**Funding Details** Please note how your project addresses one or more of the funding priorities listed below. If your project has other merits these should also be noted to assist the assessment process. Provide further information on additional pages if required.

The funded component of work can be clearly quantified and the project partners have the capacity and commitment to complete the project within the grant timeframes.	
The project is for urgent works to arrest decay of significant fabric or reinstate the integrity of the item.	
The project conserves historic building fabric (as opposed to replacement of historic items with new material).	
Where replacement is necessary, new material will closely follow the original (eg galvanised iron roofing will not be replaced with Colorbond or Zinalume).	
The funded component of work is readily visible to the public (eg replacement of a verandah).	
The conservation work will lead to the long-term survival of unique, distinctive or special aspects of Snowy-Monaro's history.	
The project enhances an historic streetscape.	

**Applicant's Declaration**

---

I confirm all the information provided in this project application is true and correct to the best of my knowledge.

---

I confirm I have discussed my project with Council's Planning Officer and/or Council's Heritage Advisor, who has undertaken a site inspection, prior to lodging this Application.

---

I acknowledge that I may need to arrange Council or Heritage Act approvals for these works, apart from lodging this funding Application.

---

I have attached all required information (plans/sketches/photographs/two quotes) (or as separate electronic files)

---

I agree to complete my project/work and claim my project funding by **21 April 2023**.
