has the council submitted an application for a minimum rate increase?	Choose an item.
If the increase applies to a special rate, complete this section	
Does the council propose to increase the minimum amount of a special rate above the statutory limit?	Choose an item.
What will the minimum amount of the ordinary rate(s) be after the proposed increase?	\$Click to enter amount
Has the council submitted an application for a minimum rate increase?	Choose an item.

The council must ensure that it has submitted MR Increase Application Form Parts A and Part B, if required.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 449 ATTACHMENT 3 PART B SRV APPLICATION Page 449

Description and Context

### Question 4: Does the council have an expiring special variation?

If the council has an expiring SV, IPART requires additional information to ensure the Instrument approving a new SV accurately calculates the amount the council has to remove from its general income before applying any adjustment to the council's general income which may be approved.

OLG's SV Guidelines specify that councils must contact OLG to confirm the calculation of the amount to be deducted from the council's general income for the expiring SV.

Complete this question if the council has a temporary SV which is due to expire:

- on 30 June 2023, or
- at the end of a later year in the period the requested SV would apply.

The council must calculate the amount to be removed from general income when the SV expires in accordance with the method explained in Attachment 1 to the SV Guidelines. It should also seek confirmation of this calculation from OLG and attach OLG's advice to the Application Form.

Provide the information as requested in the question boxes.

Does the council have an SV which is due to expire on 30 June 2023?	No
Does the council have an SV which is due to expire at some time during the period for which the new SV is being requested?	No
If Yes to either question: a. When does the SV expire?	Click or tap here to enter text.
b. What is the percentage to be removed from the council's general income?	Click or tap here to enter text.
c. What is the dollar amount to be removed from the council's general income?	Click or tap here to enter text.
Has OLG confirmed the calculation of the amount to be removed?	Choose an item.

### Attachments required:

- Instrument(s) approving any SV which expires at the end of the current financial year or during the period covered by the proposed SV.
- OLG advice confirming calculation of the dollar amount to be removed from general income as a result of the expiring SV.

## 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 450 ATTACHMENT 3 PART B SRV APPLICATION Page 450

Description and Context

## Question 5: Does the council have an existing (ongoing) section 508A special variation which applies in 2023-24?

Complete this question if the council has an existing section 508A multi-year SV instrument which approves an increase to general income above the rate peg for 2023-24 and future years within the period covered by the council's SV application.

If the council has an ongoing section 508A SV and is seeking additional changes to general income during the term of that existing SV, IPART will need to vary the original instrument if the additional SV is approved, rather than issuing an additional SV instrument to apply for 2023-24 (or later years).

The council should understand that by completing this application form and seeking a further change to the council's revenue path, it is, in effect, applying to IPART to vary the original instrument.

IPART will assess the application using the same criteria (see Criteria 1 to 6 in this SV Application Guide and the SV Guidelines), as for any application for a new SV.

While IPART's assessment will typically focus on the additional percentage increase sought, we may also consider whether it is appropriate to maintain the existing component of the section 508A SV, especially in light of any circumstances which are materially different from those in place when the original increase was approved.

OLG's SV Guidelines (Section 6) set out the list of factors which IPART may take into account when assessing an SV application, one of which is compliance with conditions in instruments approving previous SVs. When assessing applications for SVs in 2023-24, IPART will also take into consideration the council's compliance with conditions in instruments approving SVs in the previous five years.

The council's application should be clear about whether the information provided is in relation to the incremental increase being sought or the total cumulative increase that would be reflected in a varied instrument if the additional increase is approved.

Supporting documents could include extracts from annual reports or any other publications in which compliance with the terms of the SV has been reported to ratepayers.

Does the council have a section 508A multi-year SV instrument that applies in	No
2023-24?	

If yes to the above question, in the text box:

- Specify the percentage increase(s) and duration of the SV.
- Outline the council's actions in complying with conditions in the instrument approving the original SV.
- Describe any significant changes relevant to the conditions in the instrument since it was issued.

Click here to enter text.

## 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 451

Description and Context

### Attachments required:

- A copy of the SV instrument.
- A declaration by the General Manager as to the council's compliance with the conditions specified in the SV instrument.
- Supporting documents providing evidence of the council's actions to comply with the conditions in the instrument.

## Question 6: Has IPART approved a special variation for the council in the past five years?

When assessing applications for SVs in 2023-24 IPART will take into consideration the council's compliance with conditions in SV instruments approved in the previous five years. OLG's SV Guidelines (Section 6) sets out additional factors which IPART may take into account when assessing an SV application, one of which is compliance with conditions in instruments approving previous SVs.

Complete this question only if IPART has approved an SV for the council in the past five years.

You **do not need** to complete the text box for this question if the relevant information has been provided in the council's response to Question 5.

Supporting documents could include extracts from annual reports or any other publications in which compliance with the terms of the SV has been reported to ratepayers.

Does the council have a section 508(2) or 508A SV which IPART has approved in Yes the past five years?

If yes to the above question, in the text box, for each SV approved in the past five years, briefly:

- Specify the type of SV and the increase to general income approved.
- Outline the council's actions in complying with conditions in the SV instrument(s).
- Describe any significant changes relevant to the conditions in the SV instrument(s) since it was
  issued.

IPART approved a Special Variation for Snowy Monaro Regional Council (Council) allowing Council to increase its general income for Year 2022-23 by 2.3% under section 508(2) of the Act.

The condition set out in the SV instrument requires council to report on the following in its annual report for the Year 2022-23:

- i. The Council's actual revenues, expenses and operating results against the projected revenues, expenses and operating results specified in its Application;
- ii. Any significant differences between the Council's actual revenues, expenses and operating results and the projected revenues, expenses and operating results in its Application and the reasons for those differences; and
- iii. The Additional Income raised by the additional special variation.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 452 ATTACHMENT 3 PART B SRV APPLICATION Page 452

Description and Context

At the time of this application, the Year 2022-23 had not yet concluded and Council had not prepared its annual report.

### Attachments required:

- A copy of the relevant instrument(s) approving SVs issued by IPART in the past five years.
- A declaration by the General Manager as to the council's compliance with the conditions specified in the SV instrument(s).
- Supporting documents providing evidence of the council's actions to comply with the conditions in the instrument(s).

## Question 7: Does a project to be funded by the special variation require a capital expenditure review?

Complete **the question box** if the council intends to use any of the additional general income the council would receive if IPART approves the SV to undertake major capital project(s) which require a capital expenditure review.

OLG's Capital Expenditure Guidelines require a capital expenditure review for projects that are not exempt and cost in excess of 10% of council's annual ordinary rates revenue or \$1 million (GST exclusive), whichever is greater.

A capital expenditure review is a necessary part of a council's capital budgeting process and should have been undertaken as part of the IP&R requirements in the preparation of the Community Strategic Plan and Resourcing Strategy.

Is a capital expenditure review required for a project to be funded by the proposed SV r in accordance with OLG's Capital Expenditure Guidelines?	No
If Yes, has a review been done and submitted to OLG?	Choose an item.
If yes, has the review been included as an attachment to this application?	Choose an item.

### Question 8: Does the council have deferred general income increases available to it?

Complete **the question box** if council has decided not to apply the full percentage increases to general income available to it in one or more previous years under sections 506, 508(2) or 508A of the LG Act.

Section 511 of the LG Act was amended in 2020 to allow councils to catch-up any deferred general income increases over a period of 10 years.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 453 ATTACHMENT 3 PART B SRV APPLICATION Page 453

Description and Context

In assessing this criterion, IPART will take into account whether a council has a large amount of revenue yet to be caught up over the next several years, and it should explain in its application how that impacts on its need for the SV.

Does the council have deferred general income increases available to it from one or more previous years under section 511 of the LG Act?	No
If Yes, has the collection of this additional income been included in the Council's Long Term Financial Plan (LTFP)?	Choose an item.

In the text box explain:

a. The quantum, rationale and timing of any deferred increases in general income.

Click here to enter text.

b. When council plans to catch up on the deferred general income through the catch up provisions and whether this been included in the LTFP.

Click here to enter text.

c. How does this deferred income impact on the council's need for the SV and its cumulative impact on ratepayers' capacity to pay?

Click here to enter text.

## Criterion 1 - Need for the Special Variation

Criterion 1 in the SV Guidelines is:

The need for, and purpose of, a different revenue path for the council's General Fund (as requested through the special variation) is clearly articulated and identified in the council's IP&R documents, in particular its Delivery Program, Long Term Financial Plan and Asset Management Plan where appropriate. In establishing need for the special variation, the relevant IP&R documents should canvass alternatives to the rate rise. In demonstrating this need councils must indicate the financial impact in their Long Term Financial Plan applying the following two scenarios:

- Baseline scenario General Fund revenue and expenditure forecasts which reflect the business-as-usual model, and exclude the special variation, and
- Special variation scenario the result of implementing the special variation in full is shown and reflected in the General Fund revenue forecast with the additional expenditure levels intended to be funded by the special variation.

The IP&R documents and the council's application should provide evidence to establish this criterion. This could include evidence of community need/desire for service levels/projects and limited council resourcing alternatives.

Evidence could also include the analysis of the council's financial sustainability conducted by Government agencies.

In assessing this criteria, IPART will also take into account whether and to what extent a council has decided not to apply the full percentage increases available to it in one or more previous years under section 511 of the Local Government Act. If a council has a large amount of revenue yet to be caught up over the next several years, it should explain in its application how that impacts on its need for the special variation.

The response to this criterion should summarise the council's case for the proposed SV. It is necessary to show how the council has identified and considered its community's needs, as well as alternative funding options (to a rates rise). You should include extracts from, or references to, the IP&R document(s) that demonstrate how the council meets this criterion.

Information and financial analysis contained in the council's IP&R documents and its application should demonstrate the financial need for the proposed SV. IPART will undertake its own analysis of the council's financial performance under scenarios with and without the SV, as explained in Box 1. The council's response to criterion 1 should use the terminology included in Box 1

Page 455

IPART uses information provided by the Council in its application to assess the impact of the proposed SV on the Council's financial performance and financial position in relation to its operating result and infrastructure spending.

Based on the Council's application and LTFP (where appropriate), we calculate financial forecasts under three scenarios:

- 1. The Proposed SV Scenario which includes the Council's proposed SV revenue and expenditure.
- 2. The Baseline Scenario which shows the impact on the Council's operating and infrastructure assets' performance without the proposed SV revenue and expenditure.
- 3. The Baseline with SV expenditure Scenario which includes the Council's full expenses from its proposed SV, without the additional revenue from the proposed SV. This scenario is a guide to the Council's financial sustainability if it still went ahead with its full expenditure program included in its application but could only increase general income by the rate peg percentage.

## Case for special variation - How did the council establish the need for the special variation?

In the table below, please provide a short summary of what the council published in its IP&R documents that show that the council meets each component of criterion 1. Please also provide a reference to where in the IP&R documents this evidence can be found. The answers to these questions should explain:

- How the council identified and considered the community's needs and desires in relation to matters such as levels of service delivery and asset maintenance and provision.
- How the decision to seek higher revenues above the rate peg was made.
- Which other options were examined, such as changing expenditure priorities or using alternative modes of service delivery.
- Why the proposed SV is the most appropriate option: for example, typically other options would include introducing new or higher user charges and/or an increase in loan borrowings, public private partnerships or joint ventures.
- How the proposed SV affects the LTFP forecasts for the General Fund, and how this relates to the need the council identified. Our assessment will also consider the assumptions which underpin the council's LTFP forecasts.
- If the need for the expenditure is not required to meet a financial need, the council should provide evidence of the community's desires for the services or assets to be funded by the proposed SV and its willingness to pay for them.

If the council has an ongoing SV, while the response should focus on the additional percentage increase to general income being sought, it should also specify:

- How the council has implemented the program of expenditure funded by the existing SV income.
- Whether any circumstances relating to the financial need for the additional revenue changed since it was approved, for example the council has received grant funding or income from other sources for the project.
- How changed circumstances have given rise to the need for an additional increase to general income.
- How closely revenue and expenditure in past years matched the projections made in the council's LTFP when applying for the original, and if relevant, the reasons for any significant differences.

Where the council **proposes to increase the minimum amount of rates** in conjunction with the SV, the responses to the questions should include information about the MR increases where relevant. However, the council should explain its rationale for increasing minimum rates above the statutory limit when completing the MR Increase Application Form Part B in relation to criterion 1: Rationale.

## Table 2 Criterion 1 components

Criteria	Evidence of meeting this criterion from the council's IP&R documents	Reference to IP&R documents		
The need for, and purpose of, a different revenue path for the council's General Fund (as requested through the SV) is clearly articulated and identified in the council's IP&R documents	Council has adopted the revised and integrated LTFP, Asset Management Strategy and Workforce Management Strategy outlining the planned approach under three scenarios - permanent increase of 54% above rate peg in 2023/24, progressive increases over five years of 8.25% above the rate peg and rate peg increases only. Under each scenario the affordable capital works plan and asset maintenance is outlined in the Asset Management Strategy, clearly outlining the requirement for additional revenue to generate sufficient cash to address asset renewal and replacements. The Asset Management Strategy outlines a comprehensive and systemic approach to	Long Term Financial Plan Asset Management Strategy Workforce Management Strategy		
	improving the management of assets to ensure appropriate decisions are made in a timely manner to ensure future investments are necessary and implemented to optimise the cost of asset ownership.			
	The resourcing strategies have also been prepared in response to the findings and recommendations made by AEC in the attached Financial Sustainability Report.			
In establishing need for the SV, the relevant IP&R documents should canvass alternatives to the rate rise.	As outlined in the AEC FSR report, as well as the KPMG Merger Business Case, the financial sustainability of SMRC is at risk due to historical operating deficits, with insufficient cash generated from operations to renew and replace assets as required (without reliance upon capital grant funding).	Scenario Three as outlined in the LTFP, Asset Management Strategy and Workforce Management Strategy.		
	The alternative to a rate rise is outlined in Scenario Three in the LTFP and Asset Management Strategy, which includes a reduction in the current levels of service and likely future decisions not to renew or replace assets that are at end of life, or present an unacceptable risk due to condition and performance.			
In demonstrating this need councils must indicate the financial impact in their LTFP	Council has adopted the revised and integrated LTFP, Asset Management Strategy and Workforce Management Strategy outlining the planned approach under three scenarios - permanent increase of 53% in 2023/24 (including rate peg), progressive increases over five years of 8.25% above the rate peg and rate peg increases only.	Long Term Financial Plan Asset Management Strategy Workforce Management Strategy		
The IP&R documents and the council's application should provide evidence to establish this criterion. This could include evidence of community need/desire for service levels/projects and limited council resourcing alternatives.	Council has adopted the revised and integrated LTFP, Asset Management Strategy and Workforce Management Strategy outlining the planned approach under three scenarios - permanent increase of 53% above rate peg in 2023/24 (including rate peg), progressive increases over five years of 8.25% above the rate peg and rate peg increases only.	Long Term Financial Plan Asset Management Strategy Workforce Management Strategy		
	Community engagement regarding the financial sustainability of the Council was undertaken over a period of three (3) weeks between 19 October 2022 and 6 November 2022, through an on-line survey published on the Council's website. See Appendix B: Community Engagement Report in the AEC FSR Report.			

	The vast majority of participants were in strong agreement for the Council to allocate additional financial resources to improve the condition of sealed (80%) and unsealed roads (79%). Lowest in agreement was allocating financial resources to improve council owned buildings (30%) and/or improve parks, gardens and recreational facilities (38%). About half were in agreement with allocating additional financial resources to improve the condition of bridges (53%) or improve water and sewerage services (51%). Interestingly, more than half (51%) were in agreement that they would be willing to pay higher rates if services (such as roads and community facilities) were improved.
Evidence could also include the analysis of the council's financial sustainability conducted by Government agencies	Refer to the KPMG Merger Report which outlined a projected operating deficit of \$8M across forward financial years following the proposed merger. As identified above, the Office of Local Government (OLG) notified Council of concerns that OLG had which warranted further assessment. SMRC has provided a copy of the AEC FSR report and SMRC understands that OLG is observing the current process to apply for an SRV.
IPART will also take into account whether and to what extent a council has decided not to apply the full percentage increases available to it in one or more previous years under section 511 of the Local Government Act. If a council has a large amount of revenue yet to be caught up over the next several years, it should explain in its application how that impacts on its need for the SV.	Not applicable.

Note: Reference to IP&R documents should include Application attachment number, document Name, section reference, page reference. For example: Attachment 3, Council LTFP, section 3.2, pp 20-25.

## Financial sustainability of the council - What will be the impact of the proposed special variation?

The proposed SV may be intended to improve the council's underlying financial position for the General Fund, or to fund specific projects or programs of expenditure, or a combination of the two. We will consider evidence about the council's current and future financial sustainability and the assumptions it has made in coming to a view on its financial sustainability.

In the table, the council's response should explain:

- The council's understanding of its current state of financial sustainability, its long-term projections based on alternative scenarios and assumptions about revenue and expenditure.
- Any external assessment of the council's financial sustainability (e.g., by auditors, NSW Treasury Corporation), indicating how such assessments of the council's financial sustainability are relevant to supporting the decision to apply for an SV.
- The council's view of the impact of the proposed SV on its financial sustainability.

### Table 3 Council's financial sustainability

Item	Description	Reference to IP&R documents
Improve the councils underlying financial position for the general fund	The report from AEC that Council commissioned to better understand the historical, current and projected financial position has been considered in depth by the Council. The report has been the centre of much debate and discussion amongst the Councillors and between the Council and the community.	An outline on Councils understanding of the financial position is outlined in the AEC FSR Report, and outlined in Section 5 of the LTFP.
	There is a very good understanding that the Council needs to generate sufficient cash from operations to address the demand for renewal and replacement of assets. The condition of the assets are in a deteriorated state, exposing the Council to significant risk. The Council must also seriously consider the impact that the Special Activity Precinct will have upon the financial performance and long term sustainability, including both threats and opportunities.	Scenario One and Two as outlined in the LTFP, Asset Management Strategy and the Workforce Management Strategy is considered as the required approach to addressing the financial
	The key findings from the independent FSR report by AEC are:	sustainability concerns. Scenario Two carries a higher risk in the short
	<ul> <li>Prior to the merger of Bombala, Cooma-Monaro and Snowy River councils, all three councils were generating operating deficits. Cash balances generally increased year on year but included a significant level of restrictions. Investment in assets was limited to funding availability and appears to have been undertaken on a reactive rather than planned approach.</li> </ul>	term with less cash available to address backlog in asset renewals and to address risks that deteriorated assets present.

• Since the merger, the Council has generated operating deficits each year indicating that Council is not generating sufficient recurrent General Fund revenue to meet the recurrent operational expenditure, including depreciation. While there is significant variation from year to year, the report concludes that there is likely an underlying deficit (or otherwise referred to as a structural deficit) of approximately \$4.5-\$5.0 million at least based on current service levels and asset maintenance activity.

• Whilst the Council has historically produced significant operating deficits, cash balances held by the Council have generally increased, particularly since 2016/17. The report highlights that since 2016/17 the level of external restrictions within the total cash held increased year on year primarily due to uncompleted grant funded programs and projects, as well as uncompleted internal works. Developer contribution reserves have also increased during this period. Internal restrictions have been gradually deteriorated and there was nil or minimal unrestricted cash until 2021/22 - a balance of \$4.5 million in cash is reported in the Draft Annual Financial Statements as unconstrained as at the end of the 2021/22 financial year.

 From the above observations it can be concluded that the growth in the balance of cash and cash equivalents is not due to free cash generated from operations, but rather due to unexpected grants received, accumulation of developer contributions and uncompleted works.

Since 2016/17 Council has made significant investment in asset renewal, in some years
exceeding the asset renewal benchmark. However, a large majority of the cash invested in
renewals appears to be funded through external grants. Reliance upon grant funding is not a
sustainable approach to funding asset renewals.

 Asset maintenance expenditure has continued to not meet the benchmark established by Council in the asset management plans.

• Based on benchmarking and surveys conducted with other NSW Office of Local Government Group 4 councils, the financial sustainability challenges being experienced by the Council are similar to those faced by similar councils.

 In comparison to the adopted Long Term Financial Plan, forecasts developed for the FSR project indicate a significantly deteriorated operating performance, constraining Council's ability to generate sufficient cash to fund the cost-of-service delivery and the required investment in assets.

 A significant contributing factor to the projected deterioration of the operating result is increased depreciation costs and asset maintenance costs, including the impact of \$170 million in contributed assets expected to be transferred to Council through the Snowy Mountains Special Activation Project (SAP).

• SAP provides significant opportunity for Council to benefit from the development through externally funded asset renewals and upgrades and increased revenue from rates, annual service charges and other revenue sources. Forecasts developed for this project include an increase in rates, charges and fees in expectation the development will increase operating revenue, although this will be significantly less than the anticipated increase in depreciation and the whole-of-life cost for the contributed assets.

• The renewal and upgrade of water and sewer assets in Jindabyne, as well as road works and precinct upgrades funded through the SAP by the NSW Government replaces funding that Council would have had to fund internally or sought borrowings to address the depleted assets.

Scenario Three does not include an SRV and is a planned approach to maintain cash balances. Assets will continue to deteriorate under Scenario Three, increasing risk exposure and requires Council to reduce service levels.

Based on forecast operating performance developed by AEC for the FSR, it is projected that, without significant intervention, the Council will continue to generate operating deficits over the next 10-year period, significantly deteriorating from 2023/24 to 2025/26 - being the period the SAP assets will be transferred to Council. The operating deficit over the 10-year forecast averages \$12.3 million per year from 2023/24.
 Whilst historically the Water and Sewer Funds have generated surpluses the operating results of these funds are deteriorating. The increased maintenance and depreciation expenses associated with the SAP will contribute to the deteriorating position in the Sewer and Water Funds.

## Financial indicators - What will be the impact of the proposed special variation on key financial indicators over the 10-year planning period?

In the text box please give a brief explanation on how the proposed SV would affect the council's key financial indicators (for the general fund, over the 10-year planning period):

A key effect of the proposed SV will be to address a historical structure deficit within the General Fund, as indicated by a projected positive OPR by the 2032-33 financial year.

An increase in the cash generated by the General Fund through operations enables SMRC to invest in asset renewals, as indicated by the Building and Asset Renewal Ratio.

The infrastructure backlog ratio is significantly improved by a substantial capital works program planned for in 2022-23 and 2023-24 as Council addresses a significant proportion of the backlog using the constrained reserves (from past years grant funding received) and grants awarded to Council in the 2022-23 financial year. The SV will enable Council to maintain the backlog just below the target of 2%. It is not anticipated that the backlog will be extinguished but maintained in a sustainable manner.

The asset maintenance ratio is expected to return to 100% in the 2023-24 financial year with Council able to fund the planned maintenance schedules, including a significant program to grade the substantial unsealed road network. Council also plans to fund an adequate maintenance schedule for buildings and other structures.

The unrestricted cash ratio is expected to improve across the ten years. Council has accepted the AEC recommendation (and adopted in the LTFP for the 53% SV Scenario) that a \$5M balance of unconstrained cash should be maintained as a contingency for asset failures over the ten year period as Council improves asset management capability, including increasing the awareness of asset condition, risk, criticality etc. The contingency is considered necessary given a large number of assets considered to be a high risk, including aged wooden bridges and assets such as buildings, pools, drainage and fleet known to be in a poor condition, but at this stage without a considered assessment of the likelihood and consequence of failure (asset risk management) and the planned contingency to manage the asset failure.

Rates and annual charges ratio is anticipated to remain unchanged.

In Table 5 please provide the councils key financial indicators.

## Table 5 Council financial indicators

Ratio	2021-22	2022-23	2023-24	2024-25	2025-26	2026-27	2027-28	2028-29	2029-30

Criterion 2 - Community awareness and engagement

## Criterion 2 - Community awareness and engagement

Criterion 2 in the SV Guidelines is:

Evidence that the community is aware of the need for and extent of a rate rise. The Delivery Program and Long-Term Financial Plan should clearly set out the extent of the General Fund rate rise under the special variation. In particular, councils need to communicate the full cumulative increase of the proposed special variation in percentage terms, and the total increase in dollar terms for the average ratepayer, by rating category. Council should include an overview of its ongoing efficiency measures and briefly discuss its progress against these measures, in its explanation of the need for the proposed SV. The council's community engagement strategy for the special variation must demonstrate an appropriate variety of engagement methods to ensure community awareness and input occur. The IPART fact sheet includes guidance to councils on the community awareness and engagement criterion for special variations.

To complete the questions for criterion 2 provide relevant extracts of the IP&R documents that set out the rate rises under the proposed SV and attach relevant samples of the council's consultation material.

The response should provide details and examples to demonstrate the clarity of information presented in the consultation materials, including information about:

- The need for the proposed SV.
- Specific programs or projects, levels and types of services, investment in assets and the options for funding them by rate increases.
- The proposed cumulative rate increases including the rate peg for each major rating category (in both percentage and dollar terms), particularly where the increase is to be applied differentially across ratepayer categories (i.e. rates will not increase uniformly by the SV percentage).
- The annual increase in average rates that will result if the proposed SV is approved in full (and not just the increase in daily or weekly terms).
- The size and impact on rates where an existing SV will continue, expire, be renewed or replaced at the end of the current financial year or during the period when the requested SV will apply.
- The rate levels that would apply without the proposed SV (clearly showing the impact of any expiring SV).
- Outlining evidence of residents and ratepayers being aware of the proposed SV.
- Outcomes could include the number of people reached by mail outs, the number of attendees at events and participants in online forums, the number of submissions made, surveys or feedback forms completed, as well as evidence of media reports and other indicators of public awareness of the council's SV intentions.
- Explaining how the community responded and the feedback the council received about its proposal.

## 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 465 ATTACHMENT 3 PART B SRV APPLICATION Page 465

Criterion 2 - Community awareness and engagement

The response should indicate how participants responded to any surveys, particularly the level of support for specific programs or projects, levels and types of services, investment in assets, as well as the options proposed for funding them by rate increases. Where the council has received submissions from the community relevant to the proposed SV, the application should set out the views expressed in those submissions.

Although this criterion does not require the council to demonstrate community support for the proposed SV, it is required to consider the results of the community consultation in preparing the application. The response should identify and document any action taken, or which will be taken, to address issues of common concern within the community about the proposed SV.

Some councils will need to provide additional information in their response to demonstrate how consultation material explained to the community details about the proposed SV and its impact on rates to reflect the specific circumstances of their application, for example:

- If the council is **renewing or replacing an expiring SV**, information was provided about the purpose, and duration of the expiring SV, the original and current percentage of general income the SV represents, whether the new SV is temporary or permanent, the amount of any *additional* increase above the rate peg being requested, and that if the proposed SV is not approved (i.e. only the rate peg applies), the year-on-year change in rates would be lower, or that rates may fall
- If the council has an existing (ongoing) section 508A SV and is applying for an *additional* SV, how the consultation material explained details about the existing SV, its size and duration, and the impact on rate levels when it does expire, as well as the impact on rate levels and annual increases with and without the additional SV.
- If the council proposes to **increase minimum rates**, the increase to minimum amounts, and any change to the proportion of ratepayers on the minimum rate for all relevant rating categories which would occur as a result of the SV.
- Where the council intends to make any changes to the rating structure in 2023-24 in conjunction with the proposed SV, such as changes to subcategories and adjusting ad valorem rates following new land valuations, the need for or purpose of the change and its impact was explained to the community.

Criterion 2 - Community awareness and engagement

## How did the council engage with the community about the proposed special variation?

In the table below please provide evidence as to how the councils community engagement met criterion 2.

## Table 4 Evidence of council's community engagement meeting criterion 2

Criteria	Evidence of meeting this criterion	Reference to application supporting documents
Evidence that the community is aware of the need for and extent of a rate rise.	<ul> <li>Council has engaged extensively through the Financial Sustainability Review and the SRV Application, using broad and various engagement methods to ensure every resident and ratepayer has the opportunity to be informed and to engage in the consultation methods.</li> <li>The feedback provided by the community to the engagement is outlined in the attached Community Engagement Report</li> <li>Engagement methods, as outlined in the attached Community Engagement Plan, included: <ul> <li>Mayor's letter to all ratepayers</li> <li>Council website - Have your Say website</li> <li>Invitation to submit written submissions</li> <li>Fact Sheets</li> <li>Online survey (Have Your Say website)</li> <li>Hard copy version of the surveys available</li> <li>Pop-Up Sessions across numerous townships (8<sup>th</sup> - 9<sup>th</sup> December 2022)</li> <li>Online community consultation session (including Q&amp;A opportunity) - 10<sup>th</sup> and 18<sup>th</sup> January 2023</li> <li>Social media posts</li> <li>Media releases</li> <li>Printed promotional material</li> <li>eNewsletter</li> </ul> </li> </ul>	<ul> <li>Community Engagement Plan</li> <li>Community Engagement Report</li> <li>Council website - Have your Say website</li> <li>Invitation to submit written submissions</li> <li>Fact Sheets</li> <li>Online survey (Have Your Say website)</li> <li>Hard copy version of the surveys available</li> <li>Pop-Up Sessions across numerous townships (8<sup>th</sup> - 9<sup>th</sup> December 2022)</li> <li>Online community consultation session (including QtA opportunity) - 10<sup>th</sup> and 18<sup>th</sup> January 2023</li> <li>Social media posts</li> <li>Media releases</li> </ul>

Option 2	\$131.23	\$260.50	\$403.67	\$562.23	\$737.83	\$2,095.47	
Option 3	\$42.85	\$70.705	\$99.255	\$128.519	\$158.514	\$499.84	

#### Table 5 - Cumulative increase over 5 years – Electricity Generation Category - Average Rate

Electricity Generation Category	Cumulative In	Total				
	2023/24	2024/25	2025/26	2026/27	2027/28	
Option 1	\$23,217.27	\$24,892.86	\$26,610.33	\$28,370.74	\$30,175.17	\$133,266.37
Option 2	\$5,366.26	\$10,652.29	\$16,506.58	\$22,990.20	\$30,170.81	\$85,686.13
Option 3	\$1,752.25	\$2,891.21	\$4,058.64	\$5,255.26	\$6,481.80	\$20,439.16

The council need to communicate the full cumulative increase of the proposed SV in percentage terms, and the total increase in dollar terms for the average ratepayer, by rating category. See above tables that shows the impact in total increase in dollar terms for the average ratepayer by rating category. This information was communicated on Council's website and the fact sheets.

Criterion 2 - Community awareness and engagement

The council's community engagement strategy for the SV must demonstrate an appropriate variety of engagement methods to ensure community awareness and input occur.	See Community Engagement Plan and Community Engagement Report	Community Engagement Plan Community Engagement Report
Explain the action, if any, the council took in response to feedback from the community	Council was provided with the Community Engagement Report, with a presentation of the report and a facilitated discussion in a workshop regarding the feedback received from the community. The feedback from the community was a key point of debate by the Council in making the resolution to proceed with the Application to IPART.	Community Engagement Report

Note: Reference to application supporting documents should include Application attachment number, document Name, section reference, page reference. For example: Attachment 7, Community mailout leaflet, section 1, pp 1-3.

Criterion 2 - Community awareness and engagement

In the text box below, provide any other details about the councils: consultation strategy, timing or materials that are not captured in Table 4.

In the text box below, please provide any other details about the community's involvement in, engagement with or support of the proposed SV not captured in Table 4.

Members of the community made presentations during the public forum at both the 24 November 2022 and 30 January 2023 extraordinary meetings.

In Table 5 please list out any other attachments that the council has relied on to respond to criterion 2 not otherwise detailed in Table 4.

#### Table 5 Other criterion 2 attachments

L IS ONLY relevan

Criterion 3 - Impact on ratepayers

### Criterion 3 - Impact on ratepayers

Criterion 3 in the SV Guidelines is:

The impact on affected ratepayers must be reasonable, having regard to both the current rate levels, existing ratepayer base and the proposed purpose of the variation. The Delivery Program and Long Term Financial Plan should:

- clearly show the impact of any rate rises upon the community
- demonstrate the council's consideration of the community's capacity and willingness to pay rates, and
- establish that the proposed rate increases are affordable having regard to the community's capacity to pay.

In assessing the impact, IPART may also consider:

- Socio-Economic Indexes for Areas (SEIFA) data for the council area: and
- Whether and to what extent a council has decided not to apply the full percentage increases available to it in one or more previous years under section 511 of the Local Government Act.

This Application Form asks four questions for criterion 3. Councils should provide evidence to demonstrate:

- 1. the **impact on rates** of the proposed SV, including the **impact on minimum amounts** of any ordinary or special rate
- 2. how the council considered that the proposed rate rises were **affordable**, **having regard to ratepayers' capacity and willingness to pay**
- 3. how the council **addressed concerns about affordability** in determining the special variation is applied for, and
- 4. the council's plans for **addressing hardship** ratepayers may experience in meeting their obligations to pay rates in the future.

As well as considering the evidence provided by the council to demonstrate that the proposed rate increase is affordable for its community, IPART will undertake its own analysis of affordability by considering a range of data, including:

- the average growth in the council's rates in recent years, including previous SV increases
- how the council's average rates, current and under the proposed SV, compare with those in similar councils, and
- socio-economic indicators such as median household income, average rates to income ratio, outstanding rates ratio and SEIFA ranking.

The council's response to criterion 3 should also indicate how the required information is reflected in the Delivery Program and Long Term Financial Plan.

Criterion 3 - Impact on ratepayers

#### Is the impact on rates of the proposed special variation reasonable?

Although much of the quantitative information we need on the impact of the proposed SV on rate levels will already be contained in Worksheets 5a and 5b of SV Application Form Part A, the response to this question should clearly set out:

- the impact on rates across the council's rating structure should the SV be approved, compared with
- the rate levels which would apply if the SV is not approved.

This information should be provided in a table indicating average rates in 2023-24, and then both the dollar and percentage increase for each rating category and subcategory for each year of the proposed SV, and the cumulative increases for the whole period.

A simple table is sufficient where the council intends to apply the proposed SV percentage increase in general income to all rating categories and subcategories.

The approach is likely to be more complex where the council is applying an increase differentially across ratepayer categories or making any changes to the rating structure in 2023-24. In this case, the council's response should explain the basis for allocating the increase to general income among the ratepayers and how the rating structure would be different from that which would apply if the SV is not approved, and why. This information will be relevant to our assessment of the reasonableness of the impact on ratepayers.

If relevant, the council's response should also indicate the impact of any other anticipated changes (e.g. receipt of new valuations) in the rating structure, or any changes to other annual ratepayer charges such as for domestic waste management services. Please provide the councils response in the text box below.

Page 473

Criterion 3 - Impact on ratepayers

Rating Category	2023-24 average rate with SV	2023-24 average rate without SV	Difference (\$)	Difference (%)
Residential	\$1,499.84	\$1,019.50	\$480.34	47.12%
Farmland	\$3,100.24	\$2,107.36	\$992.89	47.12%
Business	\$1,639.07	\$1,114.14	\$524.93	47.12%
Electricity Generation	\$67,023.44	\$45,558.42	\$21,465.02	47.12%

In considering the recommendation to apply for the SV, and reasonableness of the SV, the Council was provided with the following summary of the impact of the SV on ratepayers, including impact on the minimum, first quartile, median third quartile maximum, mean (average) and mode for each rate category (note, there is a slight difference to above average due to difference in calculation methodology.

Council considered that the most vulnerable to the SV is likely to be represented by the First Quartile. The impact of the SV on the First Quartile for residential assessments is expected to be \$354 a year. The impact of the SV on the First Quartile for business assessments is expected to be \$313 a year, and for farmland assessments in the First Quartile it is expected to be \$546 a year.

While acknowledging the increase is significant, in considering the reasonableness of the impact on ratepayers, a majority of the Councillors voted in favour for applying for the 53% increase for the 2023/24 financial years.

Residential							
	Minimum	First Quartile	Median	Third Quartile	Maximum	Mean	Mode
Valuation	\$130	\$68,700	\$96,657	\$193,025	\$2,150,000	\$144,022	\$84,400

## How has the council considered affordability and the community's capacity and willingness to pay?

The council's response in the text box below should provide evidence to establish:

- That the proposed SV is reasonable in the context of the current rate levels, ratepayer base and its purpose.
- How the council considered the community's capacity and willingness to pay, and that the rate increases would be affordable for the community.

Evidence about capacity to pay could include a discussion of such indicators as SEIFA rankings, land values, average rates, disposable incomes, the outstanding rates ratio and rates as a proportion of household/business/farmland income and expenditure, and how these measures relate to those in comparable or neighbouring council areas.

As many of these measures are highly aggregated, it may also be useful to discuss other factors that could better explain the impact on ratepayers affected by the proposed rate increases.

While councils should consider the affordability of the proposed rate increases for all affected ratepayers, in some circumstances, particularly where the increase will not be uniform for all ratepayers, councils should explain how the affected ratepayer capacity to pay was considered. This could apply, for example, where:

- The council intends to apply the increase differentially across ratepayer categories.
- The council intends to make changes to the rating structure in 2023-24 in conjunction with the proposed SV.

Special Variation Application Form Part B

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 475 ATTACHMENT 3 PART B SRV APPLICATION Page 475

Criterion 3 - Impact on ratepayers

• The proposal would **increase minimum rates** by a significantly high percentage.

Please provide the councils response in the text box below.

Council proposes to apply the SV uniformly across the current rating differential categories. Council does not use minimum rates.

When benchmarked against all 25 NSW Group 4 councils, SMRC has the third lowest residential rates, the ninth lowest farmland rates, and the third lowest business rates within the Group (OLG Time Series Data 2020/2021). After introducing the SV, and acknowledging that other Group 4 Councils have also expressed interest in applying for an SV, it is anticipated that SMRC average rates will be in the third Quartile of the Group 4 councils, remaining consistent with other similar councils and significantly less than the highest average rates for Group 4 councils.

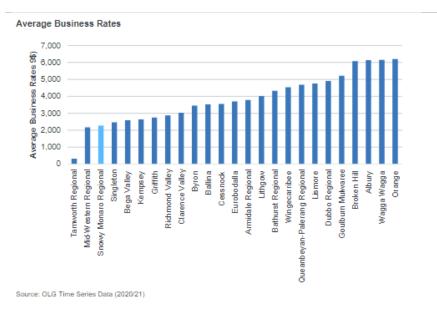

The tables below compare 2020/2021 average rates across Group Councils clearly indicating the current rates for SMRC are amongst the lowest in the Group 4.

2,000 £ 1,800 Average Residential Rates 1,600 1,400 1,200 1.000 800 600 400 200 0 Kempsey Snowy Monaro Regional Mid-Western Regional Goulburn Mulwaree Griffith Dubbo Regional Richmond Valley Ballina Singleton Que anb eyan-Palerang Regional Clarence Valley Cessnock Lithgow Armidale Regiona Broken Hill Tamworth Regional Eur obo dalla Bega Valley Bathurst Regional Wagga Wagga Lismore Albury Byron Orange Wingecarribee

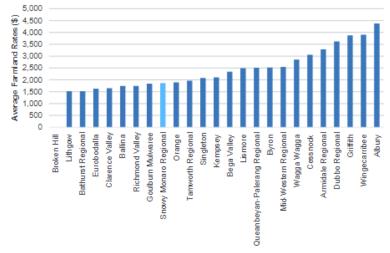

Average Residential Rates

Page 476

Criterion 3 - Impact on ratepayers

#### Average Farmland Rates

Source: OLG Time Series Data (2020/21)

By contrast, within the Group 4, SMRC ranked fifth highest in the Index of Economic Resources (ABS Socio-Economic Indexes for Areas 2016).

Based on the Index of Relative Socio-economic Advantage and Disadvantage (IRSAD) the Snowy Monaro community ranks better than 68.5% of other NSW Councils.

Criterion 3 - Impact on ratepayers

In considering that current average rates for residential, farmland and business categories is amongst the lowest of the Group 4 Councils and the SEIFA rankings suggest there is capacity amongst the community to raise rates, a majority of the Councillors support the SV application to increase rates permanently by 53% in 2023/24.

#### How does the council intend to address hardship?

Does the council have a hardship policy?	Yes
If yes, is an interest charge applied to late rate payments?	Yes

The response in the text boxes below should explain any measures the council has in place, or intends to introduce, measure for dealing with cases where ratepayers experience hardship in meeting their obligation to pay rates.

Evidence can relate to a formal hardship policy which the council has adopted, and/or processes the council has in place, or intends to implement. The response should explain who the potential beneficiaries are and how they are or will be assisted. Alternatively, the response should explain why no such measures are proposed.

The council should also indicate whether the hardship policy or other measures are referenced in the council's IP&R documents (with relevant page reference or extract provided). Please provide the councils response in the text boxes below.

a. Explain the measures the council proposes to use to reduce the impact of the proposed SV on vulnerable ratepayers, or alternatively, explain why no measures are proposed.

Council has not proposed any new measures to reduce the impact of the proposed SV as the existing Financial Hardship and Assistance Policy provides ratepayers experiencing financial hardship with the ability to apply for an extension to pay outstanding amounts by periodical payments.

b. Indicate whether the hardship policy or other measures are referenced in the council's IP&R documents (with relevant page reference or extract provided.

The Financial Hardship and Assistance Policy is not referenced in council's IP&R documents, however the community was made aware of the policy in the FAQs published on council's Special Rate Variation webpage.

#### Table 6 Criterion 3 attachments

Council- assigned number	Name of document	Page references <sup>a</sup>
250.2019.512.1	Financial Hardship and Assistance Policy	

Page 478

Criterion 3 - Impact on ratepayers

a. If document only relevant in part.

Criterion 3 - Impact on ratepayers

#### Has the council considered the impact of the SV in its IP&R documents?

In the table below provide evidence that the council met the reporting requirements of criterion 3 in its delivery program and LTFP.

#### Table 7 Consideration of the proposed SV impact in IP&R documents

Criteria	Evidence of meeting this criterion from the council's IP&R documents	Reference to IP&R documents
The Delivery program and LTFP should:		
Clearly show the impact of any rises upon the community	The LTFP compares and contrasts the scenarios, including the increased revenue proposed to be received from a $53\%$ permanent increase in the rates.	Long Term Financial Plan
Include the council's consideration of the community's capacity and willingness to pay rates	Council's LTFP explains how the Snowy Monaro LGA ranks across the four Socio-Economic Indexes for Areas (SEIFA). The indexes indicate that Snowy Monaro LGA has a relative lack of disadvantage, is an area of advantage rather than disadvantage, is an area with good access to economic resources, and is an area with a higher education and occupation status.	Long Term Financial Plan, section 3.3, pp 12-13.
Establish that the proposed rate increases are affordable, having regard to the community's capacity to pay		
Note: Reference to IP&R documents should include Application	attachment number, document Name, section reference, page reference. For example: Attachment 3, Council	LTFP, section 3.2, pp 20-25.

Criterion 4 - Exhibition of IP&R documents

### Criterion 4 - Exhibition of IP&R documents

Criterion 4 in the SV Guidelines is:

The relevant IP&R documents must be exhibited (where required), approved and adopted by the council before the council applies to IPART for a special variation to its general income. It is expected that councils will hold an extraordinary meeting if required to adopt the relevant IP&R documents before the deadline for special variation applications.

The formal requirements applying to IP&R documents are set out in the Integrated Planning and Reporting Guidelines for Local Government in NSW and the Integrated Planning and Reporting Handbook for Local Councils in NSW.

For the purposes of applying for an SV, councils should note:

- If amendments to an adopted **Delivery Program** or **Community Strategic Plan** are needed to incorporate or update information about the proposed SV, the draft documents should be re-exhibited for a period of 28 days, and adopted before the council submits its Application Form to IPART.
- The exhibition period should be scheduled so that there is an opportunity for the council to formally consider and resolve to adopt the revised documents. It will be expected that a council will hold an extraordinary general meeting, if necessary, to meet this requirement.
- The council should adopt a version of the LTFP which incorporates modelling of the proposed SV before the council submitting the application to IPART.
- When applying for a SV for 2023-24 councils do not need to prepare, exhibit or adopt the **Operational Plan for 2023-24.**
- If council has used supporting evidence from the **Operational Plan for 2023-24** to demonstrate how it satisfies other criteria, the council should also provide information about this document in its response to criterion 4.

Where the proposed SV is to fund asset management, the council's **Asset Management Strategy** and **Plan(s)** should be adopted before submitting the application to IPART.

### What IP&R processes did the council use in determining to apply for a special variation?

In the text box indicate the progress of identifying the need for the SV being incorporated into the IP&R documents by providing information about community engagement and when key revisions were made to the IP&R documents.

Following the completion of the Financial Sustainability Review, completed by AEC Group, Council prepared a revised integrated versions of the LTFP, Asset Management Strategy and Workshop Management Strategy. All three documents are integrated and include three scenarios - Scenario 1 and permanent SV increase in rates of 53%, Scenario 2 a stages introduction of SV over 5 years, and Scenario 3 that outlines an approach if no SV was approved.

Criterion 4 - Exhibition of IP&R documents

The revised Resourcing Strategy plans were exhibited from 28 November 2022 - 22 January 2023 on Council's Have Your Say website.

Special Variation Application Form Part B

Criterion 4 - Exhibition of IP&R documents

#### When did the council meet the formal requirements for all relevant IP&R documents?

The table seeks information which demonstrates that the council has met the formal requirements for the preparation, exhibition, adoption and publication of the current IP&R documents. Please complete Table 8 for all IP&R documents relevant to the council's application.

#### Table 8 IP&R documents

Document	Exhibition dates	Adoption date	Placed on council's website	Web link

Criterion 4 - Exhibition of IP&R documents

#### What, if any, relevant issues arose in the public exhibition of the IP&R documents?

In the text box explain any issues arising from the council's IP&R processes and documentation associated with the proposed SV which you consider are relevant factors in assessing the council's application, including responses to public exhibition.

This question seeks information about issues that arose in the council's undertaking of its IP&R processes with the community by publicly exhibiting the IP&R documents, which could be relevant for IPART's assessment of the council's application.

Responses from the community during the engagement was seeking more information from Council in regard to the additional works that will be undertaken by Council with the additional revenue received through the SV - this is outlined in the attached Community Engagement Report.

Within the Asset Management Strategy Council has summarised the different maintenance and capital works approaches under the three scenarios which was used to respond to community members and Councillors seeking information about works programs under the three scenarios.

The Community Engagement Report outlines other feedback provided to Council throughout the exhibition period.

Page 484

Criterion 5 - Productivity improvements and cost containment strategies

## Criterion 5 - Productivity improvements and cost containment strategies

#### Criterion 5 in the SV Guidelines is:

The IP&R documents or the council's application must explain and quantify the productivity improvements and cost containment strategies the council has realised in past years and plans to realise over the proposed special variation period.

Councils should present their productivity improvements and cost containment strategies in the context of ongoing efficiency measures, and indicate if the estimated financial impact of the ongoing efficiency measures has been incorporated in the council's Long Term Financial Plan

This Application Form asks four questions relating to:

- 1. The approach to improving productivity in operations and asset management.
- 2. Outcomes realised from productivity improvements and cost containment strategies in past years.
- 3. Productivity improvements and cost containment strategies planned for future years.
- 4. Evidence of productivity and efficiency.

Councils can adopt a very broad range of strategies, initiatives or activities to improve the efficiency of their operations and the productivity of their workforce, and to contain costs and increase revenue. They may arise from reviewing service priorities, levels of service, labour and capital inputs, and organisational structures or services to be delivered.

Drawing on our experience in past years, we will be placing an emphasis on councils' applications demonstrating how they satisfy criterion 5. To demonstrate that a council has met this criterion, it is not sufficient to list a series of cost-saving or revenue-raising initiatives. Councils should provide evidence of strategies and activities and robust data quantifying the efficiency gains.

### What is the council's strategic approach to improving productivity in its operations and asset management?

The council's response should identify how, as an organisation, it has approached improving productivity in its operations and asset management. It could refer to approaches such as:

- comprehensive strategic-level review of council operations including service priorities, levels of service, labour and capital inputs
- targeted reviews of discrete areas of council operations encompassing all aspects of processes, procedures, procurement, scheduling and equipment use
- reviewing service standards so that the more closely align with community expectations
- organisational restructure
- redesigning processes such as financial reporting, people/performance/project management to achieve efficiencies
- reviewing procurement strategies

Page 485

Criterion 5 - Productivity improvements and cost containment strategies

- pursuing opportunities for commercialisation and business improvement
- review of assets in order to rationalise and divest property.

Please provide the council's response in the text box below.

Since the beginning of the merged Council in 2016, SMRC has implemented initiatives to improve the operating position, through reduction in operating costs and increase in productivity. The following initiatives were identified by AEC through the Financial Sustainability Review:

• Organisational Review - delivered an estimated savings in management levels of \$0.7 million which was reinvested in funding required operational positions.

• Review of Residential Aged Care - recommended divestment by Council in the provision of Residential Aged Care, realising an improvement to the annual operating position of Council of at least \$0.75 million. Council has implemented the actions and currently progressing through a Due Diligence process with the selected tenderer.

• Governance Service Review - recommended improvements in compliance and operational savings in the established positions of \$0.7 million.

• Works Management, Field Operations and Contract Delivery Service Review - recommended significant improvements to the planning, coordination and delivery of predominantly external works, with a total estimated efficiency savings of approximately \$0.3 million - although AEC's view is that there would be substantially more efficiency savings than \$0.3 million likely across operations and capital delivery through implementing the recommended actions.

Council has accepted and implementing the recommendations provided by AEC to address the long term financial sustainability of the Council - see attached AEC Financial Sustainability Report.

## What outcomes has the council achieved from productivity improvements and cost containment strategies in past years?

In responding to the questions that address this point, wherever possible the council should:

- provide information about productivity improvements and cost containment strategies implemented during at least the past two years
- quantify in dollar terms the gains past initiatives have realised
- present these gains as a percentage of operating expenditure.

You may in this question provide evidence of overall improvements in the council's financial situation from productivity and operational improvements and provide specific examples of initiatives or activities such as:

- introducing environmental and energy efficiency initiatives
- adopting more efficient information and communications technology for a range of activities such as communications, document processing, financial transactions, outdoor staff operations, e-recruitment

Page 486

Criterion 5 - Productivity improvements and cost containment strategies

- shared purchasing through joint organisations of councils
- improved management of workers compensation insurance claims and safety audit
- seeking private contract works for road maintenance
- contracting to provide services to other councils
- reviewing community venue management to increase the utilisation of venues and associated revenues
- reviewing charges to ensure greater cost-recovery for council-provided services
- review of and refinancing loan borrowings
- adopting waste management strategies to reduce landfill waste and associated costs.

Please provide the council's responses to the questions in in the text boxes below.

a. Explain initiatives undertaken in the past few years to improve productivity and contain costs.

Since the beginning of the merged Council in 2016, SMRC has implemented initiatives to improve the operating position, through reduction in operating costs and increase in productivity. The following initiatives were identified by AEC through the Financial Sustainability Review:

• Organisational Review - delivered an estimated savings in management levels of \$0.7 million which was reinvested in funding required operational positions.

• Review of Residential Aged Care - recommended divestment by Council in the provision of Residential Aged Care, realising an improvement to the annual operating position of Council of at least \$0.75 million. Council has implemented the actions and currently progressing through a Due Diligence process with the selected tenderer.

• Governance Service Review - recommended improvements in compliance and operational savings in the established positions of \$0.7 million.

• Works Management, Field Operations and Contract Delivery Service Review - recommended significant improvements to the planning, coordination and delivery of predominantly external works, with a total estimated efficiency savings of approximately \$0.3 million - although AEC's view is that there would be substantially more efficiency savings than \$0.3 million likely across operations and capital delivery through implementing the recommended actions.

Council has accepted and implementing the recommendations provided by AEC to address the long term financial sustainability of the Council - see attached AEC Financial Sustainability Report.

b. Outline the outcomes which have been achieved.

Please see below detailed list of the outcomes achieved through efficiency and productivity improvements.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 487 ATTACHMENT 3 PART B SRV APPLICATION Page 487

Criterion 5 - Productivity improvements and cost containment strategies

Improvement / strategy	Saving	% of opex
Reductions of staff levels by 12 positions (5% of fulltime equivalent	\$1,300,00	1.47%
staff) saving	•	
Defer building maintenance cutting	\$705,000	0.80%
Reduced road maintenance expenses	\$560,000	0.63%

Reduced leasing costs	\$207,000	0.23%
Reduced spend on biosecurity	\$200,000	0.23%
Reduced donations levels	\$78,000	0.09%
Reduced costs of aged care provision	\$35,000	0.04%
Other changes made:		
Extend changeover period of vehicles to reflect extended warranties,	1.5million of	over ten
saving	years	
Management staffing restructure, removing 13 positions saving	\$700,000	0.79%
Reduce Governance Team staff by one (25% of team) following	<u> </u>	
service review, saving	\$75,000	0.09%
Negotiate new photocopier leasing arrangements, saving	\$50,000	0.06%
Review of software licensing for unused or low utilised programs,	ćaa <b>7</b> 00	0.02%
saving	\$22,700	0.03%
Stop art acquisition program, saving	\$15,000	0.02%
Seven councillors moving from paper based to electronic business papers, saving	\$10,250	0.01%
Remove funding for implementation of social plan actions,	\$10,000	0.01%
Moving to online billing, savings approximately	\$6,000	0.01%
Converting buildings to solar, saving approximately	\$6,000	0.01%
Close Adaminaby Road works depot, saving approximately	\$6,000	0.01%
Change from using consultants for Council DAs to resource sharing, saving	\$5,300	0.01%
Move light fleet vehicles to hybrid where possible, reducing fuel costs by around 28%		
Move to new employee assistance program, reducing costs by 40%		

c. Where possible, quantify the gains these past initiatives have realised.

## What productivity improvements and cost containment strategies are planned for future years?

The council should provide information that details initiatives planned for the next two years when requesting a one-year section 508(2) SV, or to match the duration of the proposed SV.

The response should, wherever possible:

- estimate the financial impact of strategies intended to be implemented in the future
- present these as a percentage of operating expenditure

Page 488

Criterion 5 - Productivity improvements and cost containment strategies

indicate whether the proposed initiatives have been factored into the council's Long Term • Financial Plan.

In the text boxes below:

a. Explain the initiatives which the council intends to implement.

At its 24 November 2022 Extraordinary Council Meeting, Council discussed the recommendations of the Financial Sustainability Review and resolved as follows:

COUNCIL	RESO	LUTION 345/22	
That Cou A. Adop		ollowing policy positions:	
(a)		t no new or increased services or infrastructure be taken on without a full business case ng in place that includes at a minimum:	
	(i)	A comprehensive assessment of the benefits of the proposal	
	(ii)	Assessment of the capacity of the organisation to provide and manage the service and associated assets	

Page 489

	Criterion 5 - Productivity improvements and cost containment s
	(iii) A full assessment of the lifecycle costs of the service or asset
	(iv) Identified guaranteed funding for the full lifecycle costs
(b)	That where possible Council's budget be developed on an activity-based approach
(c)	Council should budget for and maintain an unconstrained cash reserve of at least \$5.0 million
(d)	Council shall not agree to undertake projects unless they are and have followed the Council's project management framework
(e)	Grant applications that have a negative impact on the financial positon of the council must be approved by Council. Where there is insufficient time to do this they may be approved by agreement between the Mayor and CEO
B. Provi	de notification to IPART that Council intends to lodge an application for a special rate variation.
C. That	the focus of the funds raised from the Special Rate Variation (SRV) be:
(a)	The sealed road network, with a focus on interventions to reduce the lifecycle costs of the assets and to provide the maximum benefit to the broader community
(b)	The unsealed road network, with a focus on restoring the gravel wearing courses to provide the maximum benefits to the broader community
(c)	To raise the level of maintenance/renewal funding for buildings and other infrastructure to the appropriate level to begin a program of restoration
(d)	A project to review opportunities to rationalise the land and facilities assets that are used to deliver Council's services, including the rationalisation of the number of locations services are provided, considering a regional approach to service delivery rather than service in each location
D. Adop	t a target of \$1million in efficiency savings to be found over the next four years.
E. Com	mence the following projects through the project management framework:
(a)	Lobbying for changes to the rate peg to incorporate the cost of growth assets from the Snowy Mountains Special Activation Precinct (SAP) works
(b)	Establishing the level of community service obligations for the services Council provides and using these as the basis for determining the appropriate level of user charges against subsidy to users of services
(c)	Explore options to rationalise the land and facilities assets
(d)	Implementing efficiency improvement initiatives previously identified, including the recommendations from the Works Management, Field Operations and Contract Delivery Service Reviews
(e)	Implement the asset management improvements identified in the financial sustainability review
(f)	Prepare a pavement management system
(g)	Develop and implement an economic development and investment attraction strategy that targets realisation of benefits from major regional developments and supply chains (eg. SAP) to the whole of region Council area

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 490 ATTACHMENT 3 PART B SRV APPLICATION Page 490

					Criterion	5 - Product	tivity impro	vements an	nd cost containment
F. Add	the fo	llowing	tasks to the 20	22-23 Oj	perational	Plan:			
(a	th	Have a framework in place to ensure the impacts of grants on the financial sustainability of the Council are considered before any applications are lodged with the due date being 30 June 2023

#### b. Estimate their financial impact.

The financial impact of the above AEC recommendations accepted by Council extends beyond an estimation of financial impact and includes establishing governance, planning and decision making frameworks to ensure Council corrects the historical structural deficit, prevents future decisions that would deteriorate the financial position and encourage future investments to grow and develop a more sustainable revenue base for the future.

As outlined above, Council has accepted the recommendation to establish a productivity and efficiency target of \$1.0 million to be achieved through implementing the strategies outlined in the Financial Sustainability Report under the focus area of Enhanced Productivity and Efficiency of Services.

Continuing the divestment of the aged care facilities is anticipated to produce an annual improvement to the operating position of at least \$0.750M.

c. Indicate whether these have been incorporated in the council's Long Term Financial Plan.

Aged care divestment has been incorporated in the LTFP.

An efficiency savings target of \$1m has also been included in the LTFP.

Page 491

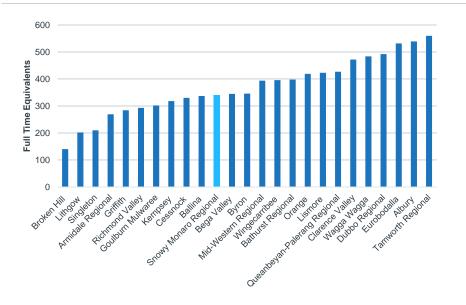

Criterion 5 - Productivity improvements and cost containment strategies

#### How have the council's levels of productivity and efficiency changed over time, and compare with those of similar councils?

To demonstrate how efficiency has changed over time, councils could use data based on studies of the council itself, or measures against the performance of comparable councils, and also rely on comparative data produced by OLG data such as:

- number of full-time employees (FTE)
- ratio of FTE to population
- average cost per FTE
- employee and on-costs as percentage of ordinary expenditure
- consultancy/contractor expenses over time.

In the text box summarise data which demonstrates how the council has improved productivity and indicate its performance against that of comparable councils.

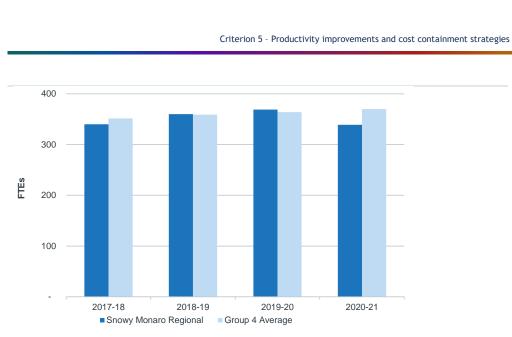

2020-21 OLG time series data

In 2020-21, Snowy Monaro Regional Council ranked in the bottom 44% of Group 4 Councils based on number of full time equivalent employees.

### 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION

ATTACHMENT 3 PART B SRV APPLICATION

Page 492

Snowy Monaro Regional Council reduced the number of full time equivalent employees to 339 in 2020-21, below the group 4 average.

Measure	2017-18	2018-19	2019-20	2020-21	2021-22
Number of full-time employees (FTE)	340	360	369	339	325
Ratio of FTE to population	61	58	56	62	67
Average cost per FTE	\$80,841	\$85,922	\$91,157	\$98,599	\$102,098
Employee and on-costs as percentage of ordinary expenditure	37.9%	39.1%	40.8%	34.1%	37.6%
Consultancy/contractor expenses over time	\$10,451,000	\$11,898,000	\$12,638,000	\$15,256,000	\$20,315,000

It should be noted above, in particular reference to consultancy/contractor expense, that the 2020-21 and 2021-22 included contractors engaged to complete the flood restoration works, hence the increase in 202-21 and 2021-22.

Criterion 6 - Other relevant matters

### Criterion 6 - Other relevant matters

Criterion 6 in the SV Guidelines is:

Any other matter that IPART considers relevant.

The Guidelines provide further that we will assess each application based on its merits against the assessment criteria. In doing so, the following may be considered:

- size of the council
- resources of a council
- size (both actual \$ and %) of increase requested
- current rate levels and previous rate rises
- purpose of the SV
- compliance with this or any other applicable guideline
- compliance with the conditions of any previous SVs, and
- any other matter considered relevant in the assessment of a SV application.

In assessing applications for SVs for 2023-24, IPART will continue its approach of assessing each of the five criteria, then making an overall assessment taking into account these other relevant factors.

The council should only respond to this question if it wishes to provide information in addition to that provided elsewhere in the Application which it would like IPART to consider when assessing its proposed SV. It is not necessary to specifically deal with several of the factors listed in OLG's Guidelines such as the size of increase requested, current rate levels and previous rate rises, and purpose of the SV.

The response may refer to any other matters the council considers relevant to IPART's deliberations. In the text box the council may provide information in addition to that provided elsewhere in the Application Form which it would like us to consider when assessing its proposed SV.

Click here to enter text.

#### Reporting requirements SV compliance

In the text box propose SV compliance requirements in addition to those in the IP&R documentation that the council feels are appropriate for this application (if relevant).

During the community consultation Council has provided the following undertakings to the community:

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 494 ATTACHMENT 3 PART B SRV APPLICATION Page 494

Criterion 6 - Other relevant matters

- the revenue raised by the SV, and associated expenditure, will be separately reported in Council's Annual Report.
- Council will not reduce its existing expenditure on its primary services.

Council is also considering using signs such as "this road is being upgraded using funds from the special variation".

a. If document is only relevant in part.

Council certification and contact information

### Council certification and contact information

Councils must submit a declaration in the specified form. It should be completed by the General Manager and the Responsible Accounting Officer.

### Certification of application

Prepare a document in the form indicated below, sign, scan and attach as a public supporting document.

### Application for a Special Rate Variation

To be completed by General Manager and Responsible Accounting Office

Name of council:

Snowy Monaro Regional Council

We certify that to the best of our knowledge the information provided in this application is correct and complete.

General Manager (name):	Peter Bascomb
Signature and Date:	<u>×</u>
Responsible Accounting Officer (name):	Tracy Sligar
Signature and Date:	<u>×</u>

Note: These signatures will be redacted before publication of the application.

# 11.1 NOTICE OF MOTION TO RESCIND RESOLUTION 7/23 ITEM 6.1.2 APPLICATION TO LODGE A SPECIAL RATES VARIATION Page 496 ATTACHMENT 3 PART B SRV APPLICATION Page 496

Council certification and contact information

#### Council contact information

IPART's formal contact with the council will be with the General Manager.

During the assessment period, IPART officers are likely to contact the council with detailed queries about the application and supporting documents. Councils should provide details of the primary contact for such inquiries where this person is a council officer who is not the General Manager. Council officer contact details will be redacted before publication of this application.

#### **General Manager**

### Council email for inquiries about the SV application

Note: These contact details will be redacted before publication of the application.

#### Important information

#### Submitting online

Applications must be submitted through the Council portal by close of business on Friday, 3 February 2023.

- A file size limit of 10MB applies to the Part B Application Form.
- For supporting documents (Attachments) a file size limit of 400MB applies to public documents, and another 200MB to confidential documents.

#### **Confidential content**

We will publish all applications (excluding confidential content) on our website. Examples of confidential content are those parts of a document which disclose the personal identity or other personal information pertaining to a member of the public, a document such as a council working document that does not have formal status, or document which includes commercial-in-confidence content.

Councils should ensure supporting documents are redacted to remove confidential content where possible, or clearly marked as CONFIDENTAL.

#### Publishing the council's application

Councils should also publish their application on their own website for the community to access.

#### Service Level Impacts identified April 2022

The following table outlines the potential impacts of the three scenarios modelled in the long-term financial plan adopted in June 2022. This is not the long-term financial plan used to underpin the recent community consultation. The original document was included in the business paper for Council's 5 May 2022 extraordinary meeting. Scenario 1 below is equivalent to the current option 3, that is continuing on the current path with no special rate variation. Scenario 3 below represents a one-of 18.4% special rate variation and is the closest scenario to the option 4 proposed in the notice of motion.

Under each scenario there are different levels of resources available. To provide a sustainable service the Council needs to invest sufficient money to replace the infrastructure at the end of its life, undertake appropriate preventative maintenance to ensure the infrastructure lasts as long as it should and cover the operating costs of services provided.

It has been assumed that transport infrastructure is the highest priority and funds are diverted under each scenario to ensure sufficient funds are available to properly manage that service. The impact has been spread over a range of services to minimise the impacts. There are many ways that the changes can be implemented and the councillors will need to consider the communities views as to what are the lower priorities. The last community survey included a question on the importance of services. The priorities are included at the end of this attachment. This listing was used as the basis of adding back services to be funded by the additional funds provided by the increased investment made under scenario 3. Under scenario 3, where the organisation grows by 4% it will not be possible to decrease the cost of support services to the same degree as incorporated under scenario 1.

Service	Scenario 1	Scenario 2	Scenario 3
Executive Services	Costs to be reduced by 20%. Will lead to Council not having in place skillsets either in strategy, communications, workforce management or finance. This will impact on the ability of the Council to implement change, as has been evident to date with the vacancies in existence.	No change. Increased work absorbed into the current resources as only impacts on lower levels of management.	No change. Increased work absorbed into the current resources as only impacts on lower levels of management.
Biosecurity	Reduce roadside inspections from 3,309km to 2,000km. Reduce properties inspected from 1,600 per year to 950 and focus on high risk properties.	No change.	No change.

Service	Scenario 1	Scenario 2	Scenario 3
	Focus on new high risk weeks such as Orange Hawkweed and not established weeds. Reduced roadside spraying by 40%.

#### 13.1 QUESTION WITH NOTICE - ASSET ACCOUNTING

# 13.1 QUESTION WITH NOTICE - ASSET ACCOUNTING

Record No: 123/50

# **OFFICER'S RECOMMENDATION**

That the response to the questions:

- A. When did Asset Accounting for local Councils begin; and
- B. Since the beginning, what is the accrued operating results for this regional Council and the three former Shire Councils?

be noted.

# **QUESTION BY:** Councillor Craig Mitchell

# QUESTION

- A. When did Asset Accounting for local Councils begin; and
- B. Since the beginning, what is the accrued operating results for this regional Council and the three former Shire Councils?

# **RESPONSIBLE OFFICER:** Chief Financial Officer

# RESPONSE

# A. When did Asset Accounting for local Councils begin?

The requirement for asset revaluations for NSW Councils was implemented in approximately 2006. This followed Queensland Councils who had been undertaking asset revaluations since 1993 when local governments moved to accrual accounting. Victoria also implemented around the same time. The impact of rate capping subsequently became clear and the then State Government dropped rate capping.

Councils have an obligation to deliver appropriate services, at an appropriate level, to the community in the long term in the most effective manner.

As they control very large asset portfolios with very long useful lives it is critical that they develop robust asset management plans which includes appropriate cash flow projections to meet both maintenance and renewal or replacement.

As assets age the cost of both increases exponentially. To ensure funds are available when needed, and each generation pays its fair share, it is critical that council deliver a net surplus and put funds aside for when needed.

If councils deliver deficits there will be no funds available when required which in turn will negatively impact the number and quality of services delivered to the community. In simple terms, council becomes unsustainable.

# B. Since the beginning, what is the accrued operating results for this regional Council and the three former Shire Councils?

Attached is a spreadsheet showing the operation result for Snowy Monaro Regional Council and the former 3 councils going back as far as I have data for.

# 14. CONFIDENTIAL MATTERS

In accordance with Section 10A(2) of the Local Government Act 1993, Council can exclude members of the public from the meeting and go into Closed Session to consider confidential matters, if those matters involve:

- (a) personnel matters concerning particular individuals; or
- (b) the personal hardship of any resident or ratepayer; or
- (c) information that would, if disclosed, confer a commercial advantage on a person with whom the council is conducting (or proposes to conduct) business; or
- (d) commercial information of a confidential nature that would, if disclosed;
- (i) prejudice the commercial position of the person who supplied it, or
- (ii) confer a commercial advantage on a competitor of the council, or
- (iii) reveal a trade secret,
- (e) information that would, if disclosed, prejudice the maintenance of law; or
- (f) matters affecting the security of the council, councillors, council staff or council property; or
- (g) advice concerning litigation, or advice that would otherwise be privileged from production in legal proceedings on the ground of legal professional privilege or information concerning the nature and location of a place; or
- (h) an item of Aboriginal significance on community land.

and Council considers that the closure of that part of the meeting for the receipt or discussion of the nominated items or information relating thereto is necessary to preserve the relevant confidentiality, privilege or security of such information, and discussion of the material in open session would be contrary to the public interest.

In accordance with Section 10A(4) of the Local Government Act 1993 the Chairperson will invite members of the public to make verbal representations to the Council on whether the meeting should be closed to consider confidential matters.

# RECOMMENDATION

1. THAT pursuant to Section 10A subsections 2 & 3 and Section 10B of the Local Government Act, 1993 (as amended) the following items on the agenda for the Ordinary Council meeting be dealt with in Closed Session for the reasons specified below:

# 14.1 Legal Actions and Potential Claims Against SMRC as at 31 January 2023

Item 14.1 is confidential in accordance with s10(A)(2)(e) of the Local Government Act because it contains information that would, if disclosed, prejudice the maintenance of law and discussion of the matter in an open meeting would be, on balance, contrary to the public interest.

- 2. The press and public be excluded from the proceedings of the Council in Closed Session on the basis that these items are considered to be of a confidential nature.
- 3. That the Minutes and Business Papers including any reports, correspondence, documentation or information relating to such matter be treated as confidential and be withheld from access by the press and public, until such time as the Council resolves that the reason for confidentiality has passed or become irrelevant.
- 4. That the resolutions made by the Council in Closed Session be recorded in the Minutes of the Council Meeting.
- 5. That upon this recommendation being moved and seconded, the Chairperson invite representations from the public as to whether this part of the meeting should be closed to consider the nominated item.
