Q: What is a Community Strategic Plan and why is it important?

A: All Councils in NSW are required to adhere to the Integrated Planning and Reporting (IP&R) Framework. In essence, the IP&R Framework begins with the community's aspirations for the future, not Council's. It includes a suite of integrated plans that set out a vision, goals and strategic actions to achieve them.

Q: Why does the council create the plan?

A: Council leads the development of the plan on behalf of our community. We take your feedback, collate it and present it to the newly elected Council to help them determine their priorities for their term in office. We have a custodial role in initiating, preparing and maintaining the Community Strategic Plan on behalf of Snowy Monaro Regional Council, but we are not wholly responsible for its implementation. Other partners, such as state agencies and community groups will also be involved in delivering the long-term objectives of the plan.
